Independent Auditor's Report

To the Participants and Plan Administrator of the
Pitney Bowes, Inc. 401(k) Plan
Stamford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pitney Bowes, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following description of the Pitney Bowes Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, of Pitney Bowes Inc. (the “Company” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All full-time and permanent part-time employees of Pitney Bowes Inc. are eligible to enroll in the Plan as soon as practicable following the date of their employment.

All new hires are automatically enrolled in the Plan. Each new hire will have 6% of their pay deducted each pay period and contributed before-tax to the Plan unless an alternative election is made. Employees may opt out of the Plan at any time. Automatic enrollment begins as follows: (1) Presort Services and Global Ecommerce Facilities and Transportation Hourly Employees: 90 days after hire date (this was 30 days prior to January 1, 2022); (2) PBI Employees and Presort Services and Global Ecommerce Facilities and Transportation Salaried Employees: 30 days after hire date.

Contributions:

Participant Contributions

Each participant may elect to defer from 1% to 50% of eligible pay (subject to Internal Revenue Service (“IRS”) and Plan rules) on a pre-tax, Roth, or after-tax basis. However, highly compensated employees are limited to a combined Before-Tax and Roth contribution amount of 12% of eligible pay, and are limited to 7% of eligible pay for After-Tax contribution. All contributions to the Plan are made through payroll deductions. New hires to the Plan are automatically enrolled in the Plan’s auto enroll feature at 6% with an annual increase of 1% up to 10%, unless the participant elects otherwise. In accordance with the limitations established for 2022 and 2021 by the Internal Revenue Code (the “Code”), the amount deferred annually on a combined before-tax and Roth contribution basis cannot exceed \$20,500 and \$19,500 for 2022 and 2021, respectively, and total annual Plan contributions including employer match cannot exceed \$61,000 and \$58,000 for 2022 and 2021, respectively, or 100% of pay, whichever is lower. In addition, contributions by “highly compensated” employees, as defined by the IRS, may be limited further under federal tax laws.

Participants who attain age 50 or older during the calendar year are permitted to make “catch-up” contributions to attain the maximum allowable contribution amount. In 2022 and 2021, if a participant is 50 or older, the participant could defer an additional \$6,500 on a combined before-tax and Roth basis for total combined before-tax and Roth contributions of \$27,000 and \$26,000 for 2022 and 2021, respectively. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans (“Participant Rollovers”).

Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

Employer Matching Contributions. The Employer will make Matching Contributions in the amount of 100% of a participant's deferral up to 4% of compensation for Pitney Bowes Inc. employees, and exempt employees of Pitney Bowes Presort Services Inc. and Pitney Bowes Global Ecommerce Facilities and Transportation. Presort and Global Ecommerce Facilities and Transportation non-exempt matching contributions are 50% of a participant's deferral up to 3% of compensation. In order to be eligible for Employer Matching Contributions, a participant must complete a one year period of service, subject to applicable provisions of the Plan including the contribution of the required Before-Tax Contributions, After-Tax Contributions or Roth Contributions.

Employer Core Contributions. An employee shall be eligible for Employer Core Contributions equal to 2% of his or her eligible annual compensation, after completion of a one year period of service, subject to the applicable provisions of the Plan. Participation in the Plan for purposes of the Employer Core Contribution shall be automatic, shall not require any Employee contributions to the Plan and may not be waived by the Employee once eligibility requirements have been met.

The eligibility for Employer Matching Contributions and Employer Core Contributions upon completion of a one year period of service only applies to contributions made and compensation earned after such one year period of service.

Participants can invest the Employer Matching Contribution in any of the investment options the Plan offers.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Investment fund operating expenses are deducted from each fund's returns. Participants are vested immediately in their contributions plus actual earnings thereon and 100% vested in the employer match and earnings thereon, after three years of service.

Notes Receivable From Participants

The Plan includes a loan provision whereby participants may borrow from their fund accounts a minimum loan amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in the account. The maximum term of such loans is 54 months except for loans related to the purchase of a primary residence, in which case 240 months is allowed. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal as specified within the Plan document.

Plan Administration

The general administration of the Plan is under the supervision of the Employee Benefits Committee (the "Committee") whose members are appointed by the Chief Executive Officer of Pitney Bowes Inc.

Payment of Benefits and Withdrawals

Subject to Plan rules, a participant may withdraw after-tax contributions and investment earnings thereon. Access to before-tax and Roth contributions and investment earnings are restricted due to government regulations. Withdrawals of before-tax contributions can only be made in the event of a financial hardship or after age 59½. The Plan allows in service withdrawals to participants reaching the age of 59½ from the vested portion of his or her Employer Matching Contributions Account and allows for withdrawals from a participant's Roth Rollover Contributions Account at any time. Upon termination or retirement, participants with account balances of \$5,000 or less will have the option to receive their vested account balance as a cash payment, as a rollover to an Individual Retirement Account ("IRA"), or to an employer plan of the participant's choice. Participants with account balances over \$5,000 may keep their balance in the Plan, rollover the balance to an IRA, or rollover the balance to an employer plan of the participant's choice.

Hardship withdrawals are available from the participant's elected contributions account to meet a Participant's immediate and heavy financial need, as defined by the Code. Participants may take no more than one hardship withdrawal per calendar year. Participants may continue to make elective contributions following the receipt of a hardship distribution.

