INDEPENDENT AUDITOR'S REPORT

To Committee Members and Participants of the
Messer Construction Co. Hourly Employees' Retirement Plan

Opinion

We have audited the accompanying financial statements of Messer Construction Co. Hourly Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Messer Construction Co. Hourly Employees' Retirement Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Messer Construction Co. Hourly Employees' Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Messer Construction Co. Hourly Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit In order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Messer Construction Co. Hourly Employees' Retirement Plan Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Messer Construction Co. Hourly Employees' Retirement Plan Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings , and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the Table of Contents, together referred to as “supplemental information” are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor 's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MESSER CONSTRUCTION CO. HOURLY EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Messer Construction Co. Hourly Employees' Retirement Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan Document for more information.

General — The Plan, effective January 1, 1993, and amended and restated January 1, 2016, is a defined contribution plan covering eligible hourly employees of the Messer Construction Co. (the "Company") who meet stipulated service requirements. An appointed committee controls and manages the operations and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — The Company's contribution to the Plan is determined by the Board of Directors. Participant contributions are not permitted.

Participant Accounts — Each participant's account is credited with an allocation of the Company's contribution and Plan earnings. Plan expenses are allocated to each participant's account based on each participant's relative share of assets. Allocations are based on participant earnings or account balances, as defined, or the requirements of the prevailing wage laws.

Investments — Investment decisions are made by the trustees within the provisions of the trust agreement and based on consultation with an investment advisor independent of the Company. The Plan invests primarily in money market funds, mutual funds, certificates of deposits, U.S. government securities, common stocks, and corporate bonds in accordance with the Plan's Investment Policy Statement.

Vesting — Participants are immediately vested in their account balances.

Payment of Benefits — Upon retirement or termination of service, as defined, a participant is entitled to receive their vested balance in a lump-sum distribution. At December 31, 2022 and 2021 there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially differ from the amounts reported in the financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the diversified portfolio are deducted from income and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate Bonds — Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available.

U.S. Government Securities — Valued using pricing models maximizing the use of observable inputs for similar securities.

Cash Equivalents — Held primarily in short-term money market commingled funds, which are valued at cost plus accrued interest.

Collective Trust Fund — Valued using pricing models maximizing the use of observable inputs consistent with practices prevailing within real estate appraisal and real estate investment management industries. Collective trust investments that are measured at fair value using the net asset value per share as practical expedient have not been classified in the fair value hierarchy.

Items Measured at Net Asset Value — In accordance with ASU No. 2009-12, the Plan includes disclosures to address the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share as of December 31, 2022 and 2021. The mutual funds (investments other than Collective Trust Fund) do not have a finite life, unfunded commitments, or significant restrictions on redemptions.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment	Fair Value Estimated Using Net Asset Value December 31, 2022			
	Fair Value*	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
JPMCB Strategic Property Fund	\$ 5,517,847	Quarterly	None	45 days prior
Total	<u>\$ 5,517,847</u>			

Investment	Fair Value Estimated Using Net Asset Value December 31, 2021			
	Fair Value*	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
JPMCB Strategic Property Fund	\$ 7,068,490	Quarterly	None	45 days prior
Total	<u>\$ 7,068,490</u>			

The use of net asset value as a fair value is deemed appropriate, as these funds do not have a finite life, unfunded commitments, or significant restrictions on redemptions.

Administrative Expenses — The Plan has elected to pay its administrative expenses. The Plan also pays investment related expenses inclusive of investment manager fees.

