Independent Auditor's Report

To the Board of Trustees of
403(b) Thrift Plan of P.G. Chambers School, Inc.
Cedar Knolls, NJ

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of 403(b) Thrift Plan of P.G. Chambers School, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the financial statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Board of Trustees of
403(b) Thrift Plan of P.G. Chambers School, Inc.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Board of Trustees of
403(b) Thrift Plan of P.G. Chambers School, Inc.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

To the Board of Trustees of
403(b) Thrift Plan of P.G. Chambers School, Inc.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following brief description of the 403(b) Thrift Plan of P.G. Chambers School, Inc. (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established for the purpose of providing eligible employees of the P.G. Chambers School, Inc. (the "School") and their beneficiaries funds for retirement. Employees are eligible to participate in the Plan at the commencement of their employment with the School and the entry date is the first day of the pay period on or after the commencement of employment. Mutual of America Life Insurance Company ("Mutual of America") is the trustee and custodian of the Plan.

Administration

The Plan is administered by the School, which serves without compensation. The Plan Administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Board of Trustees of P.G Chambers School, Inc. is responsible for the oversight of the Plan.

Eligibility

Employees are eligible to enter the Plan on the first day of the pay period on or after the commencement of employment. Employees are eligible to receive an employer matching contribution or, if applicable, an employer discretionary contribution after the one-year anniversary following attainment of twenty-one years of age and completion of one year of service with a minimum of 1,000 hours of service, as defined in the Plan document. In addition, as defined in the Plan document certain employees are excluded by the Plan.

Contributions

A participant of the Plan may make contributions of both before-tax and after-tax (Roth) contributions to the Plan through payroll deductions of any whole percentage or fixed dollar amounts up to 100% of compensation, as defined in the Plan, up to the limit prescribed by the Internal Revenue Code ("IRC"). Any participant, age 50 or over, may make additional catch-up contributions as determined by the Internal Revenue Service ("IRS").

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

403(b) Thrift Plan of P.G. Chambers School, Inc.

Notes to Financial Statements

December 31, 2022 and 2021

The School contributes 50% of the first 6% of base compensation, excluding catch-up contributions, that a participant contributes to the Plan for those employees who have completed eligibility requirements as defined in the Plan document (Matching Contribution). In addition, the Board of Trustees of the School determines annually an amount of an additional contribution that is made to all eligible participants who are actively employed on the last day of the Plan year (Discretionary Contribution). Discretionary Contributions, if any, are made whether or not the participant has made contributions during the year. Contributions are subject to certain statutory limitations. During the years ended December 31, 2022 and 2021, the School contributed \$179,135 and \$191,237, respectively, in Matching Contributions to the Plan. Additionally, the School made discretionary contributions of \$143,399 and \$134,408 for the years ended December 31, 2022 and, 2021, respectively.

Rollover contributions (distributions from other qualified plans) amounted to \$73,787 and \$0 for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds with varying investment objectives in the pooled separate account and an insurance investment contract in the general account. Each participant's account is credited with the participant's pre-tax contributions and proportionate share of the School's matching contributions and Plan earnings since the preceding valuation date. The participant's account is reduced by withdrawals and proportionate share of losses on investments. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee and employer contributions plus actual earnings thereon.

Notes Receivable from Participants

The Plan offers its participants plan loans, of which, the amount borrowed plus a loan reserve (20% of the loan amount) is secured against the Interest Accumulation Account with Mutual of America Life Insurance Company. The funds are not deducted from the participant's account balance, however, come from Mutual of America's general assets. Principal repayments are applied to reduce the amount secured by assets held in the Interest Accumulation Account, and a portion of the interest paid by the participant is retained by Mutual of America as compensation.

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance in the Interest Accumulation Account, whichever is less.

The loans are secured by the balance in the participant's account and bear interest at a rate determined by Mutual of America Life Insurance Company (3.25% and 4.00% at December 31, 2022 and 2021, respectively).

403(b) Thrift Plan of P.G. Chambers School, Inc.

Notes to Financial Statements

December 31, 2022 and 2021

All loans have payments made every two weeks for a period not to exceed five years. Repayment of principal and interest is required to be made through employee payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. At December 31, 2022 and 2021, participants had outstanding plan loan balances due of \$100,852 and \$110,829, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of his or her vested account balance if the balance is less than \$1,000. The participant will otherwise have the option to elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity distribution as defined by the Plan document.