Put Option

Under Federal income tax regulations, the Employer stock that is held by the Plan and its participants and is not readily tradeable on an established market, or is subject to trading limitations, include a put option. The put option is a right to demand that the Company buy any shares or its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchases with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Diversification

Effective January 1, 2007, a participant, beneficiary or alternate payee with a separate account under the Plan may elect to divest any amounts in his/her account that are invested in Employer Stock and reinvest an equivalent amount in the other investment options available under the Plan, as defined.

Forfeited Accounts

Forfeitures refer to non-vested Company contributions that a participant loses upon termination of employment. Any amounts forfeited by participants may be used to reduce future employer contributions and expenses of the Plan. The balance of forfeitures available for use against future employer contributions and expenses of the Plan at December 31, 2022 and 2021 was \$623,912 and \$799,159, respectively. In 2022, forfeited funds in the amount of \$1,054,725 were used to reduce employer contributions for the 2021 Plan year paid in 2022. Subsequent to the Plan year, \$815,837 was used to offset a portion of the Employer contribution due for 2022 paid in 2023.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. The value of such accounts would be distributed in accordance with the terms of the Plan and ERISA.

SECURE Act and CARES Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act was passed, and most provisions in the law became effective on January 1, 2020. The SECURE Act implements key retirement legislation reform for plan sponsors and individuals. These provisions did not have a material impact on the financial obligations under the Plan.

In response to the COVID-19 global pandemic, on March 27, 2020 the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was enacted and signed into law. Certain provisions of the CARES Act impact the operation of retirement plans during 2022 and 2021. These provisions did not have a material impact on the financial obligations under the Plan.

On August 3, 2022, the IRS released Notice 2022-33, which extends the deadline for adopting any SECURE Act plan amendments until December 31, 2025, to provide relief for plan sponsors waiting for final IRS guidance on many of the SECURE Act’s provisions. The IRS expects SECURE Act guidance to be issued with the 2023 Required Amendment list. The Notice also extends the deadline for the 2020 waiver in the CARES Act of required minimum distributions until December 31, 2025. These amendments can be retroactively adopted; therefore, the Plan can implement the amendments prior to amending the plan instrument. Similarly, plans may have voluntarily adopted provisions under the CARES Act by placing them in operation without amending the plan as long as the plan management makes the required amendments to plan documents by December 31, 2025.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 (“SECURE 2.0 Act”) was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the SECURE 2.0 Act generally need not be made until the end of the first plan year beginning on or after January 1, 2025; however, plans must be operated in accordance with the effective date of each new provision. There is no current impact to the Plan and these provisions did not have an impact on the financial statements. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

2. Significant Accounting Policies

Use of Estimates and Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 7 for discussion of fair value measurements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses

All expenses of administering the Plan shall be charged to the Trust Fund, unless paid by the Company. To the extent that expenses are paid for by the Trust Fund, revenue sharing credits generated by the investment funds in the Plan may be used to offset administrative expenses with any excess to be returned to the fund or funds generating the revenue sharing and allocated to Participants investing in those funds based on Participant balances in those funds. As of December 31, 2022, an additional \$101,059 was accrued for 2022 expenses paid in 2023. Fees charged to participants by the investment funds are included in the determination of net realized and unrealized gains (losses) on investments.

Benefit Payments

Benefit payments are recorded when paid.

3. Related Party Transactions and Exempt Party-In-Interest Transactions

Certain Plan investments are shares of funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Management believes that fees paid during the year for administrative and managerial services rendered by T. Rowe Price Trust Company were based on customary and reasonable rates for such services. Notes receivable from participants are also considered exempt party-in-interest transactions.

The Plan also invested in Pitney Bowes common stock as a company match election prior to January 1, 2011. Pitney Bowes is the Plan Sponsor and, therefore, these transactions qualify as a party-in-interest.

4. Financial Data Certified by the Trustee

All of the Plan investments and related earnings information included in the Statements of Net Assets Available for Benefits, the Statement of Changes in Net Assets Available for Benefits, the supplemental schedule and the investment information in Notes 6 and 7 have been certified as complete and accurate by the Trustee in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. T. Rowe Price Trust Company, as Trustee, has also certified the following financial data as complete and accurate:

	2022	2021
Investments, at fair value	\$ 1,502,641,396	\$ 1,827,753,018
Notes receivable from participants	16,150,437	15,804,100
Total	<u>\$ 1,518,791,833</u>	<u>\$ 1,843,557,118</u>

	2022
Net depreciation in fair value of investments	\$ (330,236,479)
Interest income on notes receivable from participants	637,450
Interest and dividend income	32,676,260

5. Tax Status of the Plan

The Plan received its latest tax determination letter on June 23, 2017 from the IRS that stated that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Net Depreciation in Fair Value of Investments

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$330,236,479.

7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Company Stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

Units in Common/Collective Trusts

Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Mutual Fund Account

Valued at end-of-day account value provided by Schwab, based on end-of-day market values of individual holdings in the account.

Notes to Financial Statements
December 31, 2022 and 2021

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. Affiliated Plan Transfers

Affiliated plan transfers represent the account balances of employees transferring between the Pitney Bowes Inc. 401(k) Plan and the Pitney Bowes Puerto Rico Savings Plan. For the Plan year ended December 31, 2022, there were no such transfers.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include risks related to pandemics and international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Market conditions may result in a high degree of market volatility and increase the risks associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:
