INDEPENDENT AUDITOR'S REPORT

To the Administrators and Participants of the
Dakota Red Corporation 401(k) Profit Sharing Plan
Cedar Rapids, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dakota Red Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dakota Red Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended, December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dakota Red Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Red Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dakota Red Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Red Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022, and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material aspects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material aspects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DAKOTA RED CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of the plan

The following brief description of the Dakota Red Corporation 401(k) Profit Sharing Plan (the “Plan”), a contributory defined contribution plan, is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

The Plan covers any employee of Dakota Red Corporation, King’s Material, Inc., Builder’s Transportation, Inc., Hawkeye Ready Mix, Inc., Midland Concrete Products, LLC (f/k/a Marquart Concrete Products, LLC) or Stone Concepts, LLC (collectively, the “Company” or “Plan Sponsor”) who is at least twenty-one years of age, has two months of service and is not covered by a collective bargaining agreement. There is a one year of service requirement for employer matching and profit sharing contributions. Employees become participants on the first day of the month immediately following meeting the age and service eligibility requirements. Employees begin receiving employer matching contributions on January 1, April 1, July 1, or October 1 immediately following meeting the eligibility requirements. Employees become eligible for profit sharing contributions on January 1 immediately following meeting the eligibility requirements. The plan allows participants to designate all or a portion of their elective deferrals as Roth elective deferrals. Roth elective deferrals are accounted for separately in the respective participant’s account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided fast and temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act were allowed to be effective and implemented immediately, prior to amending the plan document. Plan management elected to implement only the provision allowing required minimum distributions to be waived for 2020. The plan was formally amended on March 3, 2022 for this provision.

Contributions

The Plan is funded by contributions from participants in amounts up to 100% of eligible compensation limited to the maximum amount deductible by salary reduction under the Internal Revenue Code (“IRC”). The Plan includes an auto-enrollment provision which automatically enrolls eligible participants at 4% unless they make an alternative election or elect not to contribute. The Plan is a safe harbor plan and is funded by 100% matching contributions not to exceed 4% of the participant’s compensation for the Plan year and discretionary Company profit sharing contributions, limited to the maximum amount deductible under the IRC.

1. Description of the plan, continued

Contributions, continued

Participants must be employed on the last day of the plan year or must have more than 500 hours of service during the plan year to be eligible for the discretionary Company contributions. During the years ended December 31, 2022 and 2021, the Company made discretionary profit sharing contributions of \$629,606 and \$642,724, respectively. Participants may also rollover or transfer amounts representing distributions from other qualified retirement plans.

Participant accounts

Each participant's account is credited with participant contributions, an allocation of the Company's matching and discretionary contributions, forfeitures of terminated participants' nonvested accounts, an allocation of Plan earnings, an allocation of the excess in the Plan's expense account and is charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals, safe harbor matching contributions, and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service. A participant is 20% vested after one year of service, then vests 20% each year thereafter, becoming 100% vested after five years of service or upon the participant's death, disability, or attainment of normal retirement age, as defined in the Plan Agreement.

Investment options

Upon enrollment in the Plan, participants direct the investment of their contributions into any of the investment options offered by the Plan. Participants may change their investment options at their discretion and changes become effective on the next business day. The default investment for employees that are auto-enrolled and do not complete an investment direction form is a moderate risk portfolio based on the participant's age.

During 2021, Plan management made changes to the Plan's investment options. Any assets invested in the funds removed from the Plan were transferred to the corresponding existing or new fund, unless otherwise directed by the participant. These investment changes were made to provide additional diversification, achieve better long-term performance and reduce fees.

Forfeited accounts

During 2022 and 2021, forfeited nonvested accounts totaled \$11,570 and \$27,362, respectively. Forfeitures to the extent available may be used to pay Plan expenses and to reduce the Company's discretionary profit sharing contributions or other qualified employer contributions, including matching contributions. Forfeitures in the amount of \$9,938 and \$54, were used to pay Plan expenses during 2022 and 2021, respectively. The Plan recognized income of \$204 and \$100 on forfeitures balances during 2022 and 2021, respectively. As of December 31, 2022 and 2021, there were \$29,298 and \$27,462, respectively, in unallocated forfeitures available for future use.

1. Description of the plan, continued

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon retirement, death, disability, or termination of service, participants receive an amount equal to the value of their vested benefit. The Plan provides for a mandatory payment in the form of a joint and survivor annuity or a life annuity. Participants may waive payment by annuity and elect to receive their vested benefit in a lump-sum or in installments. Participants receive automatic lump-sum distributions for accounts with a value of \$1,000 or less. In addition, participants automatically have balances rolled into an individual retirement account for accounts with balances between \$1,000 and \$5,000 if no election form is completed. Distributions of balances less than \$5,000 are made as soon as administratively feasible. Funds rolled over from a prior employer do not count towards this \$5,000 threshold. Distributions of balances greater than \$5,000 are made at the election of the participants.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Plan conversion

On January 19, 2023, the Plan converted from a group annuity plan to a net asset value plan, requiring transfer of all assets into new accounts. The Plan is invested in mutual funds and the guaranteed interest general account as a result of this conversion. This was done in order to give participants greater investment options.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contract.

2. Summary of significant accounting policies, continued

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Pooled separate investment accounts are valued at net asset value which is used as a practical expedient to estimate fair value and the guaranteed interest general account is valued at contract value. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of investment valuation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year and the undistributed net investment income, undistributed realized gain or loss and the unrealized appreciation or depreciation of investment securities held in the pooled separate investment accounts.

