Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Community Hospital Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Note 1 - Description of Plan

The following brief description of the Community Hospital Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Community Hospital (the Employer), as defined by the Plan, who have elected to participate in the Plan. Employees become eligible and may enter the Plan on their first day of employment with the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Council is responsible for oversight of the Plan. The Administrative Council determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may elect to make contributions of their pre-tax or post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has adopted an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral rate will automatically escalate by 1% each year up to a maximum of 8% of compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan currently offers pooled separate accounts and an insurance investment contract as investment options for participants. Contributions are subject to certain Internal Revenue Service (IRS) limits.

Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers) and an allocation of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions (including rollovers) plus actual earnings (losses) thereon.

Payment of Benefits

Upon termination of service, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution if the value is less than \$1,000. In the event of a mandatory distribution greater than \$1,000 that is made in accordance with the provisions of the Plan providing for an automatic distribution to a participant without the participant's consent, if the participant does not elect to have such distribution paid directly to an "eligible retirement plan" specified by the participant in a direct rollover or to receive the distribution directly, then the Administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Administrator. For account balances greater than \$5,000, a participant must elect to receive the lump sum distribution or the vested benefit will continue to be invested in the Plan's assets.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Council determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee and insurance company.

The fair value of pooled separate accounts is determined by the net asset value (NAV) of the funds' underlying investments held at year end adjusted for any dividends or distribution received by American United Life Insurance Company (AUL) and the daily equivalent of any fee charged by AUL pursuant to the contract. The NAV, as provided by AUL, is used as a practical expedient to estimate fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings (losses) reported in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

Payments of Benefits

Benefit payments to participants are recorded when upon distribution.

Pre-2009 Contracts

Under Department of Labor (DOL) Field Assistance Bulletin (FAB) 2009-02, an ERISA 403(b) plan sponsor does not need to treat annuity contracts and custodial accounts as part of the Employer's plan for purposes of the Form 5500 filing requirements so long as specific conditions are met. The Plan sponsor has elected to exclude certain contracts and accounts from Plan assets in accordance with the provisions of DOL FAB 2009-02.

Administrative Expense

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. Investment related expenses are included in net depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company (the trustee of the Plan).

Note 4 - Fair Value of Investments in Certain Entities that Calculate NAV Per Share (or its Equivalent)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

- a) This category seeks highest level of total return consistent with its asset mix. The mix of investments is based on risk tolerance strategy such as conservative, moderate or aggressive.
- b) This category seeks long-term capital appreciation by investing in foreign market securities. These funds invest primarily in the common stock of companies in both developed and developing foreign markets.
- c) This category includes funds that invest in a well-diversified portfolio of primarily corporate and other investment-grade U.S. fixed-income securities. These funds have shorter durations that are less sensitive to interest rates, and are therefore less volatile than other fund categories.
- d) This category seeks capital appreciation by investing primarily in large capitalization companies. Although it invests primarily in U.S. securities, investments in foreign companies may be made.
- e) This category includes funds that are designed to seek a high total return relative to the participant's target retirement year. These funds invest in a mixture of stocks, bonds, and cash. Asset allocations become more conservative over time.
- f) This category seeks long-term capital appreciation by investing in primarily mid-sized companies or smaller. Although it invests primarily in U.S. securities, investments in foreign companies may be made.
- g) This category seeks capital appreciation by investing primarily in small capitalization companies. These funds generally invest in companies with growth characteristics or those believed to be undervalued.
- h) This category seeks long-term growth of capital and has few geographical limitations. These funds invest primarily in common stocks of well-established companies located around the world. These funds may also invest in issuers in developing countries.

Note 5 - Investment Contract with Insurance Company

The Plan has entered into traditional fully benefit-responsive investment contracts with AUL. The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contracts at December 31, 2022 and 2021 was \$437,613 and \$542,072, respectively.

Effective September 2022, the Employer entered into an agreement with AUL to freeze future contributions to the underlying AUL Fixed Account and begin directing future contributions under this contract to the underlying AUL Stable Value Account.

AUL maintains the contributions from all contracts in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1% for the AUL Fixed fund. The guaranteed interest rate for the AUL Stable Value Account is subject to market rates, but may not be less than 0%. In accordance with the contract, the interest rate for the AUL Stable Value fund is subject to a minimum rate lock of 1% for 2022. Such interest rates are reviewed on a quarterly basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract at contract value. Participants may transfer funds every 90 days. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents; (2) changes to the Plan's prohibition on competing investment options; or (3) significant withdrawals from the Plan. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Board of Directors of the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 7 - Party-in-Interest Transactions

Plan investments include a fully benefit-responsive investment contract managed by AUL. AUL is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Investment management service fees are paid by the Plan participants as part of investment purchase price pursuant to the AUL contract. Direct fees paid by the Plan to parties-in-interest amounted to \$5,664 for the year ended December 31, 2022. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Tax Status

The Plan uses a pre-approved plan document sponsored by OneAmerica Financial Partners, which received an advisory letter from the Internal Revenue Service (IRS), dated November 22, 2017, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
