Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: UHY LLP

(2) EIN: 20-0694403

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

INDEPENDENT AUDITOR'S REPORT

To the Plan Advisory Committee
Ruan Employees' 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Ruan Employees' 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RUAN EMPLOYEES' 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 — PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Ruan Employees' 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time and part-time employees of Ruan Center Corporation; Ruan Financial Corporation; Ruan, Incorporated; Ruan Transportation Management Systems, Inc.; Ruan Transport Corporation; Ruan Logistics Corporation; and Concentric International, Inc. (collectively, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by Ruan Transport Corporation (the Plan Administrator).

Basis of Presentation

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments, other than investments in fully benefit-responsive investment contracts, are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Investments held in Principal Fixed Income Guaranteed Option (PFIGO) are reported separately at contract value within net assets available for benefits, as this investment is considered to be fully benefit-responsive (see Note 4).

Net appreciation (depreciation) in the fair value of investments includes realized gains and losses on investments bought and sold and the change in appreciation on all investments held.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

RUAN EMPLOYEES' 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 — PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Investment Valuation and Income Recognition (Continued)

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions. The vested percentage of each participant's share of employer contributions increases according to the following schedule:

<u>Vesting Service Years</u>	<u>Vested Percentage</u>
Less than 2	— %
2	20
3	40
4	60
5	80
6 or more	100

Under the terms of the Plan, vesting service means a participant's period of service. If the participant has more than one period of service or if all or a part of a period of service is not counted, vesting service shall be determined by adjusting the employment commencement date so that there is one continuous period of vesting service equal to the aggregate of all his/her countable periods of service. This period of vesting service shall be expressed as whole years and fractional parts of a year (to two decimal places) on the basis that 365 days equal one year.

Forfeitures

Forfeited accounts may be used to pay administrative expenses or to reduce employer contributions. During 2022 and 2021, forfeitures of employer contributions of \$909,265 and \$1,161,997, respectively, were used to reduce employer contributions. The Plan has approximately \$1,479 and \$4,997 from forfeitures as of December 31, 2022, and 2021, respectively, available to offset contributions or Plan expenses in future periods.

NOTE 1 — PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution. On termination of service due to retirement, death, permanent disability, or withdrawal from participation at age 62 years or later, a participant may elect to receive a lump-sum cash payment, installments, or an annuity payment. The annuity payment may be set for payment through the remainder of the participant's lifetime with the amount of the payment determined annually based on certain mortality assumptions. Depending on the annuity option selected, benefit payments may continue for a predefined period or cease upon a participant's death.

In all instances, if the vested value of a participant's account is \$200 or less, a lump-sum cash payment will be made immediately. If the vested value of a participant's account is in the amount of \$201 to \$1,000, a lump-sum payment will be made after 60 days, if the participant does not elect an alternative distribution method. If the vested value of a participant's account is between \$1,001 and \$5,000, a rollover to an individual retirement account will be made after 60 days. If the vested value of a participant's account is \$5,000 or greater, the participant may leave this value within the Plan.

Employer Contributions

Under the terms of the Plan, the Employer may make qualified matching and discretionary matching contributions. As a qualified match, the Employer contributes an amount equal to 50% of the first 6% contributed by the employee. Discretionary contributions are determined by the Employer.

Discretionary matching contributions are determined by the Board of Directors and are based on elective deferral contributions and compensation for the Plan year. Discretionary contributions, if any, are allocated to participants in the following manner: (a) based upon their ratio of annual compensation, not in excess of taxable wage base, plus two times the amount of such compensation in excess of the integration level to the total of such sums for all eligible persons, not to exceed 5.7% of the participant's annual compensation below the tax wage base and (b) the remaining amount to be allocated based upon the ratio of their compensation to total compensation. Limitations on employer contributions are defined in the Plan agreement and are intended to comply with the maximum amounts allowed under Section 415 of the Internal Revenue Code (IRC) and regulations thereunder.

Participant Contributions

Participating employees may contribute any whole percentage of their wages, up to the maximum percentage allowable, not to exceed Internal Revenue Service (IRS) limits. The Plan also places certain restrictions on contributions from those employees defined as highly compensated. Participants 50 years of age and older were allowed to contribute catch-up contributions.

NOTE 1 — PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Participant Contributions (Continued)

The Plan has an automatic enrollment feature, where all new employees who are eligible to participate in the Plan are automatically enrolled in the Plan, unless they elect to opt out. The automatic enrollment percentage is 5% for participants hired or rehired on or after July 1, 2014. The Plan has a step-up provision where employees who were automatically enrolled into the Plan, have not changed their deferral percentage and are contributing less than 10% will have their percentage increased by 1% annually to a maximum of 10%. Effective January 1, 2022, the automatic enrollment percentage was increased to 6% and will increase 1% annually up to a maximum of 80%. The deferral percentages for participants who have voluntarily changed or cancelled their deferral percentage subsequent to automatic enrollment are not changed.

