Independent Auditor's Report

To the Plan Administrator and Management of the Plan Sponsor
Air Techniques, Inc. Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Air Techniques, Inc. Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Air Techniques, Inc. Employee Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 – Description of Plan

The following description of Air Techniques, Inc. Employee Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, which was established January 1, 1990, is a defined contribution plan organized under Internal Revenue Code (“IRC”) Section 401(k) with a cash or deferred arrangement and allows for a discretionary employer profit sharing contribution. Effective November 1, 2016, the Plan adopted the Fidelity Volume Submitter Plan (“Volume Submitter Plan”). Effective July 23, 2021, the Plan adopted the Fidelity Non-standardized Pre-Approved Profit Sharing/ 401(k) Plan (“Fidelity Non-Standardized Plan”). The Plan covers all non-union employees of Air Techniques, Inc. (the “Employer” or “Company”) who have completed 30 days of entry service and attained the age of 21. The Plan is subject to the provisions of ERISA. Management of the Company is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to management. The assets of the Plan are administered under a trust agreement with Fidelity Management Trust Company, Inc. (“Fidelity”). The trust agreement requires that the custodian administer in accordance with the text of the Plan, the trust agreement, and instructions from the Plan Administrator. The custodian holds and manages the assets of the Plan.

Contributions

Each year, participants may elect to voluntarily contribute to the Plan from 1 to 90 percent (in full percentage points) of their pretax earnings, as defined in the Plan, up to a maximum in accordance with Section 415 (c) of the IRC and adjusted annually for inflation thereafter. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. The Plan accepts Roth Elective Deferrals made on behalf of participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their contribution rate set at 3% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. Participants direct the investment of their contributions, employer contributions, and rollovers, into various investment options offered by the Plan. The Company makes non-discretionary matching contributions to eligible employees of 50 percent of the first 6 percent of compensation that they contribute to the Plan. The Company made non-discretionary matching contributions of \$437,628 and \$316,051 during the years ended December 31, 2022 and 2021, respectively. The Company may make a discretionary contribution to eligible employees each plan year based upon a formula, as defined by the Plan. No discretionary profit sharing contributions were made in 2022 and 2021. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

During 2021, Plan management became aware that during the period of January 1, 2016 through December 31, 2021, the Plan excluded certain items in the definition of compensation resulting in certain Plan participants receiving incorrect contributions as prescribed under the Plan document. The Company elected to make corrective contributions in accordance with the IRS’s Employee Plans Compliance Resolution System (“EPCRS”). As of the date of these financial statements, the Company has corrected all of the incorrect contributions and reimbursed the effected plan participants.

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of (a) the Employer's discretionary contribution, if any, (b) Plan earnings or losses, and (c) charged with an allocation of Plan administrative expenses.

Allocations are based on the participant's earnings (losses) and expenses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The vesting in the Company's matching or discretionary contribution portion of the participant's accounts is based on years of continuous service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

A participant's vested interest in their employer matching or discretionary contributions shall be determined in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Interest</u>
Less than 1	0%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 7.25 percent, which are commensurate with local prevailing rates. Principal and interest are paid ratably through semi-monthly and bi-weekly payroll deductions.

Payment of Benefits

On termination of services, including death, disability or retirement, a participant with a vested balance over \$1,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the life expectancy of the participant. If the vested interest is less than \$1,000, or for termination of services for other reasons, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeited Accounts

Forfeitures of non-vested accounts are used to reduce Plan expenses and contributions by the Company. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$719 and \$1,677, respectively. For the years ended December 31, 2022 and 2021, \$8,721 and \$36,849, respectively, was used to reduce Plan expenses and Company contributions.

Note 1 – Description of Plan (continued)

Coronavirus Aid, Relief and Economic Security Act

The Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”) was enacted on March 27, 2020. The CARES Act included a number of relief provisions available to tax-qualified retirement plans. The provisions of the CARES Act were effective and operationalized immediately (i.e., prior to amending the Plan document). The Plan adopted certain measures included in the CARES Act as follows:

- Permitted qualified individuals (as defined under the CARES Act) to request Coronavirus-Related Distributions up to \$100,000 from their vested portion of the Plan between January 1, 2020 and December 31, 2020.
- Permitted any Plan loan repayment that came due during the period March 27, 2020 through December 31, 2020 to be delayed for up to one year.
- Permitted the delay of Required Minimum Distributions (“RMD”) for a period of one year, with the delay applying to both 2019 distributions that were required to begin no later than April 1, 2020, and 2020 distributions, unless an employee elected to receive an RMD in 2020. Participants that elected to receive a 2020 RMD amount were able to use the 60-day rollover option.

