INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Reid 401(k) Profit Sharing & Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of Reid 401(k) Profit Sharing & Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Additional Information

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan:

The following brief description of Reid 401(k) Profit Sharing & Retirement Plan (the Plan) is provided for general information purposes only. For more complete information, participants should refer to the text of the Plan document.

General:

The Plan is a defined contribution pension plan covering substantially all employees of The Reid Companies, Inc. (the Company). An employee must attain age 20½ and have at least three months of service to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

The participants, through salary reduction, make contributions to the Plan. The Plan also provides for discretionary Company contributions. Participants are entitled to make tax deferred contributions based on a percentage of the participant's compensation subject to limitations imposed by the Internal Revenue Code. The Company may make basic employer matching contributions in an amount equal to 50% of the first 6% of a participant's salary contributed. Additional discretionary profit sharing contributions, as determined by the Company's Board of Directors, may be allocated to individual accounts of participants enrolled in the Plan during the year.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any) and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions (as defined).

Vesting:

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings is based on years of continuous service. A participant is 100% vested in matching and profit sharing contributions after six years of credited service.

Investment Options:

A Plan participant may direct contributions into a variety of mutual funds and a money market fund offered by Northwest Savings Bank, a trustee of the Plan. Participants may change their investment options at any time.

Payment of Benefits:

The value of a participant's account will be distributed upon termination of employment due to retirement, death, or disability. Payments of the vested portion will be made in a lump-sum amount as soon as practicable.

A participant may request withdrawal of up to 100% of his or her elective deferrals prior to attaining age 59½ but only in the event of financial hardship. The Company shall determine whether the withdrawal requests meet the "hardship" definition of the Internal Revenue Code and will limit the amount of the withdrawal to that required to meet the immediate financial need created by the hardship.

Forfeitures:

At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$71,225 and \$39,828. These amounts are used to reduce future employer contributions. During 2022, the Plan used \$43,893 of forfeitures to reduce employer contributions.

2. Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Mutual funds and the money market fund are valued based on quoted prices in active markets.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain administrative expenses for the Plan are borne by the Company.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 3, 2023 (the date the financial statements were available to be issued).

3. Financial Information Certified by the Trustee:

In accordance with Department of Labor Regulation 2520.103-8, the Plan administrator has obtained certified "Statements of Account" from Northwest Savings Bank as of and for the years ended December 31, 2022 and 2021 that the information summarized below is complete and accurate:

- Statements of Net Assets Available for Benefits – Investments and cash.
- Statement of Changes in Net Assets Available for Benefits – Investment income (loss).
- Schedule of Assets (Held at End of Year) – all items and amounts.

4. Income Taxes:

The Internal Revenue Service has issued a favorable determination letter regarding the tax-exempt status of the Plan. Accordingly, no provision has been made for income taxes.

5. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Nonexempt Transactions:

During 2022, the Company failed to timely remit certain participant contributions in accordance with Department of Labor (DOL) regulations. Each late remittance was remitted to the plan in August 2023; however, these late remittances are considered nonexempt transactions. Accordingly, they are reported as ERISA-required additional information in the Plan's supplementary schedules to the financial statements.
