INDEPENDENT AUDITOR'S REPORT

Board of Directors
403(b) Thrift Plan for Employees of Trellis
Arden Hills, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the 403(b) Thrift Plan for Employees of Trellis (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

403(b) Thrift Plan for Employees of Trellis

Notes to the Financial Statements
December 31, 2022 and 2021

Note 1: Description of Plan

The following description of the 403(b) Thrift Plan for Employees of Trellis (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) Plan covering substantially all employees of Trellis (the Organization). The Plan excludes non-union employees who normally work 20 or fewer hours per week and non-resident aliens who do not receive any U.S. earned income. Employees are eligible to make elective pretax deferrals into the Plan immediately. An eligible employee may enter into the plan and may change his or her deferral election on the first day of each calendar month.

The Plan year is the twelve-month period ending December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was formerly known as the 403(b) Thrift Plan of Metropolitan Area Agency on Aging, Inc. On January 1, 2022, the Plan was amended to change the Plan name to 403(b) Thrift Plan for Employees of Trellis due to the change of the name change of the Organization to Trellis.

Contributions

Each year, participants may contribute up to 100 percent of annual compensation, as defined in the Plan, subject to various regulatory limitations, through a salary reduction agreement. These contributions may be made on either a pre-tax basis or after-tax basis (through Roth contributions). Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Employees with at least 15 years of service are also permitted to make special section 403(b) catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Organization matches 100% of employee salary deferrals up to 5% of compensation for participants age 21 and older. The employer match is calculated per pay period for each qualified employee who has made a deferral. The Organization contributed \$281,881 for the year ended December 31, 2022.

All contributions are subject to certain IRS limitations.

Additional Organization contributions may be contributed at the discretion of the Organization's Board of Directors. No discretionary contributions were made for the year ended December 31, 2022.

Participant Accounts

Each participant is credited with the participant's contribution and allocations of the Plan's earnings as well as the Organization match and discretionary contributions, if applicable. Allocations are based on account balances or compensation as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in all Plan contributions to their account plus actual earnings thereon upon entering the Plan. Therefore, there are no forfeitures in the Plan.

403(b) Thrift Plan for Employees of Trellis
Notes to the Financial Statements
December 31, 2022 and 2021

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Plan provisions allow participant loans for a minimum amount of \$1,000 up to a maximum that is equal to the lesser of \$50,000 or 50% of their vested balance. Loan terms are generally five years or less, but may be longer if the loan is made for the purchase of a primary residence. Plan loans are direct loans from Mutual of America. Principal and interest are paid by the participant, to Mutual of America, in bi-weekly payroll deductions. Participants who receive a loan have a portion of their account balance, in proportion with their individual loan amount, moved to the Mutual of America's Interest Accumulation General Account to be held as collateral on the loan. The total amount of participant accounts being held as collateral on participant loans as of December 31, 2022 and 2021 was approximately \$23,000 and \$9,000, respectively.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution equal to the vested interest in his/her account, or the participant may choose one of several Life Annuity options offered by the Plan. If the terminating participant's account balance is less than \$1,000, the amount will be automatically distributed in a lump-sum. If the terminating participant's account balance is \$5,000 or less but greater than \$1,000, the amount will be automatically rolled into a qualified individual retirement account if no other election has been made.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting under accounting principles generally accepted in the United States of America.

Excluded Contracts and Accounts

The Plan administrator has elected to exclude certain contracts and accounts from Plan assets in accordance with Department of Labor Field Assistance Bulletin 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account before January 1, 2009;
- All the rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
- The individual owner of the contract is fully vested in the contract or account.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Reclassification

Certain prior year items have been reclassified to conform to the current year presentation. There was no impact to previously reported change in net assets available for benefits or net assets available for benefits as a result of this reclassification.

403(b) Thrift Plan for Employees of Trellis
Notes to the Financial Statements
December 31, 2022 and 2021

Note 2: Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan may be paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Certain fees related to specific transactions as requested by the participants of the Plan are charged directly to the participants' accounts and are included in administrative expenses.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after, December 31, 2022 are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

Subsequent events were evaluated through October 5, 2023, which is the date the financial statements were available to be issued.

