INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Physicians East, P.A. Profit Sharing Plan & Trust
Profit-Sharing Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the accompanying financial statements of Physicians East, P.A. Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Physicians East, P.A. Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with the auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Physicians East, P.A. Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Physicians East, P.A. Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Physicians East, P.A. Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Physicians East, P.A. Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investments information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PHYSICIANS EAST, P.A. PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022

1) DESCRIPTION OF PLAN

The following description of the Physicians East, P.A. Profit-Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a 401k and defined contribution plan covering all employees of the company who have one year of service and are age twenty one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - 401k. The Company allows each eligible employee to withhold up to 15% of their salary as a 401k contribution by the employee. The company will match the first 3% of wages, and will contribute 50% of the next 3% contributed by the employee.

Contributions - Profit Sharing. In addition to the employee 401k contribution and the company match, the Company may contribute to the Plan a portion of its current profits before profit-sharing costs and income taxes. Amounts are contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. The profit sharing contribution is allocated to the eligible employees based on their compensation, as adjusted by the Plan to recognize extra funding for those employees over the social security withholding limitation.

Funding of Contributions. Employee contributions to the 401k and the employer's matching contribution are funded by the employer directly to the Plan trustee, Fidelity Investments, immediately after each pay-day. The employer's contribution toward profit sharing is made at the employer's discretion. The full contribution for 2022 was contributed in 2023.

Participant Accounts. Each participant's account is credited with the participant's contribution, the company match, an allocation of the Company's profit sharing contribution to the Plan, Plan earnings, and the self-directed accounts are charged with administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan also allows a participant to rollover funds from a previous employer's retirement plan into this Plan.

Vesting. Participants are immediately 100% vested in their 401k contributions, the company match to their 401k contribution, and rollover contributions into the Plan. Likewise all earnings attributable to these categories are also immediately vested.

Vesting in the company profit sharing contribution portion of the employees' accounts plus earnings thereon is based on years of continuous service. The current Plan provides that a participant has no vesting until three years of service with the employer. After completing three years, the employee is 100% vested. An employee is also considered to be 100% vested at death, at their disability, and at early or normal retirement as described by the Plan.

Forfeitures. Upon termination of employment, a participant's balance in the profit sharing Plan above the amount that they are vested remains in the Plan and is applied to administrative fees.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant will become 100% vested and may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump-sum amount, or in installments. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution, but only if vested.

PHYSICIANS EAST, P.A. PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022

1) DESCRIPTION OF PLAN - (Continued)

Payment of Expenses. The Plan absorbs management fees charged by the brokerage account for self-directed accounts and administrative fees such as fund accounting. All other expenses such as accounting, and professional fees, etc. are paid if directed by the employer from the plan. Otherwise, the employer pays these fees. Certain administrative fees are charged directly to the participant's account.

2) SUMMARY OF SIGNIFICANT ACCOUNTING PROCEDURES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. .

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Subsequent events were evaluated through October 12, 2023, the date the financial statements were available to be issued.

PHYSICIANS EAST, P.A. PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022

3) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4) PARTICIPANT DIRECTED INVESTMENT PLAN

The Plan is a participant directed investment plan with Fidelity Management Trust Company in which each participant has various funds to select among. In addition, the participants are allowed to self-direct their investments through Fidelity Brokerage instead of selecting from the list of mutual funds of Fidelity Investments.

Participants' accounts at December 31, 2022 and 2021 respectively totaling \$6,443,214 and \$8,535,719 were self-directed by the participants. These investments were being held in the Fidelity Brokerage accounts as directed by the participant.

6) CASH AND CASH EQUIVALENTS

As of December 31, 2022, all money was invested. Any money not otherwise invested, was invested in Fidelity money market mutual accounts.

7) EMPLOYER CONTRIBUTIONS

The employer elected to contribute \$2,484,295 as a discretionary contribution to the profit sharing Plan for the year. This was fully funded in September, 2023.

As required by the Plan, the company matched 401k contributions of the employees. For this purpose, the company contributed an additional \$1,396,564, which was fully funded at year-end .

8) EMPLOYEE ROLLOVERS

The Plan allows the participants to "roll over" retirement funds from previous employment into this Plan. During this year, funds totaling \$89,114 were transferred into the Plan from employee rollovers.

9) FORFEITURES

Account balances of terminated employees are paid to them or held in the fund if the employee has vested. If the employee is not vested in any portion, the accounts will be forfeited in the year in which their employment terminates. Forfeitures may be used to reduce employer contributions or to pay administrative expenses of the Plan, as determined by the Company at its sole discretion. For the year ended December 31, 2022, \$38,969 in forfeitures were used to pay administrative fees.

As of December 31, 2022 and 2021 respectively, there was a balance of \$2,519 and \$21,273 in forfeitures related to the profit sharing contributions.

10) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If this were to happen, all participants' accounts would immediately become 100% vested.

11) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12) RELATED -PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity, the trustee and record keeper for the Plan, and therefore, these transactions qualify as party in interest transactions. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Fidelity provides certain administrative services to the Plan pursuant to a Retirement Plan Service Agreement between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for the services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeds the amount owed under the agreement Fidelity remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, the excess amount credited was \$45,202.

13) INCOME TAXES

The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

PHYSICIANS EAST, P.A. PROFIT SHARING PLAN & TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022

14) GUARANTEED INVESTMENT CONTRACT WITH NEW YORK LIFE

In 2012, the Plan entered into a fully benefit-responsive guaranteed investment contract with New York Life (NYL). NYL maintains the contributions in a pooled separate account. In addition to the contributions, the account includes interest credited, plus dividends, if any, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

As described above in note #2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The interest crediting rate may be reset not more frequently than daily and not less frequently than quarterly. The interest crediting rate reflects the book yield on the separate account, adjusted to reflect amortization of any realized gains and losses.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) total or partial Plan termination; (c) mergers; (d) lay-offs; (f) early retirement incentive programs; (g) sale or closing of all or part of the Plan sponsor's operations; (h) bankruptcy; or (i) receivership. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

15) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Those differences between the Form 5500 and this financial report are as follows:

For Form 5500 reporting, contributions to the Plan are reported on a cash basis. Accordingly, the 5500 does not reflect the money owed to the Plan at the end of 2022 and 2021 as does the financial statement.
