## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hog Island Oyster Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of the net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplemental Schedule Required by ERISA

The Supplemental Schedule H, line 4i - Schedule of Assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the modified cash basis of accounting. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### *C. Participant Accounts*

Each participant's account is credited with an allocation of the Company's contribution and plan earnings and is charged with an allocation of applicable administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

#### *D. Vesting Schedule*

The 401(k) employee elective deferral contributions, rollover contributions, qualified non-elective contributions and Safe Harbor Matching Contribution Account are 100% vested. Employee-derived contributions include elective deferrals, including catch-up contributions and rollover contributions. A participant becomes 100% vested at normal retirement, disability or death.

#### *E. Forfeitures*

Forfeitures are first used to pay administrative expenses, and any remaining balance is used to reduce employer contributions. Forfeitures are disposed of in the plan year in which they occur.

## NOTE 1 - DESCRIPTION OF PLAN - CONT'D

### *F. Payment of Benefits*

Benefits under the Plan are distributable upon normal retirement (which will be later of: (i) age 62, and (ii) 5 Years of Eligibility Service), early retirement age (means the later of: (i) age 55, and (ii) 5 Years of Eligibility Service), termination of employment, late retirement, disability, and death. A participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

### *G. Participant Loans*

Loans will only be made to persons who the plan administrator determines to have the ability to repay the loan. Participant may not receive a loan if the sum of new loan and the outstanding balance of all of your loans would exceed the lesser of: a) $50,000 less the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the plan on the date the loan is made, or b) one half the present value of the participant's vested account balance. Loans must be repaid over a period not extending beyond five years from the date of the loan. The loans are secured by the balance on the participant's account and bear an interest at rates which commensurate with local prevailing interest. Principal and interest are paid ratably through monthly payroll deductions.

### *H. Participant Investment Rollovers*

Participants are allowed to transfer or rollover funds into the Plan from other qualified or 401(k) plans.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### *A. Basis of Accounting*

The financial statements of the Plan have been prepared on a modified cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America. Under this basis, contribution revenues are recognized when cash is transferred and deposited in the plan and benefit/distribution expenses are recognized when cash is disbursed, except for investments which are measured and valued at fair value. Specifically, accounting and financial reporting standards applicable to employee defined contributions pension plan is under *FASB ASC 962, Plan Accounting - Defined Contributions Pensions Plans.*

Investments contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value for the fully benefit-responsive investment contract.

### *B. Use of Estimates*

The preparation of financial statements requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities, and changes therein. Actual results could differ from those estimates.

## NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONT'D

### *C. Investment Valuation and Income Recognition:*

At December 31, 2022, the Plan's investments were held in various registered investment companies and money market funds and are stated at fair value. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement date basis. Interest income is accrued as it is earned and dividends are recorded as of the ex-dividend date.

Management fees and operating expenses charged to the Plan for investment in mutual funds are reflected as a reduction of net assets in the Statement of Changes in Net Assets Available for Benefits.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income/loss reported in the accompanying statements of net assets available for benefits.

### *D. Loans to participants*

Loans to participants are measured at their unpaid principal balance. As of December 31, 2022, and 2021, the outstanding balances are $53,443 and $84,210, respectively.

### *E. Contributions*

Contributions from employees and the employer are recorded in the period in which the employer transfers the funds to the Plan.

### *F. Rollovers*

Participants may elect to rollover amounts from other qualified plans or individual retirement accounts into the Plan, provided that certain conditions are met. As of December 31, 2022, and 2021, the Plan has participants rollovers amounting to $104,650 and $2,135, respectively.

### *G. Distributions*

Distributions are recorded when paid.

### *H. Expenses*

Certain Plan administrative expenses are paid by the employer.

## NOTE 3 - TAX STATUS

The Plan is subject to Section 401(k) of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not to be sustained upon examination by the federal and state taxing authorities.

## NOTE 3 - TAX STATUS - CONT'D

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 4 - INFORMATION CERTIFIED BY MATRIX TRUST COMPANY

Hog Island Oyster Company 401(k) Plan has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the Custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments and receivable as reported on the Statements of Net Assets Available for Benefits as of December 31, 2022;
- Net investment loss and interest income on notes receivable from participants as shown on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022;
- Investment amounts included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule of Assets (Held at End of Year) - As of December 31, 2022.

At the request of Hog Island Oyster Company 401(k) Plan, the Plan’s independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTE 5 - PARTY-IN-INTEREST TRANSACTION

Certain Plan investments are managed by Matrix Trust Company. Matrix Trust Company is the Custodian as defined by the Plan and, therefore, these transactions are recognized as exempt party-in-interest transactions.

## NOTE 6 - INVESTMENT

The Plan’s investments were held and administered by Matrix Trust Company. All investment information presented in the accompanying financial statements and supplemental schedule, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company.

During the year, the Plan’s investments held in registered investment companies (including gains and losses on investments sold, as well as held during the year) depreciated in value by $1,038,620.

## NOTE 6 - INVESTMENT - CONT'D

The following table sets forth a summary of changes in the fair value of the Plan's investments for the year ended December 31, 2022:

## NOTE 7 - FAIR VALUE MEASUREMENTS

The Internal Revenue Service has determined that the form of the Plan and related trust are designed in accordance with applicable section 401 of the Internal Revenue Code (IRC). The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1*- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

*Level 2*- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3*- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds) and money market account: are based on quoted market prices within an active market and as such are classified as Level 1. Investments held in registered investment companies are stated at market value, which represents fair value.

## NOTE 7 - FAIR VALUE MEASUREMENTS - CONT'D

Unitized Investment Funds: The Plan also has invested in unitized investments or model management platforms which are comprehensive modeling and unitization solutions for mutual fund and exchange-traded fund based model portfolios in retirement plans. These platforms unitize each model at each plan. Each plan has its specific CUSIP number for that model and its own net assets value which are being sent to the custodian on nightly basis. For the year ended December 31, 2022, the unitized investments have been classified as Level 2 within the fair value hierarchy.

The Plan held no level 3 assets as of December 31, 2022, and 2021.

The following table sets forth, by level within the fair value hierarchy, the plan's investment assets at fair value as of December 31, 2022 and 2021:

| | Fair value of investments at December 31, 2022 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |

## NOTE 8 - ERISA BOND

In accordance with ERISA Section 412, the Plan covers a fidelity bond intended to protect the Plan from risk of loss due to fraud or dishonesty on the part of persons who handle funds or other property on behalf of the Plan.

## NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for any reason, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

## NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

## NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
