INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Madone, Inc. 401(k) Profit Sharing Plan & Trust
South Saint Paul, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Madone, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Madone, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Madone, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Madone, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Madone, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2022 and 2021

Note 1: Description of Plan

This description of the Madone, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2014 by Madone, Inc. (the Company) and is a defined contribution profit sharing plan covering substantially all full-time employees age 21 and older, with two months of service. The Plan allows eligible employees to become participants on the first day of the next calendar month after meeting the two-month service requirement for employee and employer matching contributions. Participants become eligible for profit sharing contributions after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Amendments

Effective, May 20, 2022, the plan document was restated in its entirety as required by regulation. There were no significant changes to the provisions of the plan as a result of this restatement.

Contributions

Participants may elect to contribute up to 99 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement; the Plan allows for both pre-tax contributions as well as Roth contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participants. Under the Qualified Automatic Contribution Arrangement, rate increases following the initial period will occur on the first day of each Plan year.

The Company will, as defined by the plan document, make safe harbor matching contributions to the plan. Safe harbor matching contributions are currently 100 percent of participant deferrals up to 1 percent of employee elective deferrals and 50 percent of participant deferrals between 1 percent and 6 percent of employee elective deferrals.

The Company, at its discretion, may contribute profit-sharing contributions. Profit Sharing contributions are determined by a discretionary formula, which is determined year to year, and allocated to participant accounts based on a pro rata formula as defined by the plan document. During the year ended December 31, 2022, the Company did not elect to make any profit-sharing contributions.

All contributions are subject to certain statutory limits.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer contributions, (b) investment earnings, (c) changes in market values and (d) certain plan expenses. The Company matching contributions are allocated based on a percentage of the participant's salary deferral contribution, subject to certain limitations. Investment earnings and changes in market values are allocated daily based on the number of shares in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Madone Inc. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2022 and 2021

Note 1: Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals, safe harbor matching contributions and rollover contributions, plus earnings thereon. Vesting in the remainder of their accounts plus actual earnings is based on years of continuous service. A participant is vested in profit sharing contributions and related earnings according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0 %
2	20
3	40
4	60
5	80
6	100

Participants also become fully vested in profit sharing contributions upon death, disability or upon reaching normal retirement age as defined by the Plan.

Forfeited, non-vested amounts are used to pay plan expenses or restore participant's individual accounts. There were no forfeited, non-vested accounts at December 31, 2022 and 2021.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 95 percent of one-half the vested account balance or 95 percent of the total vested account balance excluding the Roth elective deferral balance. Loan terms may not exceed 4.5 years, except for the purchase of a principal residence. The loans are secured by the participant's account and currently bear interest rates ranging from 4.25 to 8.50 percent, which are commensurate with the local prevailing rates, equivalent to the prime rate plus 1 percent, and mature at various dates through August 2028. Principal and interest are paid ratably through payroll deductions or ACH, as elected by the participant.

Payment of Benefits

Distributions to terminated, disabled, or retired participants (or in the case of death, the participant's beneficiary) are made in the form the participant chooses in the amount equal to the value of his or her vested account. Participants are also allowed to take in-service distributions beginning at age 59 ½. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Except for certain participant level fees, the Company has elected to absorb significant expenses of administering the Plan.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2022 are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued.

Notes to the Financial Statements

December 31, 2022 and 2021

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies - Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Note 3: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Total Investments	<u>\$ 1,305,276</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,305,276</u>

Note 4: Income Tax Status

The Internal Revenue Service has issued an Opinion Letter dated August 31, 2020, that the pre-approved plan adopted by the Company is qualified and the related trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The pre-approved plan opinion letter has been relied on by the Plan. The Plan and prototype Plan have been amended since receiving the opinion letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits, and accordingly, account balances of participants in the Plan.

Note 6: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company (the trustee of the Plan).

Notes to the Financial Statements

December 31, 2022 and 2021

Note 7: Related Party and Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Mid Atlantic Trust Company, the Trustee and Custodian of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transaction. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will become 100 percent vested in their accounts.

Note 9: Concentrations

Two investment balances accounted for approximately 54 and 48 percent of total assets held at December 31, 2022 and 2021, respectively.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	\$ 1,448,719	\$ 1,401,008
Participant contributions receivable	(3,188)	(3,225)
Employer contribution receivable	(1,710)	(1,645)
Net assets available for benefits per Form 5500	<u>\$ 1,443,821</u>	<u>\$ 1,396,138</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement for the year ended December 31, 2022, to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 47,711
Add:	
2021 Participant contributions receivable	3,225
2021 Employer contributions receivable	1,645
Less:	
2022 Participant contributions receivable	(3,188)
2022 Employer contributions receivable	<u>(1,710)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 47,683</u>

Note 11: SECURE Act 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provision to elect in the future.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Madone, Inc. 401(k) Profit Sharing Plan & Trust
South Saint Paul, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Madone, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Madone, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Madone, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Madone, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Madone, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

December 31, 2022 and 2021

Note 1: Description of Plan

This description of the Madone, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2014 by Madone, Inc. (the Company) and is a defined contribution profit sharing plan covering substantially all full-time employees age 21 and older, with two months of service. The Plan allows eligible employees to become participants on the first day of the next calendar month after meeting the two-month service requirement for employee and employer matching contributions. Participants become eligible for profit sharing contributions after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Amendments

Effective, May 20, 2022, the plan document was restated in its entirety as required by regulation. There were no significant changes to the provisions of the plan as a result of this restatement.

