INDEPENDENT AUDITORS' REPORT

TO THE 401(k) COMMITTEE AND PARTICIPANTS OF POCKET GEMS, INC. 401(k) PROFIT SHARING PLAN AND TRUST

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of POCKET GEMS, INC. 401(k) PROFIT SHARING PLAN AND TRUST (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Pocket Gems, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 2010, to provide retirement benefits for employees of Pocket Gems, Inc. (the “Company”). The Plan is a defined contribution plan available to all employees who have attained the age of 21 and who are not covered by a collective bargaining agreement, a nonresident alien, a leased employee, employees covered by another retirement program of the Company, employees who are residents of Puerto Rico, interns or certain individuals who become employees as a result of a business transaction for a period as defined under the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, and certain provisions of the Internal Revenue Code (“IRC”).

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Company has established a 401(k) committee to fulfill these responsibilities. The 401(k) committee also monitors the Plan’s investment offerings and investment performance.

The Company downsized its workforce in August 2022, resulting in a partial plan termination. Accordingly, all affected participants became 100% vested in their account balances (see Note 6 and Note 9).

Participant Contributions – Participants in the Plan may elect to contribute, on a pretax basis or post-tax basis (“ROTH”), either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participants may contribute up to 100% of their annual eligible compensation, subject to annual limits specified by the IRC. For the year ended December 31, 2022, the annual limitation was \$20,500. Participants who reached at least 50 years of age by the end of the Plan year are permitted to make additional catch-up contributions limited to \$6,500 for the year ended December 31, 2022. Participants are also allowed to roll over contributions from other qualified retirement plans, subject to approval by the plan administrator.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary matching and discretionary profit sharing contributions determined annually by the Company. For the year ended December 31, 2022, the Company elected to match 50% of an employee's elective deferrals up to 6% of their eligible compensation. The Company did not elect to make any profit sharing contributions to the Plan in 2022.

Participant Accounts – The Plan maintains an account for each participant that is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan investment earnings or losses thereon, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in discretionary employer matching and profit sharing contributions, in each case, if any, and earnings thereon is based on years of continuous service.

The participants' vesting in the Company's discretionary matching contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1	33%
2	67%
3	100%

For discretionary profit sharing contributions, participants become 20% vested on their second anniversary of employment with the Company, and vest an additional 20% annually thereafter. Upon disability, death or reaching normal retirement age (age 65) while employed by the Company, the participant becomes 100% vested in his/her total account balance.

As previously discussed, all affected participants became 100% vested in their account balances, including employer contributions, as of the date of the Plan's partial termination during 2022.

POCKET GEMS, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants – Eligible participants may borrow from their vested account balance and are permitted a maximum of one loan. The aggregate maximum loan amount is equal to the lesser of \$50,000 or 50% of their vested account balance. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. Interest rates remain fixed for the life of the loan and are based on a rate that is commensurate with interest rates charged for loans that would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment.

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching normal or early retirement age, termination of service, disability, or death. Normal retirement age is 65 years and early retirement age is 59 ½ years. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump sum payment totaling the value of the participant's vested interest in his or her account, unless the participant requests installment payments. A terminated participant that has a vested account balance between \$1,000 and \$5,000, and has not provided distribution instructions to the Plan, will have his or her account rolled over to an individual retirement account ("IRA") as designated by the plan administrator. Vested account balances of less than \$1,000 are automatically cashed out as a single lump-sum distribution. The payment of benefits to retired participants is required to begin no later than April 1st following the end of the year in which the participant reaches 72 years of age.

Forfeited Accounts – A participant's non-vested account balance is forfeited upon separation of employment with the Company. Forfeited balances are used to reduce future Company contributions; however, at the employer's discretion, may be applied to pay the Plan's administrative expenses. At December 31, 2022 and 2021, forfeited accounts totaled \$3,113 and \$8,399, respectively. For the year ended December 31, 2022, the Plan used forfeited accounts in the amount of \$16,182 and \$19, respectively, to pay for plan administrative expenses and offset Company matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

POCKET GEMS, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions – Contributions from Plan participants and contributions from the employer, if any, are recorded in the year in which the employee contributions are withheld from compensation.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Interest-Bearing Cash: Valued at cost which represents fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

These methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

		2022			
		Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:					
Mutual Funds		\$ 23,447,643	\$ -	\$ -	\$ 23,447,643
		2021			
		Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:					
Interest-Bearing Cash		\$ 4,398	\$ -	\$ -	\$ 4,398
Mutual Funds		26,549,871	-	-	26,549,871
		\$ 26,554,269	\$ -	\$ -	\$ 26,554,269

As of December 31, 2022 and 2021, four investments accounted for approximately 61% and 62% of total investments, respectively. In addition, the target date funds taken as a whole accounted for 52% of total investments as of both December 31, 2022 and 2021.

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Inc., authorized agent for Ascensus Trust Company (collectively, "Ascensus"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Net Assets Available for Benefits and in Note 3 as of December 31, 2022 and 2021, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment loss and interest income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Company has entered into a service agreement with Vanguard Group Inc. (“Vanguard”) for certain recordkeeping and administrative services for the Plan. Vanguard has an arrangement with Ascensus to provide some of the services on its behalf. Certain Plan investments are shares of mutual funds managed by Vanguard and therefore, these transactions qualify as party-in-interest transactions.

Certain mutual funds offered by the Plan have fee arrangements that include revenue sharing. These revenue sharing amounts are remitted back into the Plan and may only be used to pay advisory, recordkeeping or third party administration costs. If there is an excess of revenue sharing over the cost of the services or, if the Plan chooses not to use the revenue sharing to pay for the services, then any remaining amounts are allocated pro-rata to participants. As of December 31, 2022, there were no excess revenue sharing amounts.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching and profit sharing contributions.

As discussed in Note 1, the Company downsized its workforce in August 2022, resulting in a partial plan termination. Accordingly, all affected participants became 100% vested in their account balances as of the date of the Plan’s partial termination (see Note 1 and Note 9).

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined that the Ascensus, LLC’s pre-approved plan is designed in accordance with applicable sections of the IRC and informed Ascensus, LLC of such in a letter dated June 30, 2020. The 401(k) committee and plan administrator have adopted the pre-approved plan and believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by income tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – PLAN OPERATIONAL MATTER

As discussed in Note 1 and Note 6, the Plan experienced a partial termination in 2022, due to termination of employees in connection with a reduction in force. Accordingly, all affected participants became 100% vested in their account balances as of the date of the Plan's partial termination. Despite this however, distributions made since the date of partial plan termination erroneously continued to be subject to vesting and were not fully distributed to the beneficiary. The Plan sponsor is in process of identifying the affected participants and determining the amount of incorrect forfeitures with the intent of taking actions necessary to correct this matter. The Plan sponsor intends to make all necessary corrections. Plan management does not believe the resolution of this matter will have a material impact on the Plan's financial statements.

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.
