INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Cannon Industries, Inc. 401(K) Profit Sharing Plan
Rochester, NY 14606

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cannon Industries, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cannon Industries, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cannon Industries, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cannon Industries, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cannon Industries, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cannon Industries, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN:

The following description of the Cannon Industries Inc., 401(K) Profit Sharing Plan (the Plan), as amended June 2022 provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees 21 years or older who complete three months of employment with Cannon Industries, Inc. Participants enter the plan on the quarter following completion of three months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

After completing three months of service, all employees become eligible to make pretax contributions. All participants may make tax-deferred cash contributions between 1% and 50% of total compensation subject to applicable limits of the Internal Revenue Code. Compensation is defined in the plan as W-2 compensation.

The Company contributes 1/4 of each employee's elected contribution up to 1 percent for each employee. The Company also may contribute a discretionary amount based on the Company's current year's profits, which is proportionately allocated to each participant. For the years ended December 31, 2022 and 2021, no discretionary Company contribution was paid.

Participant Accounts

Each participant's account is credited with the participant's contribution and the company's matching contribution and allocation of (A) the company's discretionary contribution, (B) Plan earnings, and (C) forfeitures of terminated participants' non-vested accounts. Allocation of participant contributions, company contributions and forfeitures are based on compensation while allocation of plan earnings are based on participant account balance as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The maximum contribution for the Plan is the total amount of the participant's contribution not to exceed 50% of the participants salary of the annual Internal Revenue Service (IRS) contribution limit, whichever is less. The IRS contribution limit was $20,500 and $19,500 for the years ended December 31, 2022 and 2021, respectively. The catch-up contribution for participants over 50 years old was $6,500 for the years ended December 31, 2022 and 2021.

NOTE 1 DESCRIPTION OF PLAN (continued):

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in matching contributions and discretionary contributions made by the Company according to a six-years-of-service vesting schedule.

Employees are vested in the Company's matching contributions according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service, a participant has the following options: lump sum rollover into a qualified Plan; lump sum distribution; installment payments; or deferred distribution until a later date or age 72 if the account is over $5,000. In the event of a Participant's death, the balance in the participant's account is paid to the participant's beneficiaries.

Investment Options

Upon enrollment in the plan, a participant may direct employee contributions in 5% increments into any of the options listed below. Participants may change their investment mix at any time during the year.

American Funds Capital World Growth and Income Fund

The American Funds Capital World is a mutual fund that invests primarily in Stock to achieve long term growth of capital with current income by investing in established, growing companies all over the world, including the United States.

American Funds Capital Income Builders

The American Funds Capital Income Builders seeks to provide a level of current income that exceeds the average yield on U.S. stocks generally and a growing stream of income over the years. In addition, it strives to make investments grow over time.

NOTE 1 DESCRIPTION OF PLAN (continued):

American Funds Growth Fund of America
The American Funds Growth Fund of America seeks to provide long-term growth through a diversified portfolio of common stock.

American Funds Income Fund of America
The American Funds Income Fund of America seeks primarily to provide current income and secondly, growth of capital through a flexible mix of equity and debt instruments.

Wells Fargo Stable Return Fund
The Stable Return Fund seeks to provide a moderate level of stable income without principal volatility by investing in a variety of investment contracts and instruments issued by insurance companies and financial institutions.

Calamos Growth Fund
The Calamos Growth Fund seeks to provide a portfolio that pursues the highest U.S. growth opportunities regardless of company size or industry.

Calvert Income Fund
The account seeks to maximize income, to an extent consistent with preservation of capital through investment in bonds and other income-producing securities.

Franklin Mutual Discovery Fund
The investment seeks capital appreciation by investing primarily in equity securities of companies of any nation the Fund's managers believe are at prices below their intrinsic value.

Franklin Mutual Quest Fund
The account seeks capital appreciation; income is a secondary consideration. The fund normally invests primarily in equity securities of U.S. and foreign companies that are believed to be available at below their intrinsic value.

Loomis Sayles Strategic Income Fund
The investment seeks high current income; growth of capital is a secondary consideration. The fund normally invests all of assets in income producing securities with a focus on U.S. Corporate bonds, convertible securities, and foreign debt instruments.

Blackrock Large Cap Value Fund

This fund seeks total return. The fund invests at least 80% of its assets in common and preferred stocks of U.S. real estate investment trusts and other real estate companies.

Galliard Stable Return Fund
The Fund seeks to provide investors with a moderate level of stable income without principal volatility. The Fund is designed for investors seeking more income than money market funds without the price fluctuation of stock or bond funds.

NOTE 2 SIGNIFICANT ACCOUNTING POLICES:

Basis of Accounting
The Plan maintains its accounting records and financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments
The Plan's investments are recorded at market value, as established by the trustee, as of December 31, 2022 and 2021.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 SIGNIFICANT ACCOUNTING POLICES (continued):

Accounts Forfeited
Participants who terminate employment prior to the vesting of the employer non-elective contribution to their retirement accounts forfeit such contributions. The Company did not use any forfeitures for the employer match in 2022 or 2021.