The timing and manner for formal plan amendments, as determined by the CARES Act, was extended to December 31, 2025.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Contracts

Investments held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Employer determines the Plan’s valuation policies utilizing information provided by the Plan’s investment adviser, custodian, and trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2022 and 2021.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. The Plan had deemed distributions of \$8,582 and \$13,903 for the years ended December 31, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Information Prepared and Certified by Fidelity Management Trust Company

The following information in the accompanying financial statements and supplemental schedule was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity, the trustee of the plan.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2022 and 2021.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include:
---------	--

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's recurring investments at fair value at December 31, 2022 and 2021:

<u>Investments at Fair Value at December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Mutual Funds	<u>\$ 21,918,363</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,918,363</u>

Note 5 – Morley Stable Value Fund

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Global Investors Trust Company ("Principal") as trustee of the Morley Stable Value Fund (the "Fund"). Principal maintains the contributions in a general account totaling \$1,875,958 and \$1,511,403 as of December 31, 2022 and 2021, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expense. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established the contract issuer. The guaranteed investment contract may be terminated by Principal or the Plan upon 30 days advance notice to the other parties or if the account balance is zero for twelve consecutive months.

As described in Note 2, the contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the relevant amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations was affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or split-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 – Morley Stable Value Fund (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited on contract balances at crediting rates which are announced in advance and guaranteed for a specified period of time. Such interest rates are reviewed on a monthly basis for resetting.

Average yields:	<u>2022</u>	<u>2021</u>
Based on actual earnings	2.60%	1.93%
Based on interest rate credited to participants	2.60%	1.93%

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note 7 – Tax Status

The Fidelity Non-Standardized Plan received a favorable opinion letter from the IRS dated June 30, 2020, stating that the plan, as then designed, was in compliance with the applicable section of the IRC. The Plan's tax counsel believe that the adoption agreement for the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt. The Volume Submitter Plan which had obtained its latest determination letter on March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Related Party Transactions

Certain Plan investments are managed by Fidelity, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue will be used to offset certain amounts owed to Fidelity, or other service providers, for their administrative services to the Plan. Fees incurred by the Plan for the investment management services are paid by revenue sharing, rather than direct payment.

The Plan made direct payments to Fidelity Investments Institutional, the Plan's recordkeeper, of \$5,813 and \$6,695 for the years ended December 31, 2022 and 2021, respectively.

The Plan made direct payments to Sentinel Securities Inc, the Plan's financial advisor, of \$43,459 and \$43,391 for the years ended December 31, 2022 and 2021, respectively. The Employer pays directly any other fees related to the Plan's operations.

Air Techniques, Inc. Employee Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

High inflation and interest rates, as well as other changes in economic and political events resulted in increased volatility in financial markets. Because the values of the Plan's investments have and will fluctuate in response to these changing market conditions, the impact of this situation on the Plan (and the Company) and its future results and financial position is not presently determinable.

Note 10 – Prohibited Transactions

During 2021, Plan management became aware that during the period of January 1, 2016 through December 31, 2021, the Plan excluded certain items in the definition of compensation resulting in certain Plan participants receiving incorrect contributions as prescribed under the Plan document. The Company elected to make corrective contributions in accordance with the IRS's Employee Plans Compliance Resolution System ("EPCRS"). In January 2023, the Company corrected all of the incorrect contributions and reimbursed the effected plan participants in the amount of \$220,356. This corrected amount is included in the receivables on the accompanying statement of net assets available for benefits.

Note 11 - Reconciliation of Financial Statements Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per financial statements as of December 31, 2022 and 2021 to Form 5500:

To the Board of Trustees of Air Techniques, Inc. Employee Retirement Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Air Techniques, Inc. Employee Retirement Plan (the “Plan”) as of and for the year ended December 31, 2022 in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(c), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not include consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a material weakness and another deficiency that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Company's internal control to be a significant deficiency:

Gettry Marcus CPA, P.C. has assisted the Plan in preparing their financial statements. Management continues to make all management decisions and perform all management functions. Additionally, management has designated an individual who possesses suitable skill, knowledge and experience to oversee our services. Such individual is responsible to evaluate the adequacy and results of the services performed, accept responsibility for the results of the services, and maintain control and monitor such services.

This communication is intended solely for the information and use of management and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

To the Board of Trustees
Air Techniques, Inc. Employee Retirement Plan
1295 Walt Whitman Road
Melville, NY 11747

We have audited the financial statements of Air Techniques, Inc. Employee Retirement Plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), for the year ended December 31, 2022, and we will issue our report thereon dated October 10, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 25, 2023. Professional standards also require that we communicate to you the following information related to our audit.

1) Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Air Techniques, Inc. Employee Retirement Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period. The most sensitive accounting policy affecting the financial statements was:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Employer determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser, custodian, and trustee.

2) Financial Statement Disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

During 2021, the Company became aware from January 1, 2016 through December 31, 2021, the Plan had failed to include certain items in the definition of compensation resulting in certain Plan participants receiving incorrect contributions as prescribed under the Plan documents. The Company intends to correct these failures in accordance with the IRS's Employee Plans Compliance Resolution System ("EPCRS"). As of the date of these financial statements, the Company corrected this error and paid the plan participants \$220,356 to compensate them for the years in which their compensation was properly accounted for in their calculation of employee contributions.

3) Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

4) Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were one uncorrected misstatements which was passed on.

5) Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

6) Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 10, 2023.

7) Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

8) Fraud and Illegal Acts

Those charged with governance should be adequately informed of fraud and illegal acts coming to the auditor's attention during the course of the audit. No fraud or illegal acts were noted.

9) Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

10) Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
