Independent Auditor's Report

To the Plan Administrator
eClinicalWorks Profit Sharing 401(k) Plan
Westborough, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of eClinicalWorks Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

General

The following summary description of the eClinicalWorks Profit Sharing 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

The Plan was established on December 27, 2004 and is a “safe-harbor” 401(k) plan, for the benefit of the employees of eClinicalWorks, LLC (the “Company”) and their beneficiaries. All employees of the Company are eligible to participate in the Plan on the first day of the month following their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute up to 75% of eligible compensation, subject to Internal Revenue Code (“IRC”) limitations. Participants over 50 years of age, can contribute up to 100% of eligible compensation due to catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollover”). The Company provides a non-elective safe harbor contribution equal to 3% of compensation for all eligible employees during the Plan year.

Profit sharing contributions are made at the discretion of the Company and are allocated to participants based on a percentage of compensation as defined. Employees with one year of service and who are employed on the last day of the plan year are eligible to participate. The Company elected not to make profit sharing contributions in 2022 and 2021.

Vesting

Participants are immediately vested in their voluntary contributions plus employer safe-harbor contributions and actual earnings thereon. Participants are vested in employer profit sharing contributions based upon years of continuous service. A participant vests ratably over time and is fully vested upon completion of five years of service.

In the event of death, permanent disability or retirement, a participant’s employer profit sharing contribution account becomes fully vested.

Forfeitures

Upon termination a participant forfeits any non-vested balance in his or her account. Forfeitures are used to offset future employer contributions to the Plan or pay administrative expenses of the Plan. Forfeitures have not been material.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Company’s safe harbor and discretionary profit sharing contributions and allocation of Plan earnings and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

The Plan allows participants to withdraw amounts from the Plan if they become disabled while an employee or for certain hardships, as defined.

Benefits are recorded when paid.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing interest rates at the time the loan is issued. Principal and interest must be repaid over a period of up to 5 years by means of payroll deduction. In certain cases, the repayment period may be extended up to 15 years if the loan is for the purchase of a primary residence.

Administrative Expenses

The Company pays certain administrative expenses of the Plan while the Plan pays investment and other administrative fees if not paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustees. See Note 4 for discussion of fair value measurements.

Shares held in mutual funds traded on national securities exchanges are valued at the net asset value ("NAV") as of December 31, 2022 and 2021.

The Plan holds an investment in a common/collective trust. Units held in the common/collective trust is valued based on the asset value of the underlying investments as reported by the investment manager. The NAV of the units held by the Plan at year end, is used as a practical expedient for fair value. The common/collective trust is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and there no unfunded commitments. In the event that the Plan initiates a full redemption of the

eClinicalWorks Profit Sharing 401(k) Plan

Notes to Financial Statements

collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Participant notes receivable are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

The Plan evaluated all events and transactions that occurred after December 31, 2022, through October 12, 2023, the date these financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the Plan trustee and a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity and interest income on notes receivable from participants reflected on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

In accordance with the update to ASC 820, the following tables set forth by Level within the fair value hierarchy a summary of the Plan’s investments measured at fair value on a recurring basis at December 31, 2022 and 2021:

	Active Markets for Identical Assets (Level 1)	Total
<i>December 31, 2022</i>

<i>December 31, 2021</i>	Active Markets for Identical Assets (Level 1)	Total
Investments at Fair Value:		
Mutual funds at fair value	\$ 162,608,958	\$162,608,958
Common collective trust funds measured at NAV*		3,468,912
Total Investments at Fair Value	\$ 162,608,958	\$ 166,077,870

*Specific investments that are measured at fair value using the NAV (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables above are meant to enable reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following table sets forth additional disclosures of the Plan's investments that have fair value estimated using a NAV at December 31, 2022:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust:				
Fidelity Managed Income Portfolio	\$ 4,158,403	\$ -	Daily	None

The following table sets forth additional disclosures of the Plan's investments that have fair value estimated using a NAV at December 31, 2021:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust:				
Fidelity Managed Income Portfolio	\$ 3,468,912	\$ -	Daily	None

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Party-in-Interest Transactions

Plan investments are managed by Fidelity and their affiliates. Therefore, these transactions and related expenses qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

eClinicalWorks Profit Sharing 401(k) Plan

Notes to Financial Statements

The Plan receives revenue credits from Fidelity quarterly. The revenue credit account can be used to pay plan expenses or can be allocated to eligible plan participants as defined in the agreement. Revenue credits earned from this agreement are recorded net in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

7. Tax Status

The Plan sponsor has adopted Fidelity's "Non Standardized Pre-Approved Profit Sharing Plan". The Internal Revenue Service has issued an opinion letter, dated June 30, 2020, stating that the underlying plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions and to terminate the Plan itself, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

The Company may reduce or suspend the employer safe-harbor contributions upon satisfaction of certain requirements including a 30-day advanced notice to all eligible employees.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2022	2021
Net assets available for benefits per the financial statements	\$ 145,936,963	\$ 166,644,946
