Report of Independent Auditors

The Plan Administrative Committee of
Cohu, Inc. Employees' Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cohu, Inc. Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cohu, Inc. Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cohu, Inc. Employees' Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cohu, Inc. Employees' Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cohu, Inc. Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cohu, Inc. Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cohu, Inc. Employees' Retirement Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Cohu, Inc. Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the provisions of the Plan.

General – The Plan is a defined-contribution plan covering certain employees of Cohu, Inc. (the "Company") and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as its administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan and make elective deferrals upon hire. Participant elective deferrals may begin on the first day of the month following eligibility. Employees who are automatically enrolled contribute 6 percent of pre-tax annual compensation to the Plan. Participants are eligible for employer contributions the first day of the month following their date of hire.

Contributions – Each year, participants may contribute between 1 to 100 percent of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may elect to make discretionary matching contributions to the Plan. There was \$2,481,972 in employer-matching contributions for the year ended December 31, 2022. Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions; and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – All employee contributions to the Plan and earnings thereon are immediately fully vested. Participants are vested immediately in the Company's contributions, plus actual earnings thereon.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is forfeited upon termination of employment. Forfeitures are retained in the Plan and will be used to pay plan administrative expenses or to offset employer-matching contributions. During the year ended December 31, 2022, \$5,348 in forfeitures were used to pay administrative expenses and \$7,517 were used to reduce employer contributions.

Cohu, Inc. Employees' Retirement Plan

Notes to Financial Statements

Notes receivable from participants – The Plan allows participants to obtain loans from their individual accounts. Participants may borrow up to \$50,000 or 50 percent of their account balance whichever is less, subject to a minimum loan of \$1,000 and Internal Revenue Service (IRS) limitations. Loans have terms from one to five years and bear interest based on rates established by the plan administrator. Principal and interest are paid ratably through payroll deductions or by prepayment in a lump sum. A participant may not have more than one loan outstanding at any time. A participant may prepay a loan at any time without penalty. A participant's loan is repayable within a maximum of five years, or immediately upon termination of employment, unless the loan is for the purchase of a primary residence, for which the term of the loan will provide for repayment over a period consistent with commercial home loan practices. Loans are secured by the remaining balance of the participant's account balance. As of December 31, 2022, the rates of interest on outstanding loans ranged from 4.25 to 9.25 percent, with various maturities through June 2030.

Payment of benefits – Upon termination of service due to death, disability, or retirement, the participant or participant's beneficiary is entitled to the full amount of his or her account as valued on the applicable valuation date. In the event of a participant's death, distribution of the participant's account balance will be made as soon as administratively practicable upon the receipt of appropriate documentation from the designated beneficiary. Distributions for reasons of retirement, permanent disability, or termination will be made upon written request.

CARES Act – In April 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted and included both mandatory and option provisions for 401(k) defined-contribution plans. The Plan enabled participants to take coronavirus-related distributions of up to \$100,000 (not to exceed the participant's account balance) from their retirement plan without a 10 percent early withdrawal penalty. Any restrictions based on the participants age or length of the participation in the Plan, or how long the contributions were in the Plan will not apply to CARES Act distributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, Principal Trust Company, certifies the contract value of the guaranteed investment contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Cohu, Inc. Employees' Retirement Plan

Notes to Financial Statements

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of the contract value of the guaranteed investment contract.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued. Effective February 10, 2023, the Plan was amended to allow the eligible employees of MCT Worldwide LLC, an acquired business of the Company in January 2023, to participate in the Plan.

Note 3 – Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Cohu, Inc. Employees' Retirement Plan

Notes to Financial Statements

Level 2 – Inputs to the valuation methodology that include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds – Shares of publicly traded mutual funds are valued at the net asset value of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

The following tables disclose by level the fair value hierarchy of the Plan's assets at fair value as of December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 200,643,933	\$ -	\$ -	\$ 200,643,933
Total assets in the fair value hierarchy	<u>\$ 200,643,933</u>	<u>\$ -</u>	<u>\$ -</u>	<u>200,643,933</u>
Investments at fair value				<u>\$ 200,643,933</u>
Investment Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$253,700,131	\$ -	\$ -	\$ 253,700,131
Total assets in the fair value hierarchy	<u>\$ 253,700,131</u>	<u>\$ -</u>	<u>\$ -</u>	<u>253,700,131</u>
Investments at fair value				<u>\$ 253,700,131</u>

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Cohu, Inc. Employees' Retirement Plan

Notes to Financial Statements

Note 4 – Guaranteed Investment Contract with Principal Life Insurance Company

The Plan has entered into a fully benefit-responsive investment contract (FBRIC) with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The FBRIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on an annual basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the FBRIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the FBRIC. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5 – Tax Status

The Plan Document is a volume submitter defined-contribution plan that received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Cohu, Inc. Employees' Retirement Plan

Notes to Financial Statements

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near-term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the custodian of the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, has certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 8 – Party-in-Interest Transactions

Plan investments include units of mutual funds and guaranteed investment contracts managed by Principal Financial Group. Principal Trust Company is the custodian of the Plan and an affiliate of Principal Financial Group, and therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid to Principal Financial Group are also considered exempt party-in-interest transactions. Total fees paid by the Plan for investment management services were \$20,814 for the year ended December 31, 2022. Total fees paid by the Plan for administrative services to the plan sponsor were \$17,075 for the year ended December 31, 2022.

Principal Financial Group receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Principal Financial Group for its administrative services to the Plan. If the revenue received from such mutual fund service providers exceeds the amount due to Principal Financial Group, they remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, \$37,871 was applied to Plan administrative expenses and shown as other income. No amounts were allocated to participant accounts.

Cohu, Inc. Employees' Retirement Plan

Notes to Financial Statements

Note 9 – Reconciliation to Form 5500

Form 5500, which is filed with the DOL, has certain items of income that differ from the amounts shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022. These differences relate to classification only and have no effect on net assets available for benefits.

Note 10 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time.
