INDEPENDENT AUDITOR'S REPORT

The Plan Participants and the Plan Administrator
WCA Hospital 403(b) Retirement Savings Plan
Jamestown, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the WCA Hospital 403(b) Retirement Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements might have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income/loss and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits as of December 31, 2022. The amount of these excluded annuity contracts and custodial accounts and the related income/loss and distributions are not determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income/loss and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. Because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

WCA HOSPITAL 403(B) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the WCA Hospital 403(b) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) covering substantially all employees of the Woman's Christian Association of Jamestown, New York (WCA Hospital or Plan Sponsor). WCA Hospital and the University of Pittsburgh Medical Center (UPMC) completed an affiliation between the organizations and WCA Hospital was renamed UPMC Chautauqua at WCA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective June 30, 2017, the Plan was amended so that subsequent to that date no employees could become eligible to participate in the Plan, and also to discontinue participant and employer contributions, rollovers and transfers into the Plan, with the exception of rollover contributions from the WCA Hospital Defined Contribution Plan. On June 30, 2017, the Plan also prohibited participants from taking new loans against their accounts. Participants continue to have access to their accounts and continue to receive earnings or losses on their investments. They can change their investments elections throughout the year.

Participant Accounts - Effective after the Plan freeze at June 30, 2017, each participant's account is credited with allocations of Plan earnings or losses and charged with an allocation of administrative expenses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participant accounts are fully vested.

Payment of Benefits - The benefit to which a participant is entitled is the balance in his/her account. Distributions from the participant's account may be paid out when he or she attains age 59-1/2, separates from service, dies or becomes disabled. Forms of payment include lump sums for balances that are less than $5,000 and lump sums, installments or annuities for balances greater than $5,000. The Plan permits hardship withdrawals.

Notes Receivable From Participants - Loans are secured by the participant balance in the account and bear reasonable interest established by the trustees. Principal and interest are billed monthly directly to the participant. Loan repayment terms are over a period not to exceed five years.

Transfers - Effective September 1, 2017, the Plan permits fully vested participants who have no outstanding participant loans and participate in other plans to elect a plan-to-plan transfer to the UPMC 403(b) Retirement Savings Plan. Transfers out of the Plan were $8,000 in 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Annual Reporting Requirements - Prior to January 1, 2009, the trustees maintained records at a contract, not a plan level, and administratively decided to not provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the WCA Hospital nor the trustees have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employers prior to January 1, 2009. As a result, the completeness and accuracy of the annuity and custodial accounts, related investment income (loss), and distributions related to these accounts, if any, could not be determined.

Use of Estimates - The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements and Note 5 for the discussion of fully benefit-responsive investment contracts.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Investment-related expenses are included in net depreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events - Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or available to be issued. Management has evaluated subsequent events through October 12, 2023, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to disclosures in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln Financial Group Trust Company, Inc. and Lincoln Life and Annuity Company of New York, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule, except for the amount of certain excluded annuity contracts and custodial accounts and the related income/loss and distributions as mentioned in the Basis for Disclaimer Opinion paragraph,9.25 is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Interest and dividends, net depreciation in fair value of investments and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENT

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
  - Quoted prices for similar assets and liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in markets that are not active
  - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity Contracts - Valued at the NAV of shares held by the Plan at year end. The NAV is based on the market value of its underlying investment and is not a publicly quoted price in an active market. The unit value of the accounts is calculated by dividing the total value of the assets by the number of units in the account. The NAV is used as a practical expedient to determine fair value for these accounts. The LVIP SSGA S&P 500 Index Fund's underlying investment strategy is to approximate the total rate of return of common stocks publicly traded in the United States as represented by the S&P 500 index. The LVIP SSGA Small-Cap Index Fund's underlying investment strategy is to approximate the performance of the Russell 2000 Index. The remaining variable annuity contracts' underlying investments seek to provide capital appreciation and long-term growth of capital. There are no unfunded commitments or redemption notice periods applicable to participants at December 31, 2022 and 2021.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31,

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 25,778,887	-	-	$ 25,778,887
Total Assets At Fair Value	$ 25,778,887	-	-	25,778,887
Investments measured at net asset value (a)				4,326,562
Total Assets				$ 30,105,449

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 33,204,999	-	-	$ 33,204,999
Total Assets At Fair Value	$ 33,204,999	-	-	33,204,999
Investments measured at net asset value (a)				6,105,338
Total Assets				$ 39,310,337

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan invests in the Lincoln Fixed Account, a fully benefit-responsive investment contract (a traditional investment contract) with Lincoln Life and Annuity Company of New York. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer with a minimum guaranteed interest rate of 4.50%. The crediting rate is reviewed on a quarterly basis for resetting.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS WITH INSURANCE COMPANY (Continued)

The Plan also invests in the Lincoln NY Stable Value Account, a fully benefit-responsive investment contract (a traditional investment contract), with Lincoln Life and Annuity Company of New York. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer with a minimum guaranteed interest rate of 2%. The crediting rate is reviewed on an annual basis for resetting.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, since this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value represents contributions made under each contract, plus earnings or losses, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact the Lincoln Fixed Account contract value with the issuer, including the following: (1) certain withdrawal/surrender restrictions that may result in market value adjustments or surrender charges; and (2) transfers to competing investment options. The Plan Sponsor does not believe that any events that would limit the Plan's ability to transact at contract value with the contract issuers or the participants are probable of occurring.

No event would result in the Plan not being able to receive the Lincoln NY Stable Value Account contract value over a five-year installment period. The pay out of the balance would occur in six installments over five years by paying 20% immediately, 20% in year one, 25% in year two, 33% in year three, 50% in year four and 100% in the final year. During the payout period, interest will continue to be credited to the balance.

Any of the following events could trigger termination of the Lincoln NY Stable Value Account by the issuer, resulting in the Plan not being able to receive immediate contract value: (1) any charges billed to the contract owner haven't been paid to Lincoln Life and Annuity Company of New York within 30 days; (2) the Plan ceases to meet the requirements of the IRC for purchasers of this contract; (3) at any time following the end of the third contract year, the contract owner's account balance is less than $15,000; (4) at any time following the end of the third contract year, there is no deposit activity for a 24 consecutive-month period and the contract owner's account balance is less than $50,000; (5) the contract owner fails to furnish requested information or other documentation; (6) Lincoln Life and Annuity Company of New York discovers any misrepresentation of material information; (7) Lincoln Life and Annuity Company of New York discontinues offering this contract form to the public; or (8) the Plan terminates its record keeping agreement with Lincoln Life and Annuity Company of New York. The Plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

The Lincoln NY Stable Value Account contract with Lincoln Life and Annuity Company of New York does not have a termination date.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan holds fully benefit responsive investment contracts that are issued and managed by one of the trustees. Additionally, the Plan holds loans to participants, which are secured by the participant's account balances.

Certain administrative expenses were paid directly by the Plan Sponsor for which it is not reimbursed. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officers or employees received compensation from the Plan. Expenses paid by the Plan Sponsor are not material.

These transactions qualify as party-in-interest transactions, however they are exempt from the prohibited transaction rules under ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan in whole or in part at any time, subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. Terms of the Plan have been prepared to confirm with sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of those securities, it is at least reasonably possible that changes in value could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
