INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Maryland Electrical Industry Severance and Annuity Fund

Opinion

We have audited the accompanying financial statements of the Maryland Electrical Industry Severance and Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Maryland Electrical Industry Severance and Annuity Fund as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Maryland Electrical Industry Severance and Annuity Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MARYLAND ELECTRICAL INDUSTRY SEVERANCE AND ANNUITY FUND

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF THE FUND

The following description of the Maryland Electrical Industry Severance and Annuity Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Description of the Fund - The Plan is a defined contribution plan that was established to provide supplemental retirement and other special benefits to participants and their beneficiaries. The operation and administration of the Plan is the joint responsibility of the Board of Trustees (Trustees), divided equally between employer trustees and union trustees. The Trustees determine the appropriateness of the Plan's investments and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Contributions to the Plan are provided by employers pursuant to the amounts specified by the current collective bargaining agreements.

Participant Accounts - Each participant's account is credited with the employer contribution and allocation of investment earnings and is charged a predetermined rate per month for administrative expenses, which is deducted directly from the participant's account. Investment earnings are credited daily based on the participant's investment options selected and administration charges are deducted quarterly based on a predetermined rate.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon, upon becoming eligible to participate in the Plan.

Benefits - A participant is eligible to receive their accumulated account balance from the Plan if the participant is age 55 or older and has retired (that is, the participant has completely ceased working in the electrical industry within the jurisdiction of the Union); or the participant has become permanently or totally disabled; or no employer contributions are required to be made on the participant's behalf for 3 consecutive months and the participant has permanently withdrawn from the electrical industry within the jurisdiction of the Union.

Once a participant has met the eligibility requirements of the Plan, the basic form of benefits payment is a 50% husband-and-wife annuity or a single life annuity for unmarried participants. A participant may elect one of the following alternative forms of payment: one lump sum payment; payment of benefits (continued) - equal installments of 60 or 120 monthly payments; a combination of a lump sum and equal monthly installment payments; or a single life annuity.

NOTE 1. DESCRIPTION OF THE FUND (CONTINUED)

If the value of the participant's account balance is \$1,000 or less, the payment, regardless of the participant's prior election, will be paid in a single lump sum.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred, except benefits which are recognized when paid.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are reported on trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable - Employers' contributions receivable represents amounts due under the terms of collective bargaining agreements. Employer contributions are recorded in the period in which the hours giving rise to the contributions are worked. The Plan uses the allowance method to account for uncollectible accounts receivable. The allowance for doubtful accounts is based upon prior years' collection experience and management's estimate of possible bad debts.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2022 and 2021, all loans were in default. However, the participants who currently have loans outstanding have not withdrawn from the Plan. The Trustees has terminated the loan program, therefore no new loans were awarded in 2022 and 2021.

Cash and Cash Equivalents - The Plan considers liquid investments when purchased with an original maturity of three months or less to be cash equivalents.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Administrative Expenses - Administrative expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTE 3. FUND TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the agreement and declaration of trust, the fund balance is to be used to provide for the payment of any and all obligations of the Plan. Such payments shall be for the exclusive benefit of the participants, their families, dependents or beneficiaries, and administrative expenses of the Plan. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Trustees may determine.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts and pooled separate accounts: Valued at the price per unit of the units held by the Plan at year end. The investment holds common stock and collective investment funds, and the price per unit is calculated based on the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3
<u>Investments measured at fair value</u>				
Mutual funds	\$ 189,145,795	\$ 189,145,795	\$ -	\$ -
	<u>189,145,795</u>	<u>\$ 189,145,795</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV*				
Pooled separate accounts	12,276,600			
Common collective trust	<u>47,603,862</u>			
	<u>59,880,462</u>			
Total assets at fair value	<u>\$ 249,026,257</u>			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Fund's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Total	Level 1	Level 2	Level 3
<u>Investments measured at fair value</u>				
Mutual funds	\$ 232,180,045	\$ 232,180,045	\$ -	\$ -
	<u>232,180,045</u>	<u>\$ 232,180,045</u>	<u>\$ -</u>	<u>\$ -</u>
<u>Investments measured at NAV*</u>				
Pooled separate accounts	19,260,594			
Common collective trusts	<u>50,994,321</u>			
	<u>70,254,915</u>			
Total assets at fair value	<u>\$ 302,434,960</u>			

*In accordance with Accounting Standards Codification, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Trustees determine the fair value measurement policies and procedures, based on information provided by the Plan's custodian bank and investment advisor. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2022 and 2021, respectively:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021

	<u>\$ 47,603,862</u>	<u>\$ 50,994,321</u>			

All of the common collective trusts and pooled separate accounts held by the Plan are direct filing entities. They can all be redeemed daily with no restrictions.

NOTE 5. TAX STATUS

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(a) of the Internal Revenue Code (IRC) and, accordingly, the Trust's net investment income is exempt from income taxation. The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated September 22, 2015 that the Plan and related trust are designed in accordance with the applicable sections of the IRC for income tax exemption. Although the Plan has been amended since that determination, the Plan Administrator believes that the Fund continues to be designed and is currently being operated in compliance with applicable requirements of the IRC. Accordingly, no provision for income taxes is required.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Fund and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6. CONCENTRATION OF CREDIT RISK

In the ordinary course of business, the Plan's cash balances may exceed Federal Deposit Insurance Corporation limits. The Plan continually reviews credit concentrations as part of its asset and liability management.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the values of investment securities could be different at the reporting date and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Prudential Retirement Insurance and Annuity Company. Prudential Retirement Insurance and Annuity Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan paid certain expenses related to Plan operation and investment activity to various service providers. These transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 9, 2023, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
