INDEPENDENT AUDITOR'S REPORT

September 29, 2023

To the Participants and Plan Administrator of the
Orolia USA, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Orolia USA, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Orolia USA, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Orolia USA, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Orolia USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Orolia USA, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Orolia USA, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OROLIA USA, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Orolia USA, Inc. 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution retirement plan available to all employees meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers the employees of Orolia USA, Inc., Orolia Defense & Security, LLC, Orolia Government Systems, Inc., Orolia Fleet Management LLC and effective January 1, 2021, the employees of Talen-X (collectively, the Companies).

As a result of the inclusion of Talen-X as a participating employer of the Plan, \$1,106,810 of assets were transferred into the Plan during the year ended December 31, 2021.

Administration

Orolia USA, Inc. is the plan sponsor and plan administrator. Three employees, at various positions throughout the Companies, serve as trustees of the Plan. Voya Retirement Insurance and Annuity Company (Voya) is the custodian of the Plan's assets and Actuarial Pension Analysts is the third-party administrator and recordkeeper of the Plan's assets.

Eligibility

Employees of the Companies are eligible to participate in the employee contributions, non-elective safe harbor basic contributions, and discretionary employer profit sharing contributions on the first day of the calendar month coincident with or next following satisfaction of the attainment of age 21.

Contributions

The Plan allows participants to contribute an amount from 1% to 100% of their annual compensation. Participants are subject to certain contribution limitations under Section 401(k) and Section 415 of the Internal Revenue Code (IRC). Participants that have reached the age of 50 may elect to defer additional amounts to the Plan. A participant may designate all or a portion of their elective deferral contribution as after-tax Roth elective deferrals.

The Companies make a non-elective safe harbor basic contribution to the Plan each pay period on behalf of each participant at a rate equal to 100% of the first 3% of participant elective contributions plus 50% of the next 2% of participant elective contributions. Additionally, the Companies may make a discretionary additional safe harbor contribution not to exceed 6% of compensation so that total additional contributions does not exceed 4% of participant contributions. The Companies did not make any discretionary additional safe harbor contributions in 2022 or 2021. The Companies may elect to make additional discretionary profit-sharing contributions to all eligible employees in a given plan year. There were no discretionary profit-sharing contributions in 2022 or 2021.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Plan includes an automatic enrollment provision for non-contributing eligible employees unless the employee affirmatively elects not to participate. The automatic deferral percentage is 5% of eligible wages. Additionally, the Plan includes an automatic escalation feature. Participant deferral percentages will increase by 1% annually until a deferral rate of 10% is reached.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, and investment earnings or losses, and is reduced by benefit payments and administrative expenses. Net earnings or losses from each investment fund are allocated to each participant's account based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Prior to 2014, participants vested in employer contributions at a rate of 33% per annum beginning with the first year of service. Participants were fully vested in contributions after three years of credited service. In 2014, the Plan was amended to allow participants to become immediately vested in employer contributions plus actual earnings thereon on a go-forward basis.

Benefits Paid to Participants

Upon termination of service due to death, disability or retirement, participants may elect to receive a distribution of their vested account balance in either a single lump sum, partial distribution, or rollover into another qualified plan.

In-Service Withdrawals

In-service withdrawals from the Plan are permitted from an actively employed participant's account upon the attainment of age 59 ½.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's account under circumstances. All hardship withdrawals must comply with IRC rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance for a period not to exceed five years except for if the loan is used to purchase a primary residence. Loans are secured by the balance of the participant's account, and bear interest at the prime rate plus 2%. Principal and interest are paid ratably through weekly payroll deductions. Principal and interest payments on the notes are redeposited into the participants' accounts based on their current investment allocation elections.

