INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
H.W. Kaufman Financial Group Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of H.W. Kaufman Financial Group Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of H.W. Kaufman Financial Group Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of H.W. Kaufman Financial Group Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about H.W. Kaufman Financial Group Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of H.W. Kaufman Financial Group Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about H.W. Kaufman Financial Group Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

H.W. KAUFMAN FINANCIAL GROUP RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. **Description of plan:**

The following description of the H.W. Kaufman Financial Group Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) **General:** The Plan is a defined contribution plan covering eligible employees of H.W. Kaufman Financial Group (Plan sponsor) and US-Reports, Inc. (collectively, the Company). All employees who have attained age 21 and have one month of service are eligible for salary reduction contributions. For discretionary matching and discretionary profit-sharing contributions, employees must also have completed one year of service as defined by the Plan. The entry dates for the employee salary reduction contributions and discretionary matching contributions are the first day of each calendar quarter next following the date that the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Subsequent to year end the Plan sponsor sold US-Reports, Inc.

(b) **Contributions:** Each year, participants may contribute a portion of eligible compensation, as defined in the Plan. Salary reduction contributions consist of pre-tax and/or Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation. In accordance with the Plan provisions, automatically enrolled participants will have their contribution percentage automatically increased by 1% each July 1, until their contribution percentage reaches 10%, unless elected otherwise by the participant.

The Company, at the discretion of the Board of Directors, may make discretionary matching contributions to each participant based on their elective deferrals. In addition, a discretionary profit-sharing contribution and/or a discretionary qualified non-elective contribution may be contributed at the option of the Company's Board of Directors. During the year ended December 31, 2022, the Company made matching contributions equal to 50% of the first 6% of compensation deferred by the participant. The Company did not make any discretionary profit-sharing contributions.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions of automatically enrolled participants are invested in the Plan's default investment until changed by the participant. Contributions are subject to certain statutory limitations.

(c) **Participant accounts:** Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions (when made), and an allocation of the Company's discretionary profit-sharing contributions (when made), the Company's discretionary qualified non-elective contribution (when made), and Plan earnings. Participant's accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

H.W. KAUFMAN FINANCIAL GROUP RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, continued

1. Description of plan (continued):

- (d) **Vesting:** Participants are immediately vested in their contributions and any qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary profit-sharing portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.
- (e) **Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2.00%. Principal and interest is paid ratably through payroll deductions.
- (f) **Payment of benefits:** On termination of service, a participant or the participant's beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service withdrawals of participant's vested balances may be made by participants who have reached 59 ½ years of age. The Plan also permits withdrawals of an active participant's elective contributions only in amounts necessary to satisfy financial hardships, as defined by the Plan. The Plan also permits withdrawals of an active participant's rollover contribution at any time.
- (g) **Forfeited accounts:** At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$147,310 and \$383,698, respectively. Available forfeitures are first used to reinstate previously forfeited account balances of former participants (if any) and then used to pay administrative expenses. Any remaining forfeitures are used to reduce any Company discretionary contributions. For the year ended December 31, 2022, forfeitures were used to reduce administrative expenses in the amount of \$54,497 and to reduce employer contributions in the amount of \$90,503.

2. Summary of significant accounting policies:

- (a) **Basis of accounting:** The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

- (b) **Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (c) **Investment valuation and income recognition:** Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

H.W. KAUFMAN FINANCIAL GROUP RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, continued

2. **Summary of significant accounting policies (continued):**

(d) **Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded to the extent there is a distributable event.

(e) **Payment of benefits:** Benefits are recorded when paid.

(f) **Expenses:** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Investment related expenses are included in net depreciation of fair value of investments. Administrative expenses include fees for loans, distributions, investment advisory and third-party administration services, which were paid by the Plan. Certain administrative expenses are allocated amongst all participants. Fees related to the administration of notes receivable from participants and distribution costs are charged directly to the participant's account and are included in administrative expenses.

(g) **Subsequent events:** Subsequent events were evaluated through October 11, 2023, which is the date the financial statements were available to be issued. See Note 1(a).

3. **Related party and party-in-interest transactions:**

During the year ended December 31, 2022, certain plan investments included units of pooled separate accounts and investment contracts managed or issued by Massachusetts Mutual Life Insurance Company (Mass Mutual), and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management and recordkeeping services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than direct payment.

Certain fees paid by the Plan for loans, distributions, investment advisory, accounting and third-party administration services totaled \$130,869 for the year ended December 31, 2022. It has been the practice of the Company to pay a portion of administration expenses on behalf of the Plan. Costs such as legal and accounting fees may be paid directly by the Company.

All of the above transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

4. **Certified investments:**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022, and net depreciation in fair value of investments, and dividends, interest and other investment income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower (the custodian of the Plan). Great-West Life & Annuity Insurance Company (Great-West), an affiliate of Empower Retirement, pursuant to a Power of Attorney granted by Massachusetts Mutual Life Insurance Company to Great-West certified the completeness and accuracy of the investment information reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2021.

5. **Plan termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

H.W. KAUFMAN FINANCIAL GROUP RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, continued

6. **Tax status:**

The Plan is based on a Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) of Applied Plan Administrators LLC, which received an opinion letter from the Internal Revenue Service (IRS) dated July 7, 2014, stating that the Volume Submitter Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan has not filed for its own determination letter from the IRS. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and is exempt from taxation under the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The Plan is subject to routine audits or examinations by applicable authorities. There are no audits or examinations for any tax periods in progress.

7. **Risks and uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. **Fair value measurements:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

8. **Fair value measurements (continued):**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the net asset value (NAV) of the account, which primarily includes a mix of mutual funds and common stocks. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account. These accounts can be redeemed daily with no notice required.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2022 and 2021, investments measured at NAV as a practical expedient totaled 99,924,062 and \$116,419,260, respectively.

There are no Plan assets requiring the use of Level 2 and 3 inputs for the periods presented.

9. **Investment contract:**

The Plan entered into a traditional fully-benefit responsive investment contract with Mass Mutual. At December 31, 2022 and 2021, the contract value of the traditional investment contract with Mass Mutual was \$15,368,191 and \$13,370,292, respectively. The guaranteed contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is established by the contract issuer based on a number of factors and is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination), (2) changes to the Plan's prohibition on competing investments, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a violation of a material obligation under the contract, or (c) a material representation. Plan management does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The traditional investment contract with Mass Mutual does permit the insurance company to terminate the agreement as of a date at least ninety days after Mass Mutual provides effective communication to the Plan sponsor.
