Independent Auditor's Report

The Plan Administrator and Plan Management
Loar Group Inc. 401(k) Plan
White Plains, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Loar Group Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of the Loar Group Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering all employees, as defined in the Plan, employed by the following (collectively, the Employer):

- Loar Group Inc.
- Aviation Manufacturing Group, LLC dba The Freeman Company (AMG)
- AGC Acquisition, LLC dba AGC, Incorporated (AGC)
- Terry's Precision Products LLC dba Terry's Machine & Mfg. Inc. (TMM)
- Applied Engineering, Inc.
- General Ecology, Inc.
- SAF Industries, LLC dba Gar Kenyon
- Maverick Molding Co.
- SMR Acquisition LLC (SMR)
- Hydra-Electric Company (Hydra)
- BAM, Inc. (BAM)
- Safe Flight Instrument, LLC (SFI)
- Pacific Piston Ring Co., Inc. (PPR)

The Employer's Board of Directors is responsible for oversight of the Plan. The 401(k) Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Employer's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant Contributions – Participants may contribute pretax or after-tax compensation up to 80% of compensation, as defined by the Plan. Newly eligible participants are automatically enrolled in the Plan with a deferral percentage of 4% of eligible compensation unless they affirmatively elect not to participate in the Plan or elect a different deferral amount. Participants age 50 and older by the end of the calendar year may contribute catch-up contributions. Participants may also roll over amounts representing distributions from other qualified plans.

Employer Contributions – Employer Contributions (except for SMR and PPR Union Employees) – The Employer matches up to 50% of the first 6% of employee contributions. The Employer may also make a discretionary nonelective contribution in an amount equal to a percentage of eligible contributions made by each eligible participant during the Plan year. There was no discretionary nonelective contribution for the year ended December 31, 2022.

SMR Contributions – Due to SMR’s employees consisting of union and non-union members, their Employer contribution calculation is different from the rest of the Plan. Union employees that meet the Employer contribution eligibility requirements outlined below automatically receive a 3% nonelective Employer contribution, regardless of if the employee is deferring into the Plan or not. In addition to that 3%, employees who are deferring into the Plan receive a 50% matching contribution on up to 2% of employee contributions (maximum 1% match). Non-union employees receive a match of 100% of the first 3% of employee contributions plus 50% of the next 2% of employee contributions (maximum 4% match).

PPR Union Employee Contributions – Due to PPR’s employees consisting of union and non-union members, their Employer contribution calculation is different from the rest of the Plan. Union employees that meet the Employer contribution eligibility requirements outlined below automatically receive a 3% nonelective Employer contribution, regardless of if the employee is deferring into the Plan or not. All non-union PPR employees receive the Employer matching contribution of 50% of the first 6% of the employee contributions (maximum 3% match).

Contributions are participant directed and subject to Internal Revenue Service (IRS) limitations.

Eligibility

Employees are eligible to participate in the Plan for elective deferrals and Employer matching contributions once they have completed three months of service and attained the age of 18.

Participant Accounts

Each participant’s account is credited with the participant’s contributions (including rollovers) and the Employer matching contributions, as well as allocations of the Employer discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant’s compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

For participants hired prior to February 1, 2015 with Loar Group, Inc., AMG, AGC, and TMM, all contributions are fully vested. For participants hired prior to December 1, 2016 with Applied Engineering, Inc., General Ecology, Inc., and SAF Industries, LLC, all contributions are fully vested. For participants hired prior to January 1, 2018 with Maverick Molding Co., all contributions, except for Employer fixed matching contributions, are fully vested. For participants hired prior to January 1, 2020 with Hydra and BAM, all contributions are fully vested. Participants who are employees of SMR receive credit for their years of service prior to being acquired by the Loar Group, Inc. on February 18, 2019, and follow the below vesting schedule. For participants hired prior to July 1, 2021 with SFI and PPR, all contributions are fully vested. New participants and those not otherwise described above are fully vested in their contributions (including rollovers) and are vested in the Employer’s contributions to the Plan according to the following schedule:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than one	0%
1st Year	20%
2nd Year	40%
3rd Year	60%
4th Year	80%
5th Year	100%

Separate provisions apply in the event of death, disability or reaching normal retirement age.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum of lesser of one-half of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. The notes are secured by the balance in the participant's account. All notes shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for notes which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions. Interest rates on outstanding notes receivable at December 31, 2022 were between 4.25% and 8.25% and mature between January 2023 and February 2051.