Forfeitures

The Plan has no forfeitures, as both employee and employer contributions to the Plan are immediately vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee and custodian determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan's administrator has reviewed subsequent events and transactions that occurred after December 31, 2022, through the date of the independent auditors' report and the date the financial statements were available to be issued, October 9, 2023. The financial statements include all events and transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. The Plan's administrator has determined that there are no non-recognized subsequent events that require additional disclosure.

3. Certified Investments (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule and in Note 4, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest income and other income for the years ended December 31, 2022 and 2021, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company (the trustee and custodian of the Plan) are as follows:

Supplemental Schedule: All investment balances and information included in the schedule and in Note 4.		

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

403(b) Thrift Plan of P.G. Chambers School, Inc.**Notes to Financial Statements****December 31, 2022 and 2021**

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: These accounts invest in securities which generally have publicly quoted prices which are used in determining the net asset value of the pooled separate account. The NAV, as provided by the trustee and custodian, is the basis for current transactions and can be redeemed at NAV as of the measurement date. Therefore, these investments have a readily determinable fair value.

While the underlying asset values are quoted prices, the net asset value of a separate account is not publicly quoted. Pooled separate accounts are an accounting entity rather than a legal entity. Separate accounts are credited with the income, gains or losses resulting from the assets allocated to that specific account only. The return on separate accounts is not guaranteed as the value of an interest in a separate account increases or decreases based on the value of the assets held in the separate account. Each plan that invests in the pooled separate accounts obtain units of participation in the pooled account and through those units of participation, share in the gains and losses of all investments in the pooled account. Pooled separate accounts can be redeemed on a daily basis.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022	
	Level 1	Total
Assets in the fair value hierarchy:		
Pooled separate accounts	\$ 13,668,815	\$ 13,668,815
Total assets at fair value	<u>\$ 13,668,815</u>	<u>\$ 13,668,815</u>
	December 31, 2021	
	Level 1	Total
Assets in the fair value hierarchy:		
Pooled separate accounts	\$ 16,639,391	\$ 16,639,391
Total assets at fair value	<u>\$ 16,639,391</u>	<u>\$ 16,639,391</u>

5. Mutual of America Life Insurance Company's General Contract

The Plan offers an investment in the Interest Accumulation Account of Mutual of America Life Insurance Company's General Account (Interest Accumulated Account) totaling \$2,179,809 and \$2,335,519 at December 31, 2022 and 2021, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. This account is credited with interest at a rate determined by Mutual of America, and it reserves the right to change interest rates applicable to the amounts held in the Interest Accumulation Account at its discretion. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Interest Accumulation Account credits interest at a rate that is declared from time to time, and which may increase or decrease at Mutual of America's discretion.

Mutual of America guarantees that they will credit interest for the life of the contract to amounts in the Interest Accumulation Account at a rate of at least equal to the greater of (1) any contractual minimum guarantee provided by the contract or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners (NAIC) standard nonforfeiture law. The NAIC minimum rate is determined in accordance with a formula and cannot be less than 1.00% or more than 3.00% in any event. Mutual of America determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year. The current minimum rate has been set at 1.00% in accordance with this formula for all contracts that do not have a contractual minimum guarantee of 3.00% or 1.50%.

If the contract has a contractual guaranteed minimum rate of 3.00% or 1.50%, the interest rate under the participant's contract will not go below that amount regardless of the minimum rate that is set for a calendar year. Mutual of America may credit a higher rate of interest to the participant's contract amounts in the Interest Accumulation Account, although they are not obligated to credit interest in excess of the minimum guaranteed rate. Interest compounds daily on the contract amounts in the Interest Accumulated Account to produce an effective annual yield that is equal to the stated interest rate. This guarantee is subject to Mutual of America's financial strength and claims-paying ability.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

403(b) Thrift Plan of P.G. Chambers School, Inc.

Notes to Financial Statements

December 31, 2022 and 2021

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

6. Plan Termination

Although it has not expressed intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the amount credited to the participant's accounts under the Plan will become 100% vested.

7. Tax Status

The Plan is intended to comply with the applicable requirements of Section 403(b) of the (IRC) Internal Revenue Code. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America, require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. As of the date of the independent auditors' report, there are currently no audits for any tax periods in progress.

8. Party in interest Transaction

The School is the sponsor of the Plan and therefore, is considered a party-in-interest. However, the only transactions involving the School relate to the Plan contributions. Plan investments include investments managed by Mutual of America for the years ended December 31, 2022 and 2021. Mutual of America is the trustee and custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
