Independent Auditor's Report

Plan Committee
Liberty Administrative Services 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Liberty Administrative Services 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Liberty Administrative Services 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Liberty Administrative Services 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to provide retirement benefits for all employees of Liberty Administrative Services, LLC (the Sponsor) who are eligible as defined. The Plan and the Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Sponsor who have completed 30 days of services and have reached 21 years of age are eligible to participate in the Plan on the first day of the month following completion of the service requirements.

Contributions: Each year, participants may elect to contribute up to 90% of pretax annual compensation, as defined in the Plan, up to a maximum amount allowable under the IRC. In addition, participants may contribute rollover amounts representing a direct distribution from other qualified retirement plans. Participants aged 50 and over may also make an additional tax-deferred catch-up contribution of \$6,500 for the year ended December 31, 2022.

The Sponsor makes matching contributions equal to 50% of the participants' elective deferrals, but not more than 6% of eligible compensation. The Sponsor may also, at its sole discretion, make a discretionary profit sharing contribution to the Plan.

Participants' accounts: Each participant's account is credited, or charged, with the participant's contributions, Sponsor matching contributions, an allocation of Sponsor discretionary contributions, if any, transfers, withdrawals and an allocation of Plan earnings and losses. Allocations are based on a participant's account balance and the percent each participant's compensation bears to the total compensation of all participants, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Sponsor's matching contribution portion of their accounts is based on years of continuous service. The portion of a participant's account attributable to the Sponsor's matching contributions vest as shown below:

Full Years of Vesting Service	Percent Vested
Less than 1 year	0%
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year.

Liberty Administrative Services 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000, or 50% of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Any outstanding balance of a loan at the time of any distribution due to death, retirement or termination of employment shall be deducted from the amount which would otherwise have been payable to the participant.

Payment of benefits: Upon termination of service due to retirement or disability, a participant could elect to receive a lump-sum amount equal to the value of his or her account, or monthly distributions over his/her life expectancy. In the event of death of the participant, the value of the account would be paid to the spouse or other named beneficiary in a lump sum or may be elected to rollover a lump-sum distribution to another qualified retirement plan. In the event of termination for any reason other than retirement, death or disability, if the participant's vested balance is less than \$5,000, the entire vested balance of the participant's account, as valued on the day coinciding with or following the date of termination of employment, is required to be paid to the participant as a lump-sum distribution. If the vested balance is greater than \$5,000, the participant has the option not to receive a distribution and, therefore, the balance remains in the Plan until requested by the participant.

Participants may make withdrawals from the Plan in cases of hardship, as defined in the Plan.

Plan participant forfeitures: All unvested employer contributions are forfeited by the participant at time of termination of employment. Participant forfeitures are used first for the payment of Plan administrative expenses and second, to reduce employer contributions. At December 31, 2022 and 2021, there were \$140,181 and \$109,390, respectively, of unallocated, forfeited, nonvested accounts. During the year ended December 31, 2021, no forfeitures were used to pay administrative expenses or reduce employer contributions.

Administrative expenses: Management fees related to investments are allocated to participants' accounts and offset against gains and losses. All other expenses are paid by the Sponsor.

Plan termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Liberty Administrative Services 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits could be materially affected in the near-term.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Note 3. Information Certified and Provided by Reliance Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Mutual funds	\$ 10,543,849	\$ 11,278,796
Money market fund	507,222	164,104
Total investments	<u>\$ 11,051,071</u>	<u>\$ 11,442,900</u>
Notes receivable from participants	<u>\$ 287,025</u>	<u>\$ 228,234</u>

Reliance Trust Company also certified to the completeness and accuracy of \$2,299,058 of net depreciation in fair value of investments, \$435,414 of dividends and \$10,979 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: The money market fund is valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,543,849	\$ -	\$ -	\$ 10,543,849
Investments measured at NAV (a)				507,222
Investments at fair value				<u>\$ 11,051,071</u>

Description	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,278,796	\$ -	\$ -	\$ 11,278,796
Investments measured at NAV (a)				164,104
Investments at fair value				<u>\$ 11,442,900</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the year ended December 31, 2022, there were no transfers in or out of Levels 1, 2 or 3.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value at		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Money market fund	<u>\$ 507,222</u>	<u>\$ 164,104</u>	None	Daily	None

Note 5. Federal Income Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to section 401(k) of the IRC and, accordingly, the Trust's net investment income is exempt from income tax.

The Plan adopted a standardized form of a prototype plan which has received an opinion letter from the Internal Revenue Service dated July 16, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Notes to Financial Statements

Note 6. Excess Contributions Payable

The Plan failed to pass the Average Deferral Percentage Test (ADP) for the 2021 Plan year with respect to certain highly compensated employees (HCEs), resulting in excess contributions made into the Plan. In order to correct the failure of the ADP test for the Plan year, federal law generally requires corrective distributions, refunding the excess contributions to participants no later than the end of the following plan year. The Plan recorded a liability of \$44,118 for the excess contributions as of December 31, 2021, which was repaid in 2022.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31	
	2022	2021
Net assets available for benefits per the financial statements	\$ 11,387,509	\$ 11,627,016

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (239,507)
Less current-year deemed distributions not in default	(51,076)
Less current-year contribution receivable	(49,413)
Less prior-year excess contributions payable	(44,118)
Plus prior-year deemed distributions not in default	48,623
Net decrease in net assets available for benefits per the Form 5500	<u>\$ (335,491)</u>

Note 8. Subsequent Events

The Plan has evaluated events through October 11, 2023, the date the financial statements were available to be issued.
