Independent Auditor's Report

To the Plan Administrator
Roppe Holding Company 401(k) Plan
Fostoria, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Roppe Holding Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

(1) PLAN DESCRIPTION

General

The Roppe Holding Company 401(k) Plan (the Plan) is a defined contribution plan established on February 1, 1985 that covers employees of Roppe Corporation (Roppe), American Thermoplastic Extrusion Company (ATECO), Flexco Corporation (Flexco), Seneca Millwork, Inc. (Seneca) and TCB Holdings, Inc. (TCB). All of these entities are collectively referred to as "RHC". This description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Related Party Transactions

Certain plan investments are pooled separate accounts and guaranteed interest accounts managed by Principal Life Insurance Company (Principal). Principal is the contract holder as defined by the plan and therefore these transactions, as well as notes receivable from participants, qualify as party-in-interest transactions. Fees paid by the Plan to Principal for administrative services were \$54,202 and \$29,009 in 2022 and 2021, respectively.

Eligibility

All employees are eligible for deferral contributions to the Plan after 90 days of eligibility service and having reached the age of 18. Employees are eligible for employer contributions after one year of credited service (defined as 1,000 compensated hours) and having reached the age of 18.

Contributions

Employees participating in the Plan may contribute up to 75% of their eligible compensation to the Plan. The Plan provides for an automatic enrollment for newly eligible employees at a deferral level of 4% of eligible compensation, unless they elect a contrary salary deduction or elect not to participate.

Roppe, ATECO, and Seneca will contribute a "matching" amount of \$0.25 per each dollar contributed, to a maximum of 8.0% of the participant's eligible compensation. TCB contributes a matching contribution of \$.10 per each dollar contributed, to a maximum of 4.0% of the participant's eligible compensation. Flexco contributes a matching contribution of \$0.50 per each dollar contributed, to a maximum of 6.0% of the participant's eligible compensation. Roppe, Seneca, and ATECO also make an annual contribution of 3.5% of eligible compensation on behalf of their participants.

Contributions also include any amounts rolled over from an employee's benefit account with a previous employer.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of the contributions from RHC and net plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the plan offers guaranteed interest accounts as well as several pooled accounts and mutual funds as investment options for participants.

Vesting

Participants are 100% vested in their contributions and earnings thereon regardless of length of participation. Participants are 100% vested in employer contributions and earnings thereon after three years of credited service, or upon death or total disability while in the employment of RHC.

Forfeitures

Forfeitures result from termination of employment before full vesting has occurred and are used to reduce employer contributions. Forfeitures used in the Plan for reduction in employer contributions were \$3,256 and \$2,946 for the year ended December 31, 2022 and 2021, respectively. Forfeiture balances as of December 31, 2022 and 2021 were \$3,178 and \$3,106, respectively.

Participants' Withdrawals

Upon retirement, total disability, death or other termination of employment, participants or their beneficiaries may elect to receive their vested portion of their account balances. If a participant's account balance does not exceed \$5,000, the payout will be in a lump sum; if \$5,000 or greater, the participant may elect lump sum distribution or installment payments unless termination is on or after normal retirement age, then lump sum is mandatory. Normal retirement age is 65. Additionally, under certain circumstances of age or financial hardship, participants are allowed to withdraw funds from the plan, subject to approval by the plan administrator.

Administrative Expenses

Certain administrative expenses of the Plan are shared by RHC and the participants.

Notes Receivable From Participants

Under certain circumstances, as defined by the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding note balance over the past 12 months, if applicable, or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Interest rates on notes outstanding at December 31, 2022 range from 3.25% to 7.50%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following provides a description of the three levels of inputs that may be used to measure fair value:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Significant observable inputs such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable or can be derived from or corroborated by observable market data by correlation or other means.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

There have been no changes in methodologies used at December 31, 2022 or 2021. The following methodologies were used to measure the fair value of the Plan's investments:

Mutual Funds: Valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan.

Guaranteed Interest Accounts (GIA): Fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. There are no unfunded commitments (See Note 5).

Pooled Separate Accounts (PSAs): Valued based on the underlying investments (i.e., common stock, mutual funds, short term securities). While the majority of the underlying assets values are based on quoted prices, the net asset value (NAV) of the pooled separate account is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The NAV is used as a practical expedient to estimate fair value. The PSAs held by the plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable – Participant Loans

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Defaulted loans, if any, are reclassified as distributions based upon the terms of the Plan Agreement.

Payments of Benefits

Benefits are recorded when paid.

(3) INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- (a) Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- (b) Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- (c) Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

(4) INVESTMENTS

All of the Plan's assets are managed and held by the trustee, which operated under the direction of certain officers of the Company.

The following table sets forth by level within the fair value hierarchy the Plan investments, as of December 31, 2022 and 2021.

<u>December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Quantitative Information about Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Values	Average Yield
Guaranteed Interest Accounts	\$1,337,702 At 12/31/2022	Market Value Adjustment	Contract Duration Guaranteed Interest Rate	0 years – 4.0 years 0.10% -1.96%	1.16%
Guaranteed Interest Accounts	\$1,613,410 At 12/31/2021	Market Value Adjustment	Contract Duration Guaranteed Interest Rate	0 years – 4.0 years 0.10% -1.93%	1.02%

(5) GUARANTEED INTEREST ACCOUNTS WITH INSURANCE COMPANY

The Plan maintains an investment contract with Principal Life Insurance Company. The guaranteed interest accounts (GIAs) are fixed return products with annual interest rate guarantees and are credited on a net daily basis at annual effective rates. Fair value is determined based on a discounted cash flow model by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer or the theoretical exit price. Principal Life Insurance Company values the GIAs based on the amount paid when funds are withdrawn prior to their maturity for an event other than death, disability, termination, or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. Principal Life Insurance Company maintains the contributions in guaranteed interest accounts. The guaranteed interest accounts are reflected in the financial statements at fair value, as they are non-benefit responsive. The average guaranteed interest rate for 2022 and 2021 was 1.16% and 1.02%, respectively, while the average interest rate was 1.25% and 1.00% for 2022 and 2021, respectively. The guaranteed interest rate is guaranteed for one year, with a new rate being declared by Principal Life Insurance Company at the beginning of each Plan year.

(6) TAX STATUS

The Plan Sponsor adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA through Principal Financial Life Insurance Company. Principal Life Insurance Company received an opinion letter from the Internal Revenue Service dated June 30, 2020, indicating that it qualifies for tax-exempt status under Section 401 of the Internal Revenue Code (IRC). The plan has since been amended however, the plan administrator believes the plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

(7) TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, RHC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested.

(8) SUBSEQUENT EVENTS

Subsequent Events

Subsequent events have been evaluated by management through October 11, 2023 the date these financial statements were available to be issued.
