INDEPENDENT AUDITORS' REPORT

The Administrative Committee of the
Teacher Created Materials, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Teacher Created Materials, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Annuity Insurance Company of America, under power of attorney of Mass Mutual Life Insurance Company (MassMutual), and Empower Trust Company, LLC as of December 31, 2022 and for the period June 1, 2022 through December 31, 2022. Additionally, management has obtained certifications from Great-West Life & Annuity Insurance Company, under power of attorney granted by MassMutual and Reliance Trust Company as of December 31, 2021, and for the period January 1, 2022 through June 1, 2022. The certifications state that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEACHER CREATED MATERIALS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 1 – Description of the Plan

The following description of the Teacher Created Materials, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general informational purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Teacher Created Materials, Inc. (the Company) who have completed three months of service and are age 18 or older. Union, nonresident employees with no U.S. income or income exempt from U.S. income tax, leased employees, and temporary, seasonal, intern, co-op student, contractor or consultant employee with less than 1,000 hours of service during the Plan year are excluded from the Plan. Effective June 1, 2022, the Plan was restated to bring it into compliance with the legislative and regulatory requirements by the Internal Revenue Service (IRS). Pursuant to the restatement, residents of Puerto Rico are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrative Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may contribute a discretionary match contribution. During the year ended December 31, 2022, the Company contributed 50% of the first 10% of base compensation that a participant contributed to the Plan. Discretionary nonelective contributions may be contributed at the option of the Company's board of directors. During the year ended December 31, 2022, no discretionary nonelective employer contributions were made by the Company. The Company's contributions are invested as directed by the participant. Contributions are subject to certain IRS limitations.

NOTE 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, as well as allocations of the Company's discretionary nonelective contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant starts vesting after two years of credited service and is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, participant withdrawal, installments, or an annuity based on the life of the Participant or upon the joint lives of the participant and beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in the participant's account as a lump-sum distribution.

In-Service Withdrawals

Participants who are at least 59-½ years of age are entitled to receive a distribution of all or any portion of their vested account balance.

Hardship withdrawals, which meet a hardship purpose of immediate and heavy financial need, are permitted as provided in the plan agreement. Such amounts may be drawn from a participant's vested account balance and may be subjected to certain income tax penalties.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 1 – Description of the Plan (Continued)

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$30,444 and \$25,511, respectively. These accounts may be used to reduce future employer contributions or to pay administrative expenses of the Plan. The Company used \$22,006 of forfeitures during the year ended December 31, 2022, to offset the 2021 Company matching contribution that was deposited to the Plan in 2022. The Company used forfeitures of \$30,482 to reduce the Company's accrued employer matching contribution at December 31, 2022, which was deposited to the Plan in 2023.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net depreciation of fair value investments.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.

NOTE 3 – Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America (EAIC), under power of attorney of Mass Mutual Life Insurance Company (MassMutual), and Empower Trust Company, LLC (ETC) as of December 31, 2022 and for the period June 1, 2022 through December 31, 2022, and Great-West Life & Annuity Insurance Company (GWAIC), under power of attorney granted by MassMutual and Reliance Trust Company (Reliance) as of December 31, 2021, and for the period January 1, 2022 through June 1, 2022, the custodians of the plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments, at fair value
- Investment, at contract value
- Net depreciation in fair value of investments
- Interest and dividends
- Schedule of assets held at end of year

TEACHER CREATED MATERIALS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 3 – Certified Investments (Continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Variable annuity accounts: Fair values of accumulation units held by the Plan in the variable annuity accounts are based on each account's daily net asset value (NAV) similar to the underlying mutual fund, which is considered by the Plan management to be the best approximation of fair value. The underlying investments are generally valued using market quotations obtained from independent pricing services.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at NAV of units of the collective trust. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at quoted market prices which represent the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. The use of net asset value as fair value is deemed appropriate as the pooled separate accounts do not have finite lives, unfunded commitments relating to those types of investments, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value measurements at December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

TEACHER CREATED MATERIALS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 5 – Guaranteed Account

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with EAIC, formerly GWAIC, totaling \$2,119,554 for 2022 and \$1,785,499 for 2021. EAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer which will be no less than 1% or more than 3%. The crediting rate is reviewed on a quarterly, semi-annual, or annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

TEACHER CREATED MATERIALS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022

NOTE 6 – Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are held and managed by EAIC, ETC and Reliance, which are the custodians and recordkeepers for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to EAIC of \$81,392, which were not covered by revenue sharing. Burnham Gibson Wealth Advisors, LLC also provides investment advisory services to the Plan and is considered a party-in-interest under ERISA. During the year ended December 31, 2022, the Plan made payments totaling \$55,193 to Burnham Gibson Wealth Advisors, LLC. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – Tax Status

On November 14, 2022, The IRS stated that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
