Independent Auditor's Report

Plan Administrator and Participants
Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by the Sid Peterson Memorial Hospital (the “Hospital” or “Plan Sponsor”) under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Hospital. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Substantially all eligible employees of the Hospital and its related employer (Peterson Medical Associates) are eligible to participate in the Plan, provided they have reached 18 years of age. The Hospital will not make any discretionary matching or discretionary employer contributions until the employee has completed one year of eligible service, as defined in the Plan agreement. The medical providers with Peterson Medical Associates are immediately eligible to participate in the Plan; however, they are not eligible for nonelective employer contributions (e.g. profit-sharing).

Plan Administration

The Plan is administered by the Hospital (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. Reliance Trust Company (“Reliance”) was the Plan’s custodian from the period from January 1, 2022 to March 31, 2022 and for the year ended December 31, 2021, and was responsible for the safekeeping and custody of the Plan’s assets. For the period April 1, 2022 through September 9, 2022, the plan transferred those duties to Great-West Life & Annuity Insurance Company and Great-West Life & Annuity Insurance Company of New York. For the period September 10, 2022 through December 31, 2022 custodial services were provided by Empower Annuity Insurance Company of America (“EAICA”) and Empower Life & Annuity Insurance Company of New York and Empower Retirement, LLC (collectively the “Custodians”).

On December 31, 2020, Empower acquired the retirement business of Massachusetts Mutual Life Insurance Company (“MassMutual”), the Plan’s third-party administrator and recordkeeper. Following an initial transition period, Empower became the sole administrator of this business. Empower refers to the products and services offered by EAICA and its subsidiaries. Empower is not affiliated with MassMutual or its affiliates.

Plan Restatement

Effective April 1, 2022, the Plan adopted the Empower Retirement, LLC Defined Contribution Pre-Approved Plan – Basic Plan Document #02. The Plan’s provisions were not significantly changed by the amended and restated Plan document.

Contributions

Each year, participants may contribute up to 100 percent of compensation (2 percent minimum), as defined in the Plan, subject to certain maximum limitations imposed by the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby the Hospital automatically deducts two percent from eligible employees’ pay on a pre-tax basis. Employees and participants can elect to stop or change this automatic contribution at any time.

Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

The Hospital may contribute a discretionary matching contribution to the Plan. Such amount can be determined either as a uniform percentage of deferrals or as a flat dollar amount for each participant. The discretionary matching contribution formula will apply only to eligible contributions that do not exceed a discretionary amount determined by the employer. The Hospital will determine the discretionary matching contribution, if any, to be made each Plan year to be applied to all eligible participants. Additionally, the Hospital may make discretionary employer contributions to the Plan to be determined at the discretion of the Hospital. Any discretionary employer contribution made by an employer is allocated among its eligible employees who have met the allocation requirements for employer discretionary contributions. The allocable share of each such eligible employee shall be in the ratio which his/her compensation from the employer bears to the aggregate of such compensation for all such eligible employees. Generally, participants must be actively employed on the last day of the Plan year and have worked at least 1,000 hours to share in discretionary employer contributions. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions and matching contributions, as well as the participant's share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the available investments. Allocations are based on the Plan's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their employee contributions and rollovers plus actual earnings thereon. Vesting in the Hospital's employer contributions and matching contributions portion of their accounts is based on years of vesting service. A participant is 100 percent vested after five years of credited service. Full and immediate vesting will also occur upon death, or disability. Participants who leave the Hospital before they are fully vested in the Hospital's contributions forfeit the non-vested portion of their account.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participants may have only one loan outstanding at a time. The loans are secured by the balance in the participant's account. Currently, the loan interest rate is the prime interest rate in effect at the time of the loan plus 2 percent. Principal and interest is paid back directly by the participants.

Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may take a cash distribution of their vested account balance or rollover the distribution to an Individual Retirement Account or to another qualified plan. Participants may elect to (1) leave their vested account balance in the Plan, (2) receive a lump-sum distribution, installments over a specified period not to exceed the life or life expectancy of the participant (and a designated beneficiary), or (3) have the Plan Administrator purchase an annuity as described in the Plan equal to the participant's vested account balance. However, a participant with an account balance of \$5,000 or less may only receive a lump-sum distribution and will be automatically rolled over into an Individual Retirement Account ("IRA") under the involuntary cash-out provisions of the Plan unless another election is made timely by the participant. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts and may first be used to pay Plan administrative expenses, with any remaining amounts used to reduce Hospital contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$39,146 and \$22,723, respectively. For the years ended December 31, 2022 and 2021, \$21,874 and \$47,846, respectively were used to reduce Hospital contributions. For the years ended December 31, 2022 and 2021, \$159 and \$79, respectively were used to pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting and Administrative Expenses

The accounting records of the Plan are maintained on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Hospital. Expenses that are paid directly by the Hospital are excluded from these financial statements. The Plan has no obligation to reimburse the Hospital for the expenses paid by the Hospital on the Plan's behalf. In addition, certain investment-related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of fully benefit-responsive investments, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in market value are reflected in operations. Mutual funds and pooled separate accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities with the investment managers specifying the source(s) to use for underlying investment asset prices. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year-end. Units held in pooled separate accounts are valued at NAV as a practical expedient as reported by the investment managers at year-end and as supported by the prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by MassMutual. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan has entered into investment contracts with MassMutual, administered by Empower through which it maintains certain investments in pooled separate accounts. Assets of these contracts are invested in shares of the specific funds elected in the contract application. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the Custodian. Each of the pooled separate accounts invests either in domestic stocks, fixed securities, or in single mutual funds which are generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the domestic stocks, fixed securities, and single mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the net asset value. The investment contracts may impose certain restrictions on the Plan and may be subject to circumstances (such as early termination of the contracts, lay-offs, plan termination, etc.) that impact the ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