Concentration of investment risk

Substantially all of the Plan's investments were in Transamerica sponsored or affiliated investments as of December 31, 2022 and 2021, respectively.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Income tax status

The Plan is a nonstandardized prototype plan. The Internal Revenue Service ("IRS") has determined and informed the Company in a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. Summary of significant accounting policies, continued

Subsequent events

Plan management has evaluated subsequent events through June 6, 2023, the date the financial statements were available to be issued.

3. Information prepared and certified by Transamerica Financial Life Insurance Company, Inc., party-in interest

All investment assets of the Plan were held by Transamerica Financial Life Insurance Company, Inc. (“Transamerica”), party-in-interest, as of December 31, 2022 and 2021. All investment transactions during the years ended December 31, 2022 and 2021 were executed under formal custody agreements between the Plan and Transamerica. All securities bought, sold, or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

In accordance with the provisions of Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, Transamerica has certified the following unaudited financial information to be complete and accurate with respect to the Plan’s assets held by them as of December 31, 2022 and 2021, and activity for the years then ended.

Total investment income (loss)	<u>\$ (6,065,494)</u>	<u>\$ 4,307,305</u>
Interest on notes receivable from participants	<u>\$ 15,977</u>	<u>\$ 19,362</u>

4. Investments, risks and uncertainties

The Plan provides for investments in various securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. In addition, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

4. Investments, risks and uncertainties, continued

For the years ended December 31, 2022 and 2021, all investments held by the Plan were in pooled separate investment accounts and a guaranteed interest general account. The pooled separate investment accounts are valued at net asset value (“NAV”) and the guaranteed interest general account is valued at contract value. The Plan held no investments in any level of the fair value hierarchy as of December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for Plan investments. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Guaranteed interest general account: Valued based on contract value adjusted to reflect current market rates to the extent such market interest rates exceed credit rates.

Pooled separate investment accounts: Valued at the net asset value (“NAV”) of shares held by the Plan in the pooled separate account at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments. Investments in the pooled separate accounts can be redeemed immediately at the current net asset value per share. There are no unfunded commitments or significant restrictions on redemptions.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Guaranteed interest general account

The Plan has a fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company, Inc. (“Transamerica”). Plan assets invested in the stable value option are commingled with assets in the general account. The account is credited with earnings at the interest rate based on an effective annual rate of interest established for the corresponding six month period following January 1 and July 1 and charged for participant withdrawals and administrative expenses. There is no stated minimum or maximum interest rate for this stable value investment option. The Plan’s ability to receive amounts due in accordance with this contract is dependent on Transamerica’s ability to meet its financial obligations which may be affected by future economic and regulatory developments.

The investment contract is fully benefit-responsive for participant-initiated transactions. The average yield earned by the Plan during 2022 and 2021 under this contract was 0.83% and 0.75%, respectively. Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include: termination of the group annuity contract, amendments to the Plan document including partial or complete termination, changes to the Plan’s prohibition on competing investment options and failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring. The contract may be terminated by the Plan or Transamerica with at least 30 days written notice.

5. Guaranteed interest general account, continued

Additionally, Transamerica holds the right to delay payments of benefits for up to 12 months, if they incur withdrawals and/or receive withdrawal requests equal to or greater than 4% of the total assets of all stable value funds during any consecutive 1-month period or 14% of the total assets of all stable value funds during any consecutive 6-month period, and such withdrawals would materially adversely affect the financial condition of the stable value account, in Transamerica's reasonable judgment.

6. Administrative expenses and Plan Expense Account

Administrative fees for the maintenance of investments, contribution, and distribution records and the processing of related transactions are paid by the Plan to Transamerica, a party-in-interest. The Plan also paid administrative fees to Merrill Lynch, Pierce, Fenner & Smith, Inc. ("Merrill Lynch"), a party-in-interest, for various education and plan services. Net administrative fees of \$82,715 and \$68,460, were paid by the Plan for the years ended December 31, 2022 and 2021, respectively. Net administrative fees of \$9,938 and \$54 were paid by the Plan with forfeitures for the years ended December 31, 2022 and 2021, respectively. In addition, a Plan Expense Account ("PEA") is utilized by the Plan. Funds are transferred to the PEA from participant accounts monthly to be used to pay for future administrative expenses. Based on the agreement, the total transferred into the PEA account in excess of total administrative fees may be reallocated back to the participants. For the years ended December 31, 2022 and 2021, excess funds totaling \$-0- and \$86,298, were reallocated back to participants, respectively. There was a total of \$73,620 and \$-0- remaining in the PEA account for the years ended December 31, 2022 and 2021, respectively. The Plan also paid audit fees to BGHN Associates, P.C., a party-in-interest, totaling \$-0- and \$8,250, for the years ended December 31, 2022 and 2021, respectively. The Plan Sponsor paid the audit fees for the Plan for the year ended December 31, 2022, totaling \$10,000. The Plan refunded the Plan Sponsor for this expense in May 2023.

7. Related party and party-in-interest transactions

The Company has an agreement with Transamerica to provide record-keeping, administrative, custodial, and transaction processing services for the Plan's investments. The Company has used Advised Asset Group, Envestnet Retirement Solutions, LLC, and Merrill Lynch as investment management fiduciaries to aid in the selection of investment funds available to participants. The participants are able to use Merrill Lynch for investment advisory services. Other party-in-interest transactions are described in Notes 3 and 6.

During the plan years ended December 31, 2022 and 2021, the Company failed to remit employee contributions and loan payments totaling \$42,168 and \$78,423, respectively, to the trust within the timeframe required by the Department of Labor under the plan assets rules.
