Independent Auditor's Report

Plan Administrator
Dodge Construction Network 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dodge Construction Network 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dodge Construction Network 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Dodge Construction Network 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on January 1, 1963, covering all eligible employees of Contractors Register, Inc. The Charles Schwab Trust Company (the Directed Trustee), a division of Charles Schwab Bank, serves as the directed trustee to the Plan. The Directed Trustee is only permitted to invest the assets of the Plan as directed by the Plan Administrator, the Plan Sponsor, or another named fiduciary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986 (IRC), as amended.

On April 14, 2021, Contractor's Register, Inc. closed on a stock purchase agreement in which the shareholders of Contractor's Register, Inc. sold 100% of Contractor's Register, Inc.'s capital stock, and all the rights, title and interest in the shares, to Dodge, Data & Analytics, LLC.

Effective January 1, 2022, the Plan was restated and renamed from Contractors Register, Inc. 401(k) Savings Plan to Dodge Construction Network 401(k) Savings Plan. The plan sponsor changed from Contractors Register, Inc. to Dodge, Data & Analytics, LLC and Dodge, Data & Analytics, LLC employees became eligible to start contributing to the Dodge Construction Network 401(k) Savings Plan. The amendment modified certain distributions and provided for certain protective benefits in connection with the Dodge, Data & Analytics, LLC employees joining the Dodge Construction Network 401(k) Savings Plan effective January 1, 2022.

On February 23, 2022, Dodge Data & Analytics, LLC changed its name to Dodge Construction Network, LLC.

Effective March 1, 2022, the Plan was amended to change the plan sponsor's name to Dodge Construction Network, LLC (the Plan Sponsor).

Effective March 1, 2022, the Dodge Data & Analytics LLC 401k Savings Plan merged into the Dodge Construction Network 401(k) Savings Plan. The Plan received a transfer in of assets of \$34,277,489.

Eligibility: Employees who have attained the age of 18 are eligible to contribute on the first day of the month following one full month of service. Temporary employees are excluded from participation in the Plan. Employees are eligible for matching and discretionary contributions if they've completed at least 1,000 hours of service.

Contributions: Participants may contribute up to the maximum percentage of compensation or dollar amount permissible under Section 402(g) of the IRC, not to exceed limits of IRC Sections 401(k), 404 and 415. Contributions are invested in various investment options as directed by the participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Effective January 1, 2022, the Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. The Plan also include an automatic savings increase provision whereby a participant's salary deferral election will be increased by 1% each January 1st to a maximum of 15%.

Note 1. Description of Plan (Continued)

The Plan Sponsor matches 100% of the participant's contributions to the Plan up to 1% of compensation plus 50% of the participant's contributions that exceed 1% of compensation up to 6% of compensation. The Plan Sponsor may make a discretionary contribution to the Plan, pro-rata based on the compensation of all benefiting participants. The Plan Sponsor did not authorize discretionary contributions for the years ended December 31, 2022 and 2021.

Participant accounts: Each participant's account is credited with the participant's contribution, the Plan Sponsor's matching and discretionary contributions, and Plan earnings on such contributions and is charged with an allocation of administrative expenses. Upon enrollment in the Plan and anytime thereafter, participants may elect from among several investment vehicles offered by the Plan to which contributions on their behalf shall be directed. The benefit to which a participant is entitled is represented by the vested balance in the participant's account.

Vesting: Participants are immediately vested in their contributions and actual earnings thereon. Effective January 1, 2022, the Plan Sponsor's matching contributions vest 100% at two years of service and discretionary contributions vest 100% at three years of service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) 50% of the participant's vested account balance. The loans are secured by the balance in the participant's accounts and bear interest at a rate commensurate with market rates for similar loans. Principal and interest are paid ratably through payroll deductions over a period of five years or less, unless the withdrawal was for the purchase of a primary residence, in which case the period can be extended to 10 years. Participants can have no more than two loans outstanding at any given time. At December 31, 2022, the interest rate on outstanding loans ranged from 3.25% to 9.00%, maturing on various dates through June 2031.

Payment of benefits: Upon termination of service due to death, disability or retirement, participants or their beneficiaries may elect to receive 100% of the participant's account balance in either a lump-sum amount or in annual installments over a period of years in accordance with the Plan document. For termination of service due to other reasons, participants may elect to receive the value of their account balance in a lump-sum distribution, in equal installments, or as a direct rollover to another qualified plan. Benefits are recorded when paid. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2022 or 2021.