Forfeitures

Forfeitures of safe harbor basic contributions are used to reduce future employer contributions or pay plan expenses. Forfeitures, including gains (losses), totaled (\$1) and \$4,749 during 2022 and 2021, respectively. Forfeitures used to reduce employer contributions and pay plan expenses totaled \$2,111 and \$2,635 during 2022 and 2021, respectively. The balance of unallocated forfeited non-vested accounts totaled \$2 and \$2,114 as of December 31, 2022 and 2021, respectively.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

The Plan pays for substantially all expenses associated with the administration of the Plan. Certain administrative expenses are paid by the Companies.

Plan Termination

Although the Companies have not expressed any intent to do so, the Companies have the right to terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in a fully benefit-responsive investment contract.

The Plan's investments in pooled separate accounts are reported at fair value using the net asset value (NAV) practical expedient. Pooled separate accounts are valued based on the underlying fund's daily performance plus any applicable dividend income less the daily separate account charge. The Plan's investment in its guaranteed investment contract is a fully benefit-responsive investment contract reported at contract value as reported by Voya. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis and dividend income is recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect the amounts reported in the accompanying statements.

Benefits Paid to Participants

Benefits are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to use estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Voya, the custodian, and is included in the accompanying financial statements and supplemental schedule:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	<u>\$ 18,716,169</u>	<u>\$ 19,716,292</u>
Investments, at contract value	<u>\$ 1,956,901</u>	<u>\$ 1,631,117</u>
Investment income (loss)	<u>\$ (3,273,434)</u>	<u>\$ 2,176,135</u>
Schedule of Assets (Held at End of Year)	Schedule I (except "notes receivable from participants")	

4. FAIR VALUE MEASUREMENTS

At December 31, 2022 and 2021, all of the Plan's investments at fair value are measured using the NAV per share practical expedient. As such, the fair value hierarchy disclosures are not required at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: valued at fair value using the NAV per share practical expedient. The pooled separate accounts are valued using Accumulation Unit Value (AUV). AUV represents the underlying fund's daily performance, plus any applicable dividend income, less the daily separate account charge. The investment strategies of the pooled separate account funds are to invest in underlying funds with the goal of producing favorable long-term returns and growth, depending on the overall fund objectives. There are no restrictions on redemption of the pooled separate accounts. There are no unfunded commitments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment in Entities that Calculate Net Asset Value

The Plan is invested in pooled separate accounts that calculate NAV on a daily basis. Units are issued and redeemed as of the end of each day at the daily NAV. The Plan's pooled separate accounts are invested in various types of investments. The NAV of these investments is derived from the market value of the underlying investments. The NAV of the funds are then calculated each day and posted by the custodian.

4. FAIR VALUE MEASUREMENTS (Continued)

The investment strategies of pooled separate accounts is to invest in global and domestic equity and fixed income investments with the goal of producing favorable long-term returns primarily through appreciation of assets, dividends, and interest. There are no restrictions on the number of transactions a participant can conduct related to the pooled separate accounts. These accounts do not have any unfunded commitments.

5. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan entered into a traditional fully benefit-responsive investment contract with Voya under a guaranteed general account contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made, plus investment income, less funds used to pay retirement benefits and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investments at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments as of December 31, 2022 and 2021 include pooled separate accounts and a guaranteed investment contract managed by Voya, the custodian of the Plan. Therefore, transactions between Voya and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

7. TAX STATUS

The Plan uses a prototype plan document developed by Datair Employee Benefit Systems, Inc. (Datair). The Internal Revenue Service has determined and informed Datair, by letter dated June 30, 2020, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RECONCILIATION TO FORM 5500

While net assets available for benefits and change in net assets available for benefits agree between the financial statements and the Form 5500 as of December 31, 2022 and 2021, certain classifications differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Effective March 15, 2023 the Plan was amended and restated to bring the Plan into compliance with certain legislative and regulatory changes.

Effective March 24, 2023, the Plan was amended to change the Plan name from Orolia USA, Inc. 401(k) Retirement Plan to Safran Trusted 4D Inc. 401(k) Retirement Plan.

Subsequent events have been evaluated through September 29, 2023, which is the date the financial statements were available to be issued.