Subsequent Events — The Plan has evaluated subsequent events through October 9, 2023, the date that these financial statements were available for issuance, to determine if either recognition or disclosure of significant events or transactions is required.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. In accordance with generally accepted accounting principles, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

3. FAIR VALUE MEASUREMENTS (continued)

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers between levels. The table below includes the major categorization for debt and equity securities on the basis of the nature and risk of the investments at December 31, 2022:

Fair Value Measurements at December 31, 2022, Using				
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Collective trust fund*	-			5,517,847
Total Investments				<u>\$ 39,352,722</u>

3. FAIR VALUE MEASUREMENTS (continued)

The table below includes the major categorization for debt and equity securities on the basis of the nature and risk of the investments at December 31, 2021:

	Fair Value Measurements at December 31, 2021, Using			Total
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Cash and cash equivalents	\$ 1,434,094	-	-	\$ 1,434,094

Corporate common stocks:	9,325,411	-	-	9,325,411
Mutual fixed income funds	6,544,781	-	-	6,544,781
Mutual equity funds	25,583,241	-	-	25,583,241
Investments at fair value	<u>\$ 42,887,527</u>	<u>8,663,363</u>	<u>-</u>	<u>\$ 51,550,890</u>
Collective trust fund*	-			7,068,490
Total Investments				<u>\$ 58,619,380</u>

* In accordance with ASU 2015-07, certain investments that are measured at fair value using the net asset value per share as practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investments of the Master Trust.

During the years ended December 31, 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as changes in position during the year), depreciated by \$10,995,471 and appreciated by \$5,143,454, respectively.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has certain investments in shares of a money market fund managed by BlackRock of which PNC has an ownership in. PNC is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 15, 2018, that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. TRANSFERS TO EMPLOYEE STOCK OPTION PLAN

During plan year 2020, the Plan was amended to allow an elective transfer during the annual HERP-to-ESOP election period. During that period, certain eligible participants may elect to transfer to the ESOP an amount no more than 50% of their vested account in the Plan and not less than \$25,000. During plan years ended December 31, 2022 and 2021, participant elective transfers to the ESOP totaled \$7,394,285 and \$11,832,103, respectively.

INDEPENDENT AUDITOR'S REPORT

To Committee Members and Participants of the
Messer Construction Co. Hourly Employees' Retirement Plan

Opinion

We have audited the accompanying financial statements of Messer Construction Co. Hourly Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Messer Construction Co. Hourly Employees' Retirement Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Messer Construction Co. Hourly Employees' Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Messer Construction Co. Hourly Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit In order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Messer Construction Co. Hourly Employees' Retirement Plan Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Messer Construction Co. Hourly Employees' Retirement Plan Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings , and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the Table of Contents, together referred to as “supplemental information” are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor 's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MESSER CONSTRUCTION CO. HOURLY EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Messer Construction Co. Hourly Employees' Retirement Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan Document for more information.

General — The Plan, effective January 1, 1993, and amended and restated January 1, 2016, is a defined contribution plan covering eligible hourly employees of the Messer Construction Co. (the "Company") who meet stipulated service requirements. An appointed committee controls and manages the operations and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — The Company's contribution to the Plan is determined by the Board of Directors. Participant contributions are not permitted.

Participant Accounts — Each participant's account is credited with an allocation of the Company's contribution and Plan earnings. Plan expenses are allocated to each participant's account based on each participant's relative share of assets. Allocations are based on participant earnings or account balances, as defined, or the requirements of the prevailing wage laws.

Investments — Investment decisions are made by the trustees within the provisions of the trust agreement and based on consultation with an investment advisor independent of the Company. The Plan invests primarily in money market funds, mutual funds, certificates of deposits, U.S. government securities, common stocks, and corporate bonds in accordance with the Plan's Investment Policy Statement.

Vesting — Participants are immediately vested in their account balances.

Payment of Benefits — Upon retirement or termination of service, as defined, a participant is entitled to receive their vested balance in a lump-sum distribution. At December 31, 2022 and 2021 there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially differ from the amounts reported in the financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value is the price that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the diversified portfolio are deducted from income and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Asset Valuation Techniques — Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate Bonds — Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available.

U.S. Government Securities — Valued using pricing models maximizing the use of observable inputs for similar securities.