Administrative expenses: Administrative expenses consist of transaction fees which are paid by the participants by reducing the account balances of those participants initiating the transactions. For the year ended December 31, 2022, such expenses amounted to \$49,494. Administrative expenses also consist of other recordkeeping fees which amounted to \$61,657 for the year ended December 31, 2022.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts were \$40,122 and \$708, respectively. These accounts are used to reduce future employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan were prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Dodge Construction Network 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. During the year ended December 31, 2022, participants defaulted on notes receivable amounting to \$499,823. The Directed Trustee has issued 1099s to the participants to report the income generated from the defaulted notes receivable balances.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair value measurement: Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under the standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 3. Risks and Uncertainties

The Plan invests in various investment options in combinations of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the related statement of changes in net assets available for benefits.

Note 4. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their account.

Note 5. Tax Status

The Plan uses a prototype plan document sponsored by the Directed Trustee, which received an opinion letter from the Internal Revenue Service (IRS) dated September 21, 2020, stating that the prototype document satisfied the provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the Plan has been amended since the date of the opinion letter received by the Directed Trustee. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of such code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related-Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Plan Sponsor.

Certain Plan investments are invested in registered investment companies and common collective trusts managed by the Directed Trustee of the Plan. Accordingly, these transactions qualify as party-in-interest transactions.

A Plan expense account was established to hold revenue-sharing funds received from Charles Schwab, pursuant to an agreement. During the years ended December 31, 2022 and 2021, the Plan received \$0 and \$8,790, respectively, from the Directed Trustee, which was paid into an account held by the Plan. Additionally, the Plan paid out of this account \$23,536 and \$0 in fees for direct expenses attributable to the Plan during the years ended December 31, 2022 and 2021, respectively.

Note 7. Fair Value Measurements

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Description	December 31, 2022			
	Total	Level 1	Level 2	Level 3
Assets in fair value hierarchy:				
Mutual funds	\$ 89,521,906	\$ 89,521,906	\$ -	\$ -
Total assets in fair value hierarchy	89,521,906	\$ 89,521,906	\$ -	\$ -
Assets measured at net asset value ⁽¹⁾	15,761,212			
Total assets at fair value	<u>\$ 105,283,118</u>			

Description	December 31, 2021			
	Total	Level 1	Level 2	Level 3
Assets in fair value hierarchy:				
Mutual funds	\$ 98,238,077	\$ 98,238,077	\$ -	\$ -
Total assets in fair value hierarchy	98,238,077	\$ 98,238,077	\$ -	\$ -
Assets measured at net asset value ⁽¹⁾	18,506,504			
Total assets at fair value	<u>\$ 116,744,581</u>			

(1) Includes stable value fund and balanced target date funds which are measured at net asset value (NAV) as a practical expedient and are not classified in the fair value hierarchy. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The fair value amounts presented in these tables are shown for the purpose of reconciling to the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing prices as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Stable value fund is a diversified portfolio of publicly traded fixed-income instruments. The current average credit quality of the underlying fixed-income investments is AAA and is benchmarked to the Prudential Core Conservative Bond Fund. These investments are available to be redeemed immediately, and there are no redemption restrictions or notice periods required. There were no unfunded commitments as of December 31, 2022 and 2021.

Balanced target date funds: Balanced target date funds are made up of a wide variety of underlying investments such as equities, preferred stock, bonds and mutual funds. The majority of the underlying securities have observable quoted pricing inputs; however, the NAV is not publicly quoted.

There were no significant transfers between Levels 1, 2 and 3 during the years ended December 31, 2022 and 2021.

Note 7. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8. Net Asset Value Per Share

The following tables set forth a summary of the Plan's investments with a NAV per share at December 31, 2022 and 2021:

Fair Value Estimated Using NAV Per Share at December 31, 2022					
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trust fund:					
Stable value fund	<u>\$ 15,761,212</u>	<u>\$ -</u>	Daily	None	None

Fair Value Estimated Using NAV Per Share at December 31, 2021					
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period

Note 9. Information Certified By The Directed Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the Directed Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Directed Trustee that information provided to the Plan Administrator by the Directed Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets at December 31:

Interest on notes receivable from participants	<u>\$ 52,607</u>	<u>\$ 96,231</u>

Note 10. Subsequent Events

The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 6, 2023, for these financial statements.

Effective April 5, 2023, the Plan was amended to allow service with Principia Consulting LLC to be credited when determining eligibility to participate in the Plan and determining vested interests in accounts. Additionally, Principia Consulting 401(k) was merged into the Plan effective April 5, 2023. The Plan received a transfer in of assets of \$477,232.
