Independent Auditor's Report

Trustees and Participants
National Carwash Solutions Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of National Carwash Solutions Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matters

During the year ended December 31, 2022, the BMG Commercial, Inc. 401(k) Profit Sharing Plan & Trust, the Steel Image, LLC 401(k) Plan, the Carolina Pride Carwash, Inc. 401(k) Plan, the Cleaning Systems, Inc. Profit Sharing & Employee Savings Plan and the West Coast Carwash Concepts LLC Plan were merged into the Plan. Our opinion has not been modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

National Carwash Solutions Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the National Carwash Solutions Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering substantially all employees of National Carwash Solutions (the Company). Employees are eligible to make salary deferral contributions to the Plan as soon as administratively feasible following their employment date. To be entitled to employer contributions, participants must complete 1,000 hours of service in a consecutive 12-month period beginning on their employment date and be employed at the end of the Plan year. The Plan Trustees are responsible for oversight of the Plan. The Plan's Administration Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees. The Plan is subject to the current provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the applicable current Internal Revenue Code (the Code) Provisions.

Plan amendment: Effective July 1, 2022, the Plan was amended to change certain provisions of the Plan, including excluding employees who are covered by a collective bargaining agreement and increasing the minimum note receivable from participants to \$1,000. Certain other Plan provisions were changed in accordance with the amended Plan document.

Contributions and investment options: Each year, participants may contribute up to 50% of annual compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The Company, at the discretion of its Board of Directors, may provide matching contributions equal to 50% of the employee's deferral up to 6% of annual compensation. For the year ended December 31, 2022, the Company made matching contributions and no other discretionary contributions. Contributions are subject to certain limitations. Participants direct the investment of employee and employer contributions into various investment options offered by the Plan. Participants may currently invest their contributions into various pooled separate accounts, common/collective trusts, mutual funds and a guaranteed investment contract. Participants may change their investment options at any time.

Auto-enrollment: The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant accounts: Each participant's account is credited with the participant's contribution, an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contributions plus earnings thereon is based on continuous years of service. These contributions become 20% vested after one year of credited service, as defined, and continue to vest at the rate of 20% for each successive year of service until 100% vested after five years of service.

National Carwash Solutions Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Participants or their beneficiaries are eligible for benefits upon retirement, termination, death or disability. If the value of the participant's vested balance is \$5,000 or less, but greater than \$1,000, the participant may roll over the amount into another qualified plan or receive a lump-sum distribution. If the vested balance is less than \$1,000, the balance will be paid directly to the participant. If the vested balance is \$5,000 or more, the participant may elect to roll over the amount into another qualified plan, receive a lump-sum payment or an annuity.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 reduced by the highest outstanding loan balance in the previous year or (b) the greater of 50% of their vested account balance or \$10,000 reduced by any outstanding loan balance immediately prior to the new loan. Notes receivable transactions are treated as a transfer to (from) the investment fund (to) from the notes receivable. Notes receivable terms range up to five years. Interest rates are based on local prevailing rates as determined by the Plan Administrator. Notes receivable are secured by the vested balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Notes receivable outstanding at December 31, 2022, had maturity dates through June 2028 and bear interest at rates ranging from 4.25% to 10.50%. The notes receivable outstanding at December 31, 2021, bore interest at rates ranging from 4.25% to 7.50%.

Forfeited accounts: Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses and reduce future Company contributions. At December 31, 2022 and 2021, forfeited nonvested account balances available to pay expenses and reduce contributions totaled approximately \$87,000 and \$35,000, respectively. During the year ended December 31, 2022, forfeitures from nonvested account balances reduced employer contributions by approximately \$82,000.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administration Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 9 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on investments bought and sold as well as held during the year.

Note 2. Significant Accounting Policies (Continued)

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan's document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 2, 2023, which is the date the financial statements were available to be issued.

Note 3. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation in fair/contract value of investments.

Note 4. Information Certified and Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Pooled separate accounts	\$ 8,987,095	\$ 19,179,026
Mutual funds	8,983,829	5,714,549
Common/collective trust	30,274,850	23,813,298
Guaranteed interest contract at contract value	5,185,221	4,200,365
Notes receivable from participants	970,020	735,574

Principal also certified to the completeness and accuracy of \$167,407 of interest and dividend income on investments, \$51,804 of interest income on notes receivable from participants, and \$(10,573,816) of net depreciation in fair/contract value of investments for the year ended December 31, 2022.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 6. Plan Merger

Effective January 1, 2022, the BMG Commercial Inc. 401(k) Profit Sharing Plan and Trust, the Steel Image, LLC 401(k) Plan, the Carolina Pride Carwash, Inc. 401(k) Plan, the Cleaning Systems, Inc. Profit Sharing & Employee Savings Plan, and the West Coast Car Wash Concepts LLC Plan were merged into the Plan. As a result, net assets of approximately \$9,234,000 were transferred into this Plan during 2022.

Note 7. Tax Status

Effective January 1, 2022, the Plan adopted a volume submitter plan sponsored by Principal Life Insurance Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service (IRS) dated August 8, 2014, as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Effective July 1, 2022, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the IRS dated June 20, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

The Plan follows the accounting guidance for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Related-Party Transactions

Certain Plan investments are shares of pooled separate accounts, a common/collective trust fund, and a guaranteed interest contract managed by Principal or an affiliate of Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Principal totaled \$187,639 for the year ended December 31, 2022.

Note 9. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) require the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumption market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2022 and 2021, are as follows:

	2022			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 8,983,829	\$ -	\$ -	\$ 8,983,829
Total assets in the fair value hierarchy	\$ 8,983,829	\$ -	\$ -	8,983,829
Investments measured at net asset value*				39,261,945
Investments at fair value				<u>\$ 48,245,774</u>

	2021			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 5,714,549	\$ -	\$ -	\$ 5,714,549
Total assets in the fair value hierarchy	\$ 5,714,549	\$ -	\$ -	5,714,549
Investments measured at net asset value*				42,992,324
Investments at fair value				<u>\$ 48,706,873</u>

*In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

Note 9. Fair Value Measurements (Continued)

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2022 compared to December 31, 2021.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Pooled separate accounts: Pooled separate accounts (other than the Principal U.S. Property Separate Account) invest primarily in domestic and international stocks, commercial paper, or single mutual funds. The net asset value is used as a practical expedient to determine fair value of these accounts. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The U.S. Property Separate Account invests primarily in commercial real estate and includes mortgage loans which are backed by the associated properties. The net asset value is used as a practical expedient to determine fair value for these accounts. Each pooled separate account provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement.

Common/collective trust: Common collective trust funds are composed of investment contracts that are valued at the net asset value based on the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur immediately. If the plan initiates a full redemption of the collective trust, no notice to the issuer is required.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment	2022	
	2022	2021		Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 8,987,095	\$ 19,179,026	\$ -	Immediate	None
Common/collective trust	30,274,850	23,813,298	-	Immediate	None
Total	<u>\$ 39,261,945</u>	<u>\$ 42,992,324</u>			

Note 10. Fully Benefit-Responsive Investment Contract

The Plan holds a guaranteed interest contract with Principal Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

National Carwash Solutions Savings Plan

Notes to Financial Statements

Note 10. Fully Benefit-Responsive Investment Contract (Continued)

Principal Life Insurance Company, the contract issuer, is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan, which was 1.75% as of December 31, 2022. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed and reset on a quarterly basis. The contract cannot be terminated before the scheduled maturity date without 60 days advance written notice to either party. Upon termination by the Fund, a market value adjustment may apply.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.
