Independent Auditors' Report

To the Participants and Plan Administrator of
Epiroc 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Epiroc 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Epiroc 401(k) Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

General

The Epiroc 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established December 1, 2017, and amended and restated January 1, 2022, covering substantially all employees of Epiroc North America Corp. (the Company or Plan Administrator). Through December 30, 2021, Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company (Prudential) served as the trustee (collectively, the Trustee) of the Plan. On December 31, 2021, assets of the Plan were transferred to Fidelity Management Trust Company, the Plan's new trustee and Fidelity Workplace Services, LLC became the recordkeeper of the Plan. As a result, \$164,497,508 of assets were held in noninterest bearing cash at December 31, 2021, and \$6,781,586 held in the Dodge & Cox Income Fund and Self Directed Brokerage Account were received in-kind by Fidelity at December 31, 2021. Effective January 1, 2022, the Plan was restated with Fidelity Management Trust Company to incorporate current laws and regulations.

Eligibility and Participant Accounts

Employees become eligible for participation upon attaining the age of 18 and upon completion of one month of service, with the exception of union and leased employees, residents of Puerto Rico, expatriates working in the United States, interns or temporary employees, and any individual who is a 2% shareholder as defined under Code Section 1372(b) as defined by the plan document. Participation for eligible employees begins the first day of the month of the plan year coinciding with or next following the date eligibility requirements are satisfied.

Subject to certain limitations on annual additions, each participant's account is credited with the participant's contributions and Company contributions, and actual earnings or losses, thereon, and charged with certain administrative expenses. Investment income or loss is allocated based on the ratio of each participant's account balance. Participants may change their investment allocation at any time.

Contributions

Participants may contribute up to 75% of pretax annual compensation as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC) (\$20,500 for 2022). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after one month of employment unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund. The Plan includes an automatic escalation provision whereby all participants in the Plan have their deferral rate increased by 1% as of July 1 of the plan year unless they affirmatively elect not to participate in automatic escalation. The automatic escalation maximum deferral limit is 15%.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements
December 31, 2022 and 2021

The Company contributes a 3% safe harbor nonelective employer contribution to all eligible employees. The Company also contributes an additional nonelective employer contribution based on years of service with the Company. The amounts are calculated as follows:

<u>Years of Service</u>	<u>Percentage of Compensation</u>
Less than 5 years	3.0 %
5 years but less than 9 years	3.5
9 years but less than 13 years	4.0
13 years but less than 18 years	4.5
18 years or more	5.0

The Company may also make discretionary matching contributions. During 2022, the Company contributes a discretionary matching contribution equal to 50% of the first 6% of plan compensation that a participant contributes to the Plan.

The Company makes nonelective employer and discretionary matching contributions each pay period and these contributions are true-up in the subsequent period based on annual compensation.

For the year ended December 31, 2022, the Company made nonelective contributions of \$3,687,353, net of forfeitures, and discretionary matching contributions of \$2,212,409.

Certain employees are eligible for a Special Automatic Company Contribution (Special ACC) made by the Company each pay period. The Special ACC is equal to a percentage determined by the Company each payroll period. For the year ended December 31, 2022, the Company made Special ACC of \$73,780.

In addition, the Company may elect to make discretionary contributions including profit sharing during each plan year. During the year ended December 31, 2022, the Company elected to make discretionary contributions of \$2,095 to the Plan.

Vesting

Participants are vested immediately in their contributions and the Company's Special ACC portion of their accounts, plus actual earnings thereon. Vesting in the Company's other contribution portions of their accounts, regular and true-up matching contributions and Automatic Company Contribution is based on years of service. Participants are 100% vested in these portions of their accounts after two years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the excess, if any, of the highest outstanding note balance of all other notes to the participant from the Plan during the preceding 12-month period or 50% of their vested account balance. Participants may only have two notes outstanding at any given time. The notes are secured by the balance in the participant's account. Principal and interest is paid ratably through bi-weekly or weekly payroll deductions, dependent on the payroll location of the participant. Terms range from one to five years or greater for the purchase of a primary residence. Notes receivable from participants as of December 31, 2022, have rates ranging from 4.25% to 8.00% with maturity dates from January 2023 through September 2031. Notes receivable from participants as of December 31, 2021, have rates ranging from 4.25% to 6.50% from January 2022 through September 2031.

Forfeited Accounts

Forfeitures of terminated participants' nonvested Company contributions are used to offset the Company's contributions, used to pay plan expenses or reallocated to participants. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$46,634 and \$0, respectively. In 2022, the Company's contributions were reduced by \$338,192 from forfeited nonvested accounts.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met and in-service withdrawals from vested contributions on or after age 59 ½. At the age of 70 ½, a participant is required to receive minimum required distributions from their account annually.

The Plan allows Qualified Birth or Adoption Distributions (QBADs) as permitted under the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) up to \$5,000 with no early distribution penalty. In-service withdrawal restrictions will not be applied to QBADs and are allowed from all contribution source types.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their company contributions, subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee and insurance companies. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) of fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Epiroc 401(k) Plan

Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There are no significant restrictions on redeeming mutual funds at NAV.

Common collective trusts are valued at the NAV of units of a bank collective trusts, as determined by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage account includes shares of interest bearing cash and common stock, which are valued at quoted market prices which represent the NAV held by the Plan at year-end.

Money market fund is valued at cost of \$1 per unit, which represents the NAV at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

4. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022, and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by an affiliate of the Trustee; therefore, these transactions qualify as party in interest transactions. Additionally, the Plan issues notes to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, concentration, market and credit risks. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Tax Status

The Plan is based on a non-standardized pre-approved profit sharing plan with CODA developed by FMR LLC, which received a favorable advisory letter dated June 30, 2020, from the IRS stating that the non-standardized pre-approved profit sharing plan with CODA constitutes a qualified plan under Section 401 of the IRC. Prior to January 1, 2022, the Plan is based on a volume submitter profit sharing plan with CODA developed by Document Agility Inc, which received a favorable advisory letter dated August 2, 2017, from the IRS stating that the volume submitter plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Net assets available for benefits per Form 5500	<u>\$ 147,221,658</u>	<u>\$ 175,408,510</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (28,054,433)
Less current year participant contribution receivable	(272,944)
Less current year Company contribution receivable	(379,161)
Add prior year participant contribution receivable	234,408
Add prior year Company contribution receivable	<u>285,278</u>
Decrease in net assets available for benefits per Form 5500	<u>\$ (28,186,852)</u>

9. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through October 11, 2023, the date the financial statements were ready to be issued, and determined no such events or transactions that would impact these financial statements as of and for the year ended December 31, 2022, except as noted below.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
