INDEPENDENT AUDITORS' REPORT

To The Board of Trustees
Component Assembly Systems, Inc. 401(k) Plan
Pelham, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Component Assembly Systems, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of Component Assembly Systems, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from Fidelity Management Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Component Assembly Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Component Assembly Systems, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Component Assembly Systems, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Component Assembly Systems, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMPONENT ASSEMBLY SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 - Description of Plan

The following description of Component Assembly Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on October 1, 1995 and is a defined contribution plan covering substantially all eligible employees of Component Assembly Systems, Inc. (the "Company") and its wholly-owned subsidiaries, who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is the trustee of the trust established as part of the Plan.

Contributions

Each year, participants may contribute up to 90% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the "Code") for 2022 of \$20,500, plus a maximum of \$6,500 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company can make a discretionary matching contribution to the Plan in an amount equal to a percentage of the participants' elective deferrals. For the year ended December 31, 2022, the Company did make a discretionary matching contribution to the Plan.

The Company can make an additional discretionary profit sharing contribution, the percentage of which is determined on an annual basis by the Company. Such contributions are deemed to be employer nonelective contributions. For the year ended December 31, 2022, the Company did not make an additional discretionary profit sharing contribution to the Plan.

Additionally, to the extent necessary, the Company shall contribute to the Plan the amount necessary to provide the top heavy minimum contribution.

COMPONENT ASSEMBLY SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions and allocations of the Company's additional discretionary profit sharing contributions (if any), Plan earnings, and forfeitures, as applicable, and charged with an allocation of administrative expenses (if any). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the portion of participant account balances related to the Company's matching contributions and additional discretionary profit sharing contributions (if any) is based on years of continuous service. A participant shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In addition, upon the participant's death, disability and attainment of age 65 (normal retirement), all amounts become immediately vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. A participant requesting a Plan loan must have a minimum vested account balance of \$1,000 to be eligible. The loans are secured by the balance in the participant's account and bear interest at the prevailing interest rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest are paid ratably through monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is ten years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant immediately becomes fully vested and will receive the full value of their account in a lump-sum amount or in installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Participants age 59½ or older may take distributions during employment and may elect to receive the value of the vested interest in their account under a systematic withdrawal plan.

COMPONENT ASSEMBLY SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 - Description of Plan (cont'd.)

Hardship - Withdrawals

Participants may withdraw their vested balances if they meet the hardship-withdrawal provisions contained in the Plan. Withdrawals made under this provision are subject to applicable income taxes and penalties.

Forfeitures

Forfeitures of nonvested matching contribution portions of participant balances may be used to offset current and future employer contributions or reduce administrative expenses. Forfeitures of other nonvested amounts are to be allocated to the eligible participants in the same proportion that each participant's compensation bears to the compensation of all participants for such year. Forfeited amounts of \$3,014 were used to reduce Plan expenses during 2022. The forfeited amount of \$789 was transferred to the forfeiture account during 2022. At December 31, 2022 and 2021, the balance in the forfeiture account totaled \$1,966 and \$3,551, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

COMPONENT ASSEMBLY SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. The interest portion included in each loan payment is recognized as interest income in the participant's individual account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest rates on loans outstanding at December 31, 2022 ranged from 4.25% to 8.00%. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company.

Note 3 - Information Certified by the Plan's Trustee

The following information, including investments and notes receivable from participants at December 31, 2022 and 2021, and investment (loss) income and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 4 - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the NAV of units of the bank collective trust and composed primarily of fully benefit-responsive investment contracts. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

COMPONENT ASSEMBLY SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 4 - Fair Value Measurement (cont'd.)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and 2021. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments at Fair Value at December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$24,177,424</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 24,177,424
Stable value fund (a)				<u>2,430,759</u>
Total Investments at Fair Value				<u>\$ 26,608,183</u>

Investments at Fair Value at December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$32,390,629</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 32,390,629
Stable value fund (a)				<u>3,302,771</u>
Total Investments at Fair Value				<u>\$ 35,693,400</u>

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

COMPONENT ASSEMBLY SYSTEMS, INC. 401(k) PLAN

Note 4 - Fair Value Measurements (cont'd.)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Assets at Fair Value at December 31, 2022

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable Value Fund	<u>\$ 2,430,759</u>	n/a	Daily	12 months

Assets at Fair Value at December 31, 2021

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable Value Fund	<u>\$ 3,302,771</u>	n/a	Daily	12 months

Note 5 - Administration of Plan Assets

The Plan's assets, which consist principally of units of participation in mutual funds and unallocated general account contracts, are held by the trustee of the Plan. Company and participant contributions are held and managed by the trustee, which invests cash received and interest and dividend income and makes distributions to participants. All investment decisions are made by the participants in the Plan using a self-directed provision. Fidelity Workplace Services LLC, the recordkeeper, performs nearly all administrative functions of the Plan, including setting up new accounts, initiating withdrawals, calculating participant's vesting percentages, performing top-heavy and discrimination tests on the Plan and all administrative functions regarding participant loans.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Generally, all administrative expenses for the Plan are paid by the Company.

COMPONENT ASSEMBLY SYSTEMS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions, which are exempt under the prohibited transaction rules.

Fees incurred by the Plan for the investment management services are included in net appreciation or depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status of the Plan

Effective June 23, 2021, the Company adopted the pre-approved plan document of FMR LLC. The Internal Revenue Service ("IRS") has determined and informed FMR LLC by an opinion letter dated June 30, 2020, that the pre-approved plan document is designed in accordance with applicable sections of the Code. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Prior to June 23, 2021, the IRS had determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust were designed in accordance with applicable sections of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