Note 3: Investment Contract with Insurance Company

The Plan's sponsor has entered into an investment contract with Mutual of America Life Insurance Company who maintains an account for the Organization whereby contributions are invested as follows:

The Mutual of America Interest Accumulation Fund represents the portion of the account invested in the Insurance Company's general account. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is directly between the plan sponsor and Mutual of America Life Insurance Company. The repayment of principal and interest credited to participants is a financial obligation of Mutual of America Life Insurance Company.

403(b) Thrift Plan for Employees of Trellis
Notes to the Financial Statements
December 31, 2022 and 2021

Note 3: Investment Contract with Insurance Company (Continued)

The concept of a value other than contract value, which is used to approximate fair value for reporting purposes, does not apply to this insurance company issued general account even upon discontinuance of the contract, in which case contract value would be paid. The contract's operation is different than many other group annuity products by virtue of the fact that a fair value adjustment does not apply upon discontinuance. There are no specific securities in the general account that back the liabilities of this annuity contract. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The product is not a traditional guaranteed investment contract (GIC) and, therefore, is not known for cash flows that could be discounted. As a result, the fair value amount shown is equal to the contract value.

When establishing interest credit rates for this product, Mutual of America Life Insurance Company considers many factors. The minimum crediting rate under the contract is at least equal to the minimum rate required by applicable state law or will be set pursuant to NAIC standard non-forfeiture law which cannot be less than 1%.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

403(b) Thrift Plan for Employees of Trellis

Notes to the Financial Statements

December 31, 2022 and 2021

Note 4: Fair Value Measurements (Continued)

Pooled Separate Accounts: Valued at the net asset value (NAV) which is based on the market value of its underlying investments (i.e. common stock, mutual funds, short term securities). The NAV is provided by the insurance company and is based on the fair value of the underlying investments held by the account less its liabilities. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the separate account, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

General Account (Interest Accumulation): See Note 3 for a description of the valuation methodologies used for the Plans general (interest accumulation) account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
General Account (Interest Accumulation)	\$ -	\$ 502,539	\$ -	\$ 502,539
Pooled Separate Accounts	-	7,923,005	-	7,923,005
Total Assets at Fair Value	\$ -	\$ 8,425,544	\$ -	\$ 8,425,544
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
General Account (Interest Accumulation)	\$ -	\$ 537,798	\$ -	\$ 537,798

Total Assets at Fair Value	\$ -	\$ 9,306,365	\$ -	\$ 9,306,365

Note 5: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company (the trustee of the Plan).

403(b) Thrift Plan for Employees of Trellis
Notes to the Financial Statements
December 31, 2022 and 2021

Note 6: Tax Status

The terms of the plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service . The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Plan Termination

Although it has expressed no intent to do so, the Organization has the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would automatically become 100% vested in their account balances.

Note 8: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA, unless a specific exemption exists. Mutual of America, the Plan trustee, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions and are indicated as such on the Schedule of Assets (Held At End of Year). These transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: Concentrations

As of December 31, 2022 and 2021, the Plan had one investment fund that accounted for approximately 13 and 10 percent of total Plan investments, respectively.

403(b) Thrift Plan for Employees of Trellis
Notes to the Financial Statements
December 31, 2022 and 2021

Note 11: Reconciliation of Financial Statements to Schedule H Form 5500

The financial statements have been prepared using the accrual method of accounting while the Plan's form 5500 has been prepared on the modified cash basis method of accounting. The reconciliation between the financial statements and form 5500 at December 31, 2022 and for the year then ended is as follows:

	<u>2022</u>
Total Net Assets Available for Benefits per Form 5500, Schedule H	\$ 8,425,544
Add: Employer Contribution Receivable	10,708
Add: Participant Contributions Receivable	<u>20,112</u>
Net assets available for benefits per financial statements	<u>\$ 8,456,364</u>
	<u>2022</u>
Net Decrease in Net Assets per Form 5500, Schedule H	\$ (880,821)
Add: 2022 Employer Contribution Receivable	10,708
Add: 2022 Participant Contributions Receivable	<u>20,112</u>
Net decrease in net assets available for benefits per the financial statements	<u>\$ (850,001)</u>

There were no reconciling items as of December 31, 2021.

Note 12: SECURE Act 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provisions to elect in the future.