Administrative Expenses

Plan expenses may be paid out of the assets of the Plan provided such payment is consistent with ERISA. The Employer also pays certain administrative and operating expenses of the Plan. The Plan has an expense agreement with Principal Life Insurance Company (Principal Life) and Princor Financial Services Corporation that allows for expense allocation to participants under certain circumstances. To the extent there is a Plan expense amount, as defined in the agreement, in excess of expenses to be paid as of June 30 or December 31 of any calendar year, the excess will be allocated to Plan participants as a fee adjustment provided such allocation is consistent with the Plan agreement. Expenses related to participants who are borrowing against their vested accounts, taking hardship withdrawals, or have terminated, are deducted from the participant account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.50%, which are commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest are paid ratably through weekly, biweekly, or monthly payroll deductions. Notes outstanding require repayment be amortized over a period not extending beyond five years from the date of the loan. Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

NOTE 2 — CERTIFICATION OF INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Principal Trust Company (Principal Trust), the Custodian of the Plan, that all of the information provided by the custodian as of and for the years ended December 31, 2022 and 2021 is complete and accurate. The following is a summary of the information as of and for the years ended December 31:

NOTE 3 — FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals); and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measure in its entirety.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies – The fair value of investments in registered investment companies are valued based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Common collective trusts – The fair values of units held in the collective trust fund are valued based on quoted redemption values, also known as net asset value (NAV), determined by using available market information and appropriate valuation methods, as provided by the custodian and represent the value at which the Plan (or the participant) could initiate a transaction with the custodian.

Pooled separate accounts – The fair value of units held in pooled separate accounts are valued at NAV, determined by using available market information and appropriate valuation methods, as provided by Principal Life, the insurer of the Plan. There are no imposed redemption restrictions on participants, except for certain short-term trading restrictions, which prohibit participants from reinvesting into the same account within 30 days. Other than the U.S. Property Separate Account, there are no limitations on redemptions.

The NAV of the Principal U.S. Property Separate Account is based on the underlying real estate assets, which are valued using discounted cash flow valuation models that utilize public real estate market data such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition, each property is appraised annually by an independent appraiser. Principal has the ability to apply a contractual limitation, which delays the payment of withdrawal requests (Withdrawal Limitation). At December 31, 2022, the Withdrawal Limitation was in effect; and, the Plan had outstanding distribution requests of \$191,317.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The tables below present the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2022 and 2021 aggregated by the level in the fair value hierarchy within which those measurements fall:

Description	Assets at fair value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3

- (a) Due to the Withdrawal Limitation applied on July 1, 2022, the Principal U.S. Property Separate Account utilized the NAV as a practical expedient to estimate fair value at December 31, 2022. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The Principal U.S. Property Separate Account has no unfunded commitments, allows daily redemptions when Withdrawal Limitation is not in effect, and has no required redemption notice period.

NOTE 4 — FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

PFIGO is a fully benefit-responsive group annuity contract issued by Principal Life with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

Under the terms of the existing contract, the Composite Crediting Rate is currently reset on a semiannual basis. The key factors that influence future interest crediting rates for the investments include the level of market interest rates; the amount and timing of participant contributions, withdrawals, and transfers into or out of the fund; the investment returns generated by the investments; and the duration of the investments.

PFIGO has a guarantee backed by the assets in the general account of Principal Life.

Benefit payments are made at contract value, with no market value adjustments or surrender charge adjustments for Plan benefit events, including retirement, death, disability, termination, loans, withdrawals, or Plan termination. An employer-level liquidation or employer-initiated transfer of the Plan's interest in PFIGO will be subject to either a 12-month irrevocable advance notice or a 5% surrender charge, whichever the Plan would choose at the termination event. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the PFIGO exceeds 20% of the Plan's interest in the contract during the 12-month period immediately preceding the employer-level surrender of the Plan's interest in the contract. Plan management believes that the occurrence of an event that would cause the fund to transact at less than contract value is not probable.

NOTE 5 — PLAN TERMINATION

While the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time, subject to the provisions set forth in ERISA. Should the Plan be terminated at some future time, all participants become 100% vested in their participant accounts as of the termination date.

NOTE 6 — INCOME TAXES

The Plan uses a prototype plan document sponsored by Principal Life. Principal Life received a letter from the IRS, dated August 8, 2014, which states that the prototype plan document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Effective January 1, 2023, the Plan was restated using a new prototype plan document with Principal Life. Principal Life received a letter from the IRS, dated June 30, 2020, which states that the prototype plan document satisfies the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of separate accounts and general insurance account of Principal Life. Principal Trust, an affiliate to Principal Life, is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments. Principal Life also charged administrative fees of \$555,221 and \$518,889 for the years ended December 31, 2022 and 2021, respectively. The Plan paid Capital Strategies Investment Group for advisory fees of \$76,697 and \$49,578, for the years ended December 31, 2022 and 2021, respectively. No other fees were paid for the year ended December 31, 2022. For the year ended December 31, 2021, the Plan paid Lockton Companies LLC and Kansas City Series administrative fees of \$21,137 and \$18,420, respectively. Additionally, for the year ended December 31, 2021, the Plan paid its predecessor auditor fees of \$9,128.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in investments that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne exclusively by the Plan participant who made such decisions.

NOTE 9 — SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued. As disclosed in Note 6, the Plan document was restated effective January 1, 2023.