Contributions

Participants may elect to contribute up to 99 percent of their eligible compensation, as defined by the Plan and subject to various regulatory limitations, through a salary reduction agreement; the Plan allows for both pre-tax contributions as well as Roth contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, otherwise known as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participants. Under the Qualified Automatic Contribution Arrangement, rate increases following the initial period will occur on the first day of each Plan year.

The Company will, as defined by the plan document, make safe harbor matching contributions to the plan. Safe harbor matching contributions are currently 100 percent of participant deferrals up to 1 percent of employee elective deferrals and 50 percent of participant deferrals between 1 percent and 6 percent of employee elective deferrals.

The Company, at its discretion, may contribute profit-sharing contributions. Profit Sharing contributions are determined by a discretionary formula, which is determined year to year, and allocated to participant accounts based on a pro rata formula as defined by the plan document. During the year ended December 31, 2022, the Company did not elect to make any profit-sharing contributions.

All contributions are subject to certain statutory limits.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer contributions, (b) investment earnings, (c) changes in market values and (d) certain plan expenses. The Company matching contributions are allocated based on a percentage of the participant's salary deferral contribution, subject to certain limitations. Investment earnings and changes in market values are allocated daily based on the number of shares in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Madone Inc. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2022 and 2021

Note 1: Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately vested in their salary deferrals, safe harbor matching contributions and rollover contributions, plus earnings thereon. Vesting in the remainder of their accounts plus actual earnings is based on years of continuous service. A participant is vested in profit sharing contributions and related earnings according to the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0 %
2	20
3	40
4	60
5	80
6	100

Participants also become fully vested in profit sharing contributions upon death, disability or upon reaching normal retirement age as defined by the Plan.

Forfeited, non-vested amounts are used to pay plan expenses or restore participant's individual accounts. There were no forfeited, non-vested accounts at December 31, 2022 and 2021.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 95 percent of one-half the vested account balance or 95 percent of the total vested account balance excluding the Roth elective deferral balance. Loan terms may not exceed 4.5 years, except for the purchase of a principal residence. The loans are secured by the participant's account and currently bear interest rates ranging from 4.25 to 8.50 percent, which are commensurate with the local prevailing rates, equivalent to the prime rate plus 1 percent, and mature at various dates through August 2028. Principal and interest are paid ratably through payroll deductions or ACH, as elected by the participant.

Payment of Benefits

Distributions to terminated, disabled, or retired participants (or in the case of death, the participant's beneficiary) are made in the form the participant chooses in the amount equal to the value of his or her vested account. Participants are also allowed to take in-service distributions beginning at age 59 ½. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Except for certain participant level fees, the Company has elected to absorb significant expenses of administering the Plan.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2022 are not expected to have a significant impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued.

Madone Inc. 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2022 and 2021

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quotes prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies - Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Note 4: Income Tax Status

The Internal Revenue Service has issued an Opinion Letter dated August 31, 2020, that the pre-approved plan adopted by the Company is qualified and the related trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The pre-approved plan opinion letter has been relied on by the Plan. The Plan and prototype Plan have been amended since receiving the opinion letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for plan benefits, and accordingly, account balances of participants in the Plan.

Note 6: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company (the trustee of the Plan).

Notes to the Financial Statements

December 31, 2022 and 2021

Note 7: Related Party and Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Mid Atlantic Trust Company, the Trustee and Custodian of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transaction. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will become 100 percent vested in their accounts.

Note 9: Concentrations

Two investment balances accounted for approximately 54 and 48 percent of total assets held at December 31, 2022 and 2021, respectively.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	\$ 1,448,719	\$ 1,401,008
Participant contributions receivable	(3,188)	(3,225)
Employer contribution receivable	(1,710)	(1,645)
Net assets available for benefits per Form 5500	<u>\$ 1,443,821</u>	<u>\$ 1,396,138</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statement for the year ended December 31, 2022, to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 47,711
Add:	
2021 Participant contributions receivable	3,225
2021 Employer contributions receivable	1,645
Less:	
2022 Participant contributions receivable	(3,188)
2022 Employer contributions receivable	<u>(1,710)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 47,683</u>

Note 11: SECURE Act 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provision to elect in the future.