The Guaranteed Interest Accounts are fully-benefit responsive group annuity contracts issued by MassMutual and administered by Empower. MassMutual is the contract issuer and is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. Empower maintains the contributions in a general account. These accounts are credited with contributions received plus earnings on the underlying investments and charged for benefit payments, participant withdrawals, transfers, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. These accounts are included in the financial statements at contract value as reported to the Plan. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The methodology for calculating the interest crediting rate is defined in the contract.

Sid Peterson Memorial Hospital 401(k) Savings and Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options; payments because of retirement, termination of employment, disability, or death; and in-service withdrawals as permitted by the Plan. Participants may make withdrawals for other purposes generally only upon 12 months' advance written notice. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete Plan termination; or (3) Plan disqualification. Currently, Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that also limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value ("NAV") of shares/units held by the Plan at year-end. These mutual funds are registered with the Securities and Exchange Commission and are actively traded.

Pooled separate accounts: Valued, at the NAV of units of the pooled separate account held by the Plan at year-end. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The NAV is not a publicly-quoted price in an active market. The pooled separate accounts provide for daily redemptions by the Plan with no advance notice requirements, and have a redemption price that is determined by the net asset value per unit. There are no significant unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,545,551	\$ -	\$ -	\$ 5,545,551
Total investments in the fair value hierarchy	\$ 5,545,551	\$ -	\$ -	5,545,551
Pooled separate accounts (a)				27,570,157
Total investments at fair value				\$ 33,115,708

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ 6,183,390	\$ -	\$ -	\$ 6,183,390
Total investments in the fair value hierarchy	\$ 6,183,390	\$ -	\$ -	6,183,390
Pooled separate accounts (a)				35,472,679
Total investments at fair value				\$ 41,656,069

- (a) These investments are valued using net asset value as a practical expedient and, therefore, have not been classified in a fair value hierarchy table. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

3. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at other than fair value:

Guaranteed Interest Account: Valued at contract value as estimated by MassMutual. Contract value is based upon a cost approach, which is equal to deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals, and fees. It is the amount plan participants would receive if they were to withdraw or transfer funds within the Plan. As these investments are contract-based, observable prices for identical or similar investments do not exist.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

	<u>2022</u>	<u>2021</u>
Investments:		
Mutual funds	\$ 5,545,551	\$ 6,183,390
Pooled separate accounts	27,570,157	35,472,679
Guaranteed interest account	<u>15,294,160</u>	<u>14,291,450</u>
Total investments	48,409,868	55,947,519
Receivables:		
Notes receivable from participant	<u>709,882</u>	<u>561,205</u>
	<u>\$ 49,119,750</u>	<u>\$ 56,508,724</u>
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ (8,946,151)	\$ 5,405,587
Interest and dividends	<u>849,021</u>	<u>1,120,655</u>
	<u>\$ (8,097,130)</u>	<u>\$ 6,526,242</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2022 and 2021, there were no other reportable transactions, loans in default or uncollectible, or other non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower and, therefore, these transactions qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, Participants will become 100% vested in their accounts to the extent not otherwise vested, and the net assets available for benefits will be distributed in accordance with the provisions of the Plan agreement, ERISA, and the IRC.

8. TAX STATUS

The Hospital adopted the Massachusetts Mutual Life Insurance Company Defined Contribution Volume Submitter Plan and Trust - Basic Plan Document No. 4. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 stating that the volume submitter plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Hospital is relying on the opinion letter (in accordance with Revenue Procedure 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Effective April 1, 2022, the Hospital adopted the Empower Retirement, LLC Defined Contribution Pre-Approved Plan (Basic Plan Document No. 2). The Plan's provisions were not significantly changed by the amended and restated Plan document. The Internal Revenue Service has issued an opinion letter dated November 14, 2022 stating that the plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Hospital is relying on the opinion letter (in accordance with Revenue Procedure 2017-41) that the Plan meets the qualification requirements of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. CHANGE IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. These changes included (1) allows long-term, part time workers to participate in 401(k) plans beginning in 2024 if 1,000 hours are worked throughout the year or 500 hours are worked for three consecutive years; (2) changes the age for required minimum distributions from 70 ½ to 72 effective December 31, 2020; (3) allows in-service withdrawals for childbirth and adoption expenses up to \$5,000; (4) establishes a 10-year rule for distribution of inherited retirement plan accounts and IRA's; and (5) provides special provisions to count certain non-taxable foster care payments as eligible 415 compensation. Formal amendments to the Plan document for these changes in plan operations will be executed prior to the deadline set forth by IRS Rev. Proc. 2020-62, which is December 31, 2022 for pre-approved plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

Effective February 1, 2023, the Plan was amended to credit the specified service with designated predecessor employers as service for eligibility and vesting in the Plan.