Cash Equivalents — Held primarily in short-term money market commingled funds, which are valued at cost plus accrued interest.

Collective Trust Fund — Valued using pricing models maximizing the use of observable inputs consistent with practices prevailing within real estate appraisal and real estate investment management industries. Collective trust investments that are measured at fair value using the net asset value per share as practical expedient have not been classified in the fair value hierarchy.

Items Measured at Net Asset Value — In accordance with ASU No. 2009-12, the Plan includes disclosures to address the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share as of December 31, 2022 and 2021. The mutual funds (investments other than Collective Trust Fund) do not have a finite life, unfunded commitments, or significant restrictions on redemptions.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment	Fair Value Estimated Using Net Asset Value December 31, 2022			
	Fair Value*	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
JPMCB Strategic Property Fund	\$ 5,517,847	Quarterly	None	45 days prior
Total	<u>\$ 5,517,847</u>			

Investment	Fair Value Estimated Using Net Asset Value December 31, 2021			
	Fair Value*	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
JPMCB Strategic Property Fund	\$ 7,068,490	Quarterly	None	45 days prior
Total	<u>\$ 7,068,490</u>			

The use of net asset value as a fair value is deemed appropriate, as these funds do not have a finite life, unfunded commitments, or significant restrictions on redemptions.

Administrative Expenses — The Plan has elected to pay its administrative expenses. The Plan also pays investment related expenses inclusive of investment manager fees.

Subsequent Events — The Plan has evaluated subsequent events through October 9, 2023, the date that these financial statements were available for issuance, to determine if either recognition or disclosure of significant events or transactions is required.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. In accordance with generally accepted accounting principles, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

3. FAIR VALUE MEASUREMENTS (continued)

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers between levels. The table below includes the major categorization for debt and equity securities on the basis of the nature and risk of the investments at December 31, 2022:

Fair Value Measurements at December 31, 2022, Using				
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Investments at fair value	<u>\$ 28,326,145</u>	<u>5,508,730</u>	<u>-</u>	<u>\$ 33,834,875</u>
Collective trust fund*	-			5,517,847
Total Investments				<u>\$ 39,352,722</u>

3. FAIR VALUE MEASUREMENTS (continued)

The table below includes the major categorization for debt and equity securities on the basis of the nature and risk of the investments at December 31, 2021:

	Fair Value Measurements at December 31, 2021, Using			Total
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Cash and cash equivalents	\$ 1,434,094	-	-	\$ 1,434,094
Corporate bonds	-	3,250,900	-	3,250,900
U.S. government securities	-	5,412,463	-	5,412,463
Corporate common stocks:	9,325,411	-	-	9,325,411
Mutual fixed income funds	6,544,781	-	-	6,544,781
Mutual equity funds	25,583,241	-	-	25,583,241
Investments at fair value	<u>\$ 42,887,527</u>	<u>8,663,363</u>	<u>-</u>	<u>\$ 51,550,890</u>
Collective trust fund*	-			<u>7,068,490</u>
Total Investments				<u>\$ 58,619,380</u>

* In accordance with ASU 2015-07, certain investments that are measured at fair value using the net asset value per share as practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investments of the Master Trust.

During the years ended December 31, 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as changes in position during the year), depreciated by \$10,995,471 and appreciated by \$5,143,454, respectively.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has certain investments in shares of a money market fund managed by BlackRock of which PNC has an ownership in. PNC is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 15, 2018, that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (IRC). The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. TRANSFERS TO EMPLOYEE STOCK OPTION PLAN

During plan year 2020, the Plan was amended to allow an elective transfer during the annual HERP-to-ESOP election period. During that period, certain eligible participants may elect to transfer to the ESOP an amount no more than 50% of their vested account in the Plan and not less than \$25,000. During plan years ended December 31, 2022 and 2021, participant elective transfers to the ESOP totaled \$7,394,285 and \$11,832,103, respectively.