Administrative Expenses
Administrative expenses were paid by both the Company and the Plan in 2022 and 2021. Administrative expenses of the Plan include recordkeeping fees and legal fees and are paid by the Plan. The amount charged for administrative expenses totaled $9,064 and $8,991 for the years ended December 31, 2022 and 2021.

Note Receivable from Participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Economic Dependency/Concentration of Credit Risk
For the years ended December 31, 2022 and 2021, all of the investments are held and administered by Hand Benefits & Trust Company.

NOTE 3 PARTICIPANT NOTES RECEIVABLE:

The Company allows for loans to plan participants. The loans must be approved by the Plan trustee. The Hand Benefits & Trust Company sets up a repayment plan which includes interest. The term of the payback is five years with payments being made weekly. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The loan rate will be determined on the time the loan was requested and won't change for the duration of the loan repayment period. The interest rate is fixed at the time of a loan to a rate of 4.25%-6.5% in 2022 and 2021. As of December 31, 2022 and 2021, all loans were current.

NOTE 4 PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contribution.

NOTE 5 RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market credits, foreign currency, custodial credit, and concentration of credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially offset participants' account balances and the amounts reported in the statement of net assets available for benefits.

Foreign Currency Risk:
Foreign currency risk is the risk that changes in exchange rates may occur that could adversely affect the fair value of the investment. The Plan allows participants the option of purchasing investments that invest outside of the United States which would increase the investment foreign currency risk.

Custodial Credit Risk:
Custodial credit risk is the risk that, in the event of a bank failure, the Plan's deposits may not be returned to it. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and that deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by the pledging financial institution's trust department or agent by not in the Plan's name. All deposits of the Plan are held on behalf of the Plan by the Plan custodian in accordance with the formal deposit policy for the custodial credit risk and are not exposed to custodial credit risk.

Concentration of Credit Risk:
Concentration of credit risk is the risk of loss attributed to the magnitude of the Plan's investment in a single issuer. The Plan's investments are managed by several fund managers. The concentration of investments is determined by participants' elections to invest in the available investment options as selected by the Plan Sponsor and its advisers. Since all investments are participant directed, all risks exist at the participant level. Each individual within the Plan has the ability to liquidate his/her position on demand and has responsibility to manage his/her exposure to fair value loss.

NOTE 6 SUMMARY OF INFORMATION CERTIFICATE:

The trustee of the plan, Hand Benefits & Trust Company has supplied the plan administrator with a certification as to the completeness and accuracy of the information regarding the investments in Cannon Industries, Inc. 401(K) Profit Sharing Plan presented in the accompanying statements of net assets available for Plan benefits as of December 31, 2022 and 2021 and in the statements of changes in net assets for the years then ended and the related schedules.

NOTE 7 TAX STATUS:

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code; and accordingly, the Trust's net investment income is exempt from income taxes. The Plan obtained a favorable tax determination letter dated October 31, 2014 from the Internal Revenue Service and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United State of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 INVESTMENTS:

Quoted market prices are used to value investments. The Plan's investments are all mutual funds traded in the open market.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation, or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 8 INVESTMENTS (continued):

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported on the active market on which the individual securities are traded.

Common/Collective Trust: Fund assets are invested into the Wells Fargo Stable Return Fund, which is a stable value fund that is a common/collective trust fund. Common/collective trusts are valued using closing prices for identical or similar assets in inactive markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 2,722,411	$ -	$ -	$ 2,722,411
Common/Collective Trusts	-	98,452	-	98,452
Total Investments	$ 2,722,411	$ 98,452	$ -	$ 2,820,683

NOTE 8 INVESTMENTS (continued):

	Assets at Fair Value as of December 31, 2021			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds	$ 3,276,725	$ -	$ -	$ 3,276,725
Common/Collective Trusts	-	91,719	-	91,719
Total Investments	$ 3,276,725	$ 91,719	$ -	$ 3,368,444

NOTE 9 RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

The Company, the participants and the Trustee have all been identified as parties-in-interest. The Plan invests in shares of mutual funds and a common/collective trust managed by the Trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. Participant loans also qualify as party-in-interest and related party transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions. The Company has a Master Service Agreement with the Trustee. The Plan pays for the services of the Trustee through net fees charged to the participants in the Plan.

NOTE 10 COVID-19:

In March 2020, a global pandemic was declared by the World Health Organization over the spread of COVID-19, commonly known as the coronavirus. This outbreak has significantly disrupted supply chains and has affected production and sales across a range of industries throughout the United States. While multiple vaccines have been developed and their distribution has begun in the United States, COVID-19 remains a global pandemic as of the issuance of these financial statements. The extent of the impact of COVID-19 on the Company's future operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and impact on customers, employees, and vendors, all of which are still uncertain and cannot be predicted. As a result of COVID-19, since March 2020 there have been numerous instances of government restrictions on operations. These restrictions have impacted Company's revenue. It is at least reasonably possible that changes in the estimates contained in these financial statements could occur in the near-term and such changes could be material. However, at this point, the extent of which COVID-19 may ultimately impact the financial condition or results of operations remain uncertain.

NOTE 11 MANAGEMENT REVIEW:

Management has evaluated subsequent events through October 10, 2023, the date on which the financial statements were available to be issued. No events have occurred which would have a material effect on the financial statements of the Company as of the date.
