Report of Independent Auditors

Plan Administrator

LSB Industries, Inc. 401(k) Plan

Opinion

We have audited the financial statements of LSB Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s

provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31,

2022 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

LSB INDUSTRIES, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the LSB Industries, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of LSB Industries, Inc. (LSB) and designated subsidiaries (collectively, the Company) who have at least 30 days of service and are at least 18 years old, except for nonresident aliens, leased employees, independent contractors, and employees covered by certain collective bargaining agreements. Employees covered by a collective bargaining agreement may be included in the Plan if such bargaining agreement requires coverage under the Plan. The Plan is designed to provide for a deferred compensation arrangement of the type described in Section 401(k) of the Internal Revenue Code (IRC). The purpose of the Plan is to provide retirement benefits and permit employees to systematically save a portion of their compensation and defer income taxes on that portion. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan provides for automatic deferrals, except that any employees who are covered by a collective bargaining agreement at any facility are excluded from the Plan's automatic deferral provisions. Participants are deemed to have elected to contribute 5% of their compensation to the Plan, unless the participant elected a different percentage, or elected not to participate. The Plan also includes an automatic escalation deferral amount of 1% annually, up to a maximum of 10% of compensation. Employees who are covered by a collective bargaining agreement at any facility are subject to the terms of the collective bargaining agreement, including any terms related to automatic deferrals, as these terms are incorporated into the Plan. During 2022, there were three 3-year collective bargaining agreements successfully ratified. Approximately 32% of our workforce is covered by these collective bargaining agreements as of December 31, 2022.

Plan Administration

The Plan Administrator is the LSB Industries, Inc. 401(k) Committee (Plan Administrator) appointed by the Company. The Plan's trustee and recordkeeper is Vanguard Fiduciary Trust Company (Vanguard). The Plan's investment advisor is IMA Wealth, Inc.

1. Description of Plan (continued)

Contributions

Each year, participants may contribute from 0% to 75% of pretax annual compensation, as defined in the Plan, subject to certain other limitations. Participants who attain age 50 before the end of the Plan year may also make catch-up contributions. Participants may contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The Plan allows for certain participants to receive Company matching and/or discretionary contributions. Both the matching contribution and the separate discretionary contribution may vary by business location.

The Company made matching contributions at the El Dorado Chemical Company facility (the EDC Facility) and the Cherokee Nitrogen L.L.C. facility (the CNC Facility) as required by collective bargaining agreements effective during the Plan year, January 1, 2022 through December 31, 2022.

The Company made matching contributions for employees at the EDC Facility covered by an International Association of Machinists and Aerospace Workers (IAMAW) collective bargaining agreement at a rate of fifty cents (\$0.50) per one dollar (\$1.00) up to 4% of the employees' contribution. The Company also made matching contributions for employees at the EDC Facility covered by a United Steelworkers of America International Union (USW) collective bargaining agreement at a rate of fifty cents (\$0.50) per one dollar (\$1.00) up to 6% of the employees' contribution. The matching rates were subsequently revised in 2022 in conjunction with a renegotiation of both the USW and IAMAW collective bargaining agreements. The revised matching rate, which was the same under the renegotiated USW and IAMAW collective bargaining agreements was fifty cents (\$0.50) per one dollar (\$1.00) for all worked hours plus all PTO hours used up to 6% of base earnings. Base earnings is defined as regular hourly payrate. The updated matching was effective on the third payroll after ratification, which was March 18, 2022, and August 19, 2022, for the USW and IAMAW collective bargaining agreements, respectively.

The Company made matching contributions for employees at the CNC Facility covered by a USW collective bargaining agreement at a rate of fifty cents (\$0.50) per one dollar (\$1.00) up to 4.5% of the employee's annual base rate earnings. Annual base rate earnings is defined as regular hourly pay rate multiplied by 80 hours for a payroll cycle. During 2022, the Company renegotiated the USW collective bargaining agreement, which resulted in, among others, a revised matching rate of fifty cents (\$0.50) per one dollar (\$1.00) up to 5% of the employee's earnings based on total hours worked including paid time off. The updated matching was effective beginning November 12, 2022.

With respect to all other employees that are not covered by a collective bargaining agreement, the Company made discretionary matching contributions of (\$0.50) on the dollar of the employee's contribution for up to 6% of each participating employee's earnings from January 1, 2022 through February 17, 2022. Starting with the first payroll period in March 2022, the Company changed its discretionary matching contributions to (\$0.50) per one dollar (\$1.00) up to 8% of each participating employee's earnings.