Payment of Benefits

Participants may elect to receive a lump-sum amount equal to the value of their vested interest upon retirement, termination of service, death or disability. A terminated participant with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Forfeitures

Participants leaving employment with the Employer before becoming fully vested forfeit their nonvested interest in the Employer's contributions. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$64,859 and \$149,581, respectively. For the year ended December 31, 2022, forfeitures of \$106,065 were used to pay Plan expenses and \$40,412 were used to reduce Employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings (losses) reported in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative fees and expenses of the Plan may be paid out of the Plan assets unless paid by the Employer. Certain administrative fees are paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market: Cost approximates fair value due to short-term nature.

Mutual funds: Valued at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Account consists of corporate bonds, common stock, preferred stock mutual funds, exchange traded funds and cash equivalents. Corporate bonds are classified as level 2 and are valued based on multiple sources of information which may include market data and/or quoted market prices from either markets that are not active or are for the same or similar assets in active markets. Common stock, preferred stock, mutual funds and exchange traded funds are valued at fair value as determined by quoted market prices and are classified as level 1. The cost of cash equivalents approximates fair value due to the short-term nature and they are classified as level 1.

Collective investment trust: Valued at the net asset value (NAV) of the fund's underlying investments held at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Money market	\$ 1,678,182	\$ -	\$ -	\$ 1,678,182
Mutual funds	48,734,275	-	-	48,734,275
Self-directed brokerage account	186,516	148,496	-	335,012
	<u>\$ 50,598,973</u>	<u>\$ 148,496</u>	<u>\$ -</u>	<u>50,747,469</u>
Collective investment trust measured at net asset value (a)				<u>6,281,560</u>
Total investments at fair value				<u>\$ 57,029,029</u>

	2021			
	Level 1	Level 2	Level 3	Total
Money market	\$ 639,611	\$ -	\$ -	\$ 639,611
Mutual funds	61,584,212	-	-	61,584,212
Self-directed brokerage account	279,243	52,439	-	331,682
	<u>\$ 62,503,066</u>	<u>\$ 52,439</u>	<u>\$ -</u>	<u>\$ 62,555,505</u>
Collective investment trust measured at net asset value (a)				<u>6,206,797</u>
Total investments at fair value				<u>\$ 68,762,302</u>

- (a) In accordance with FASB ASC Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Fair Value of Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)

The following tables set forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2022 and 2021:

	2022			
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment trust	<u>\$ 6,281,560</u>	--	No restrictions	None

	2021			
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment trust	<u>\$ 6,206,797</u>	--	No restrictions	None

Note 6 - Tax Status

The Plan uses a pre-approved plan document sponsored by FMR LLC, which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, as a pandemic or global conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Party-in-Interest Transactions

Plan investments consist of investments managed by Fidelity Investments. Fidelity Investments and Fidelity Management Trust Company, the trustee as defined by the Plan, are related entities. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA. Fees paid by the Plan to parties-in-interest amounted to \$118,563 for the year ended December 31, 2022.

Fidelity Management Trust Company provides certain administrative services to the Plan pursuant to a service agreement between the Plan and Fidelity Management Trust Company. Fidelity Management Trust Company receives income from mutual fund service providers for services provided to the funds. This income is used to offset certain amounts owed to Fidelity Management Trust Company for its administrative services to the Plan.

If the income received by Fidelity Management Trust Company from such mutual fund service providers exceeds the amount owed under the service agreement, Fidelity Management Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participant. During the year ended December 31, 2022, income in the amount of \$160,899 was used to offset administrative services.

Note 9 - Subsequent Event

Effective August 2023, AOG Aviation Spares LLC was added to the list of participating employers of the Plan.

Effective October 1, 2023, the auto enrollment percentage was changed from 4% to 6%.
