REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Valicor Environmental Services, LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Valicor Environmental Services, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Valicor Environmental Services, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Valicor Environmental Services, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees within Valicor Environmental Services, LLC (the Company). The Plan was created as the result of a spin-off of the Company by its prior parent.

The Plan is intended to meet the requirements of the Internal Revenue Code (IRC) and qualify as a defined contribution plan. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA). It was established to provide retirement benefits to eligible employees of the Company. Employees meeting the eligibility requirements below become eligible to contribute to the Plan and to receive an employer matching contribution on the first day of the month following the date on which they meet the eligibility requirements. The eligibility requirements are as follows:

- U.S. resident, excluding territories of the U.S.;
- Non-temporary employee (leased employee);
- Non-union employee; and
- Completion of a required service period and have attained the age of 18.

Employees are automatically enrolled at 3% after employee's eligibility requirement of 60 days is met, if they make no investment elections within 60 days of employment.

Empower Retirement, LLC serves as the record keeper and Great-West Trust Company (Great West) is the trustee of the Plan. The assets of the Plan are held for the exclusive benefit of the participating employees.

Participant Contributions

Each participant may elect to contribute from 0% to 100% of his or her eligible salary for the years ended December 31, 2022 and 2021, or a specific dollar amount, up to the maximum amount allowed under the IRC to be allocated to their account. The participants choose to direct a percentage of their contributions to any of the available fund options. Contributions are made through payroll deductions.

Company Contributions

On January 1, 2021, the Company reinstated matching contributions to each participant's account equal to 100% of the participant's contribution up to 3% and an additional 50% of the participant's contribution not exceeding 5%. Each plan year, the employer may also make a discretionary profit-sharing contribution to all employees. There was no discretionary profit-sharing contribution in 2022 or 2021.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's voluntary contribution and company contributions, charged with withdrawals and credited with an allocation of plan earnings or losses, net of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and earnings are immediately 100% vested. Effective January 1, 2018 with the Plan's adoption of safe harbor provisions, company contributions are immediately 100% vested.

Payments of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive the balance of their account in a lump-sum payment or a portion of their entire balance, as defined. A participant whose service is terminated for any other reason is entitled to the distribution of the then-vested portion of the account balances. Participants having an immediate and heavy financial hardship without any other source of funds may request a hardship withdrawal of their voluntary contributions.

If a terminating participant's vested account balance does not exceed \$5,000, the Plan will distribute the benefit in a lump-sum distribution as soon as administratively practicable. Participants whose vested account balance exceeds \$5,000 may elect to receive as benefits the entire vested amount credited to their accounts as of that date in either a lump sum, installment payments, or part lump sum and part installment payments.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made or 50% of their vested account balance, whichever is less. Participants may have a maximum of two loans outstanding at any given time. Loans must be repaid over a period not extending beyond five years from the date of the loan, unless such loan is used to acquire a dwelling unit that, within a reasonable time, will be used as a principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions. The interest rate ranges from 4.25% to 8.00% and 4.25% to 6.50% for all outstanding loans at December 31, 2022 and 2021, respectively.

Forfeitures

The Plan provides that, upon a participant's termination and distribution of their vested interest, the participant's non-vested interest in their account is forfeited. Forfeitures may be used to reduce the Company's matching contribution. Forfeitures of terminated participants' non-vested account balances used to reduce employer contributions amounted to approximately \$0 for 2022. At December 31, 2022 and 2021, the outstanding balance of forfeited non-vested accounts totaled \$5,837 and \$5,701, respectively.

Administrative Expenses

The Plan is primarily responsible for the payment of plan fees and expenses, which are expensed as incurred; however, the Company, in its discretion, may decide to pay all or some of these expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Valicor Environmental Services, LLC 401(k) Plan

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions to plan assets during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

The net appreciation in fair value of investments reflected in the accompanying statement of changes in net assets available for benefits represents the difference between fair value and the cost of the investments as well as the realized gain or loss on sales of investments, measured by the difference between the proceeds received and the cost of investments sold. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Benefits Paid to Participants

Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valicor Environmental Services, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy as of December 31. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual funds - Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust funds - Valued at net asset value (NAV) per share or its equivalent, based on the fair value of the funds' underlying assets and liabilities that are generally obtained from the investment provider. There are no redemption restrictions or unfunded commitments on these investments.

Stable value fund - Valued at the NAV of shares held by the Plan at year end. The stable value fund does not have a finite life, unfunded commitments related to these types of investments, or significant restrictions on redemptions. This fund invests in high-quality-guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The fund also invests in security-backed investment contracts, including separate account products of insurance companies. The fund's investment objective is to deliver intermediate-bond-like returns while seeking to maintain a stable NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total

(a) Redemption of the collective trust funds and stable value fund is generally permitted daily and there are no unfunded commitments

NOTE D - INCOME TAXES

The Internal Revenue Service (IRS) has determined and informed the Plan's record keeper by a letter dated March 31, 2014, that the non-standardized prototype plan used by the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions.

NOTE F - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great West, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.

Valicor Environmental Services, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

- Assets held as of December 31, 2022 and 2021, as shown on schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent certified public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related amounts included in the accompanying financial statements and supplemental schedule.

NOTE G - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect employees' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their company contributions.

NOTE I - SUBSEQUENT EVENTS

The Setting Every Community Up for Retirement Act ("SECURE 2.0 Act") was enacted on December 29, 2022. The SECURE 2.0 Act includes certain provisions related to eligibility and enrollment, minimum distributions, catch-up contributions and emergency withdrawal, certain of which become effective in 2023. The Plan administrator is currently evaluating the impact of this legislation on the Plan.

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

The Plan administrator is not aware of any additional subsequent events that would require recognition or disclosure in the financial statements.
