INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Generations Healthcare, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed the audits of the financial statements of the Generations Healthcare, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months from the date these financial statements were issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Generations Healthcare, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees (excluding union employees unless there is no other pension benefit offered through the Union that the Company contributes to, and employees who work exclusively as per diem employees) of Life Generations Healthcare, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 21 years of age are eligible to participate in the Plan on January 1 or July 1 following the completion of 3 months of service.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100% of eligible pre-tax or post-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary matching and/or profit sharing contributions to the Plan as determined each year by Company management. For the year ended December 31, 2022, the Company elected not to make any discretionary matching or profit sharing contributions. Participants must be actively employed on the last day of the plan year to receive Company contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, if any, and allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's eligible compensation, participant contributions, investment elections, specific participant transactions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial withdrawals. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's matching and/or profit sharing contributions plus actual earnings thereon, becomes 25% vested following a full year of service, as defined, and continues to vest at the rate of 25% for each successive year of service until 100% vested after four (4) years of service, attaining normal retirement age, death or disability.

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and used first to pay Plan expenses, then to reduce future Company contributions. As of December 31, 2022 and 2021, the amount of available forfeitures totaled \$12,743 and \$9,601, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any given time.

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses.

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

3. FAIR VALUE MEASUREMENTS – (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Description	Total	Level 1	Level 2	Level 3
<u>December 31, 2022</u>				
Registered investment companies	\$ 46,391,719	\$ 46,391,719	\$ -	\$ -
Total investments at fair value	<u>\$ 46,391,719</u>	<u>\$ 46,391,719</u>	<u>\$ -</u>	<u>\$ -</u>
<u>December 31, 2021</u>				
Registered investment companies	\$ 53,350,956	\$ 53,350,956	\$ -	\$ -
Total investments at fair value	<u>\$ 53,350,956</u>	<u>\$ 53,350,956</u>	<u>\$ -</u>	<u>\$ -</u>

In regard to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended December 31, 2022.

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively referred to as Empower, formerly known as Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC), the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year).

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds assets in a benefit-responsive investment contract with Empower Annuity Insurance Company of America. This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY – (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Plan's ability to receive amounts due in accordance with this contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be altered by future economic and regulatory developments.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) A breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the contract issuer.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan has since been amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS.

GENERATIONS HEALTHCARE, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

7. TAX STATUS – (Continued)

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Empower, the custodians of the Plan. The Plan paid \$336,021 in net contract administration fees to Plan service providers during 2022. WFY reviewed the updated Schedule H and noted that all requested changes were made. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

For the year ended December 31, 2022, in connection with a fee sharing agreement with Empower, the Plan received credits of \$24,756 to be used to pay certain administrative expenses of the Plan. The credits are netted with plan fees and administrative expenses in the accompanying statement of changes in net assets available for benefits. The Plan had credits of \$45,257 and \$20,167 available to offset future plan expenses or allocate to participants as of December 31, 2022 and December 31, 2021, respectively.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

Certain classifications of income and expenses have been reported differently on the Form 5500 than in the financial statements. The corrective distributions of \$23,892 to participants are shown net of participant contributions on the financial statements. Corrective distributions of \$23,892 are reported under the expenses section on the Form 5500. In addition, \$24,756 in plan expense reimbursement credits are shown net of plan fees and administrative expenses on the financial statements. Other income of \$24,756 is reported under the income section on the Form 5500.
