INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Participants of
Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

General

The Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") is a participant-directed, defined contribution plan that was created effective January 1, 1990, which covers substantially all eligible employees of Hennion & Walsh, Inc. (the "Company" or "Plan Sponsor") who elect to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility Requirements

Full-time employees who have attained age 21 and have completed one year of service, consisting of 1,000 hours, are eligible to participate. A participant is also eligible to receive employer matching contributions and discretionary profit-sharing contributions after attaining 21 years of age and completing one year of service. The participant has to be employed on the last day of the Plan year in order to receive a discretionary profit-sharing contribution for that year. Union employees and certain nonresident aliens are not eligible to participate in the Plan. Participants may enter the Plan on January 1 or July 1 upon meeting eligibility requirements. Upon meeting the eligibility requirements, employees will be automatically enrolled in the plan and contribute 3% of compensation with annual increase of 1% up to 10%, unless the employee has elected not to participate.

Plan Contributions

The participants may contribute the maximum amount prescribed by the Internal Revenue Service ("IRS") guidelines. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan Sponsor may make a discretionary matching contribution. For the year ended December 31, 2022, the Plan Sponsor's discretionary matching contribution was equal to 30% of up to 4% of participant's eligible compensation and amounted to \$192,709. The Plan Sponsor can also make discretionary profit-sharing contributions allocated to the participants based on participants' compensation. The Plan Sponsor did not make a discretionary profit-sharing contribution in 2022. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. The participant's account is reduced by withdrawals, losses on investments and any forfeitures. Allocation of Plan earnings and, if applicable, a share of any forfeited amounts of former employees, are based on participant earnings or account balances, as defined.

Vesting

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Personal contributions of the participants and any allocated amounts of interest, dividends and net capital gains or losses thereon are fully vested. Employer matching contributions and employer profit sharing contributions, plus any allocated interest, dividends, and net capital gains or losses thereon, become 20% vested after 2 years, increasing 20% per year until they are fully vested after six years. In addition, participants become fully vested in all of their accounts upon retirement at age 65 or in the event of permanent disability or death.

Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2022 and 2021

Payment of Benefits

In the event of termination of employment, retirement, death, or disability, all of a participant's vested contributions and earnings thereon will be paid at the participant's option (subject to spousal consent) either in a lump-sum distribution, partial distribution, or periodic payments or over a specified period in equal cash installments. Participants with vested balances less than \$5,000 will receive an automatic lump sum payment of benefits. Participants with vested accumulated benefits in excess of \$5,000 may elect to leave their investment in the Plan.

Administrative Expenses

The expenses necessary to administer the Plan including, but not limited to, retaining necessary professional assistance may be paid from the assets of the Plan. Alternatively, the employer may, in its discretion, pay any or all of such expenses. Transaction fees incurred by the trustee and registered investment companies are absorbed in investment income and are not readily determinable.

Hardship Withdrawals

The Plan allows for "hardship withdrawals" of employee benefits based upon any of the following criteria: (1) to pay all or a portion of the cost of purchase of principal residence (2) to pay tuition and related educational fees for the next 12 months of post-secondary education of the employee or immediate family or primary beneficiary (3) to pay all or a portion of expenses incurred by the employee because of illness, accident or disability of the employee, immediate family or primary beneficiary (4) to prevent eviction or foreclosure of the employee's principal residence (5) to pay for funeral expenses of an employee's (or primary beneficiary's) deceased parent, spouse, children or dependents or (6) to pay for certain repairs of damage to the employee's principal residence.

Notes Receivable from Participants

Participants may borrow from their fund accounts amounts equal to the lesser of \$50,000 or 50% of their vested account balance. These notes receivable are secured by the balance in the participant's account and bear interest ranging from 1.00% to 6.25%, which is commensurate with local prevailing rates at the time of the loan as determined by the Plan administrator. Loan principal and interest is paid ratably through payroll deductions and loans mature on various dates through 2037.

Forfeited Accounts

Forfeited accounts may be used to reduce the employer's contributions or pay any Plan expenses. In 2022, forfeitures in the amount of \$4,090 were applied to employer match. As of December 31, 2022 and 2021, unapplied forfeited accounts amounted to \$890 and \$5, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies followed in the preparation of the accompanying financial statements are summarized below:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America. Under this method of accounting, contributions and investment income are recorded when earned, and expenses are recorded when incurred.

Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investments in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain amounts contained in the accompanying 2021 financial statements have been reclassified to conform to the 2021 presentation.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee has certified the completeness and accuracy of all investments and notes receivable from participants as of December 31, 2022 and 2021 in the accompanying statements of net assets available for benefits and the related investment income (loss) and notes receivable from participants activity for the year ended December 31, 2022 in the accompanying statement of changes in net assets available for benefits, as well as supplementary schedule H, Part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2022. No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the related information included in the financial statements and supplementary schedule. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

Notes to Financial Statements
December 31, 2022 and 2021

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. TAX STATUS

The Plan adopted a prototype volume submitter profit sharing 401(k) plan. By letter dated January 1, 2018, the IRS has determined that the Prototype Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

6. ADMINISTRATIVE EXPENSES

The Plan Sponsor pays substantially all of the administrative expenses incurred by the Plan, except for fees for benefit payments and advisory fees. In addition, certain investment related expenses have been offset with investment income and are not readily determinable.

7. PARTIES-IN-INTEREST

Ascensus Trust Company is the trustee as defined by the Plan for 2022. The Plan investments include money market funds and registered investment companies that are issued and/or managed by the trustee. The related investment transactions qualify as party-in-interest transactions. Administrative fees paid to Ascensus, LLC for the year ended December 31, 2022 were \$14,057.

Notes receivable from participants are transactions with participants. These loan transactions qualify as exempt party-in-interest transactions.

8. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Hennion & Walsh, Inc. 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2022 and 2021

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies and Money Market Fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds: Valued at the quoted market prices as substantially all of these instruments have active markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market mutual fund	\$ 1,808,763	\$ -	\$ -	\$ 1,808,763

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no transfers between levels.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 7, 2023, the date the financial statements were available to be issued. Based on that evaluation, the Plan's management has determined that no subsequent events have occurred which would require adjustment to disclosure in the financial statements.