1. Description of Plan (continued)

All employees eligible to participate in the Plan are also eligible for employer-matching contributions.

The Company did not make profit-sharing contributions for any of its employees in 2022.

All contributions are subject to certain limitations of the IRC.

Participant Accounts

Each participant in the Plan has his or her unique account. Each participant's account receives the participant and Company contributions and an allocation of investment earnings and losses and charged with any benefits paid. Allocations are based on participant account investment balances, as defined in the Plan Document.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various investment options offered by the Plan. Participants may change their investment options daily. If no investment option is selected by the participant, the contributions are directed to the appropriate target-date fund based on the participant's age.

Vesting

Participants immediately vest in their contributions plus actual earnings and losses thereon. Employer matching and profit-sharing contributions made to all qualifying participants are 100% vested when made to the participant's account.

Participant Loans

Notes receivable from participants represent participant loans.

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The participant is responsible for loan application fees which range from \$50 to \$100, depending on the application method. The participant also pays an annual maintenance fee of \$25. Loan fees are subject to change periodically. Loan terms range from one to five years or more than five years for the purchase of a primary residence. Participants may have one outstanding loan at a time. The Participant's remaining account balance secures their loan. The loans bear interest at a rate commensurate with local prevailing rates. Principal and interest are remitted ratably to the Plan through biweekly payroll deductions.

1. Description of Plan (continued)

Payment of Benefits

When entitled to a distribution, a participant may receive a lump-sum payment equal to the value of his or her account, equal installments, or partial withdrawals. In the event of death, the beneficiary may receive a distribution. Withdrawals by the Participant for hardships as defined in the Plan Document are permissible. Participants may request an in-service distribution upon attainment of age 59 ½ or hardship.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan may include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Participants' accounts will be allocated fees related to distributions, installments, qualified domestic relation order, hardship loans, etc. The Company may pay all other administrative expenses of the Plan. Expenses that are paid by the Company are excluded from these financial statements.

Forfeiture balance

The forfeiture balance, which is included in Plan assets, primarily consists of amounts resulting from corrections to overmatched participants. The balance was \$150,364 and \$296,763 at December 31, 2022 and 2021, respectively. The year-over-year reduction in the balance was primarily due to funds in the account being used for Company matching of contributions. The Plan Administrator will allocate the forfeited funds in accordance with the terms of the Plan and applicable law.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Benefits paid to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risk and Uncertainties

The Plan provides for participant-directed investment of their voluntary contributions and Company contributions in various investment securities. Investments are subject to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Shares of mutual funds are valued at published market prices, which represent the net asset values of shares held by the Plan at year end.

The Plan holds an investment in a Common Collective Trust (CCT). The CCT publishes a daily Net Asset Value (NAV) per unit and the daily NAV is available to the Plan. The Plan determines that the investment in the CCT has a readily determinable fair value because the investment is in a structure similar to a mutual fund in which the fair value per unit is determined and published and is the basis for current transactions. The Plan measures the investment at the published NAV because it concludes that the quoted NAV per unit represents the price at which the investment would be sold in transactions between independent market participants. Therefore, the Plan includes the investment in its fair value measurement disclosures, including the fair value hierarchy table.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make a note repayment and the Plan Administrator deems the note to be a distribution, the note receivable balance is reduced, and a benefit payment is recorded.

3. Fair Value Measurements

Inputs used in the valuation techniques to derive fair value are classified based on a three-level hierarchy that prioritizes the inputs used in the valuation techniques to derive fair values. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Quoted prices in active markets for identical securities.

Level 2: Other significant observable inputs, including, but not limited to, quoted prices for similar securities, interest rates, prepayment speeds, and credit risk.

Level 3: Significant unobservable inputs.

The table below provides a summary of the assets in the Plan that are measured at fair value on a recurring basis:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$38,855,504	\$ -	\$ -	\$38,855,504

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 13, 2023, stating that the Plan is qualified under Section 401 of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that would more likely than not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Related-Party and Party-in-Interest Transactions

Vanguard manages certain investments of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

6. Subsequent Events

LSB is increasing its 401(k) match to all employees who are not covered by a collective bargaining agreement beginning with the April 14, 2023 pay date. The Company will now match one dollar (\$1.00) for every dollar, up to 5% of pre-tax earnings.

Management has reviewed subsequent events through October 12, 2023, the date the financial statements were available to be issued.
