REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
The NORDAM Group LLC 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of The NORDAM Group LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures

responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The Supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The NORDAM Group LLC 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of The NORDAM Group LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of plan provisions.

General

The Plan is a defined contribution plan, pursuant to Section 401(a) and related provisions of the Internal Revenue Code (“IRC”), covering virtually all employees of The NORDAM Group LLC (the “Company” or the “Plan Sponsor”) who have met the eligibility requirements and who are not commissioned, temporary, contracted, nonresident aliens with no United States source income, collectively bargained, or leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (“CARES Act”) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2025. Plan management elected to adopt the following provisions:

- On or after March 27, 2020, and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan may repay all or any portion of the distribution to the Plan within the three-year period beginning on the date after the distribution.
- Qualified individuals were permitted to make loans up to \$100,000 or 100% of the participant's vested balance. Participants were also permitted to request that their loan payments through December 31, 2021, be deferred. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

Plan Operations

Milliman, Inc. (“Milliman” or “Record Keeper”) serves as the Record Keeper for the Plan and Charles Schwab Trust Bank (the “Trustee”) is the Trustee of the Plan. The Trustee is responsible for holding the investment assets and notes receivable from participants of the Plan, making investment transactions as directed and making distributions to participants. Certain expenses incurred in administering the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Contributions

Employees become eligible to join the Plan on the first day of employment, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employees can make pre-tax and after-tax deferral contributions. All employee contributions are accumulated in the individual participant's accounts and contributions are subject to certain limitations.

All eligible employees who elect to participate in the Plan are required to contribute at least 1% and may contribute up to 75% of their eligible compensation (as defined in the Plan document), subject to certain maximum limitations imposed by the IRC (\$20,500 for 2022). Employees who are eligible to make deferrals under the Plan and who have attained the age of 50 before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2022).

The NORDAM Group LLC 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Employees who are eligible to participate in the Plan but have not made an affirmative election to participate are automatically enrolled on the first day of the pay period after becoming eligible to participate. The initial contribution, subject to amendment at the discretion of the participant, is 3% of basic eligible compensation.

The employer's matching and profit-sharing contributions are made to the Plan at the discretion of the Company. The discretionary matching and profit-sharing contributions are allocated to the participants who have completed at least one year of service (or as defined) with the Company.

The employer matching contributions were discontinued on October 17, 2020 for the remainder of 2020 and a portion of 2021. Effective August 23, 2021, the Company resumed matching contributions which are equal to 50% of the first 6% of the participants' eligible compensation, not to exceed 3% of their eligible compensation. Effective September 26, 2022, the Plan was amended such that the employee matching contribution increased to 100% of the first 6% of the participants' eligible compensation, not to exceed 6% of their eligible compensation. The matching contributions are allocated to the participants' investments in the same manner as participant contributions.

Participants' pro-rata share of the discretionary profit-sharing contribution is based upon points. Each participant receives one point for each \$1,000 of eligible pay plus each year of service. The Company did not make any discretionary profit-sharing contributions to the Plan in 2021 or 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's matching and profit-sharing contribution and (b) Plan earnings and charged with an allocation of (a) administrative expenses and (b) Plan losses, if any. Allocations are based on participant contributions, earnings, transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan has two broad investment option categories available for contributions, which include mutual funds and an investment contract. Upon receipt of the participant and employer contributions, amounts are invested in short-term investment funds until the appropriate transfer of amounts to the various investment options can be made. Participants direct the investment of their contributions into the various investment options.

Vesting

Participant contributions, the Company's matching contributions, profit sharing contributions and earnings accumulated thereon immediately vest 100%.

Payments of Benefits

Once a participant reaches the age of 59½, they may request withdrawals from their account. Distributions are made to participants in a lump sum. Benefits may also be paid in the case of termination, total and permanent disability, or death. Upon termination, participants have the option of transferring their account balance to an IRA, another eligible 401(k) retirement plan or to leave their funds in the Plan. Balances less than \$1,000 are automatically distributed in a lump sum.

Notes Receivable from Participants

A participant in the Plan may request a loan with a minimum of \$1,000 and a maximum not to exceed the lesser of: (1) 50% of the vested account balance; or (2) \$50,000. The repayment terms of loans may not exceed five years, except for loans used to acquire the participant's principal residence, which terms are

limited to 15 years. Each loan bears interest at a commercially reasonable rate, which is typically equal to the prime rate on the day the loan is requested plus 2%. Loan repayments are made by payroll deduction. Upon leaving the Company, participants may repay outstanding loans by the end of the calendar quarter following the calendar quarter of their separation with a single lump-sum payment via a cashier's check or money order. Participants are limited to two outstanding loans at one time. Participant loans are funded from traditional 401(k) contributions made by the employee. Roth 401(k), company matching, and company profit sharing contribution amounts are not eligible for loan funding. Loans are collateralized by gross employee 401(k) contributions.

Plan Termination

The Company has not expressed any intent to terminate the Plan but reserves the right to terminate it at any time subject to the provisions of ERISA. In the event the Plan is terminated, the Plan's net assets would be distributed to the participants at the time of plan termination.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except the fully benefit investment contracts which are stated at contract value) as of the end of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade dates. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Administrative Expenses

Certain administrative expenses, such as fees associated with participant loans and distributions, incurred in connection with the Plan, are reflected in the statement of changes in net assets available for benefits and are deducted from participant accounts. Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recognized on an accrual basis as it is earned. Delinquent notes receivable from participants are reclassified as distributions. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Payment of Benefits

Benefit payments are recorded when paid.

NOTE C - RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit and overall volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no change in methodologies used as of December 31, 2022 and 2021.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The NORDAM Group LLC 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan's investments measured at fair value at December 31:

		2022			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 146,279,251	\$ -	\$ -	\$ 146,279,251
Total investments, at fair value		<u>\$ 146,279,251</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 146,279,251</u>
		2021			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 193,313,711	\$ -	\$ -	\$ 193,313,711
Total investments, at fair value		<u>\$ 193,313,711</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 193,313,711</u>

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is a relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Investments at contract value were valued at \$48,267,348 and \$41,028,239 for the years ended December 31, 2022 and 2021, respectively.

The Separate Account Guaranteed Income Contract ("SAGIC") is considered to be fully benefit responsive notwithstanding the market value events under SAGIC contract that limit the ability of the Plan to transact at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC 66;
- Premature termination of the contracts;
- Plan termination or merger; and

The NORDAM Group LLC 401(k) Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

- Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events might allow an issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; and
- A material amendment to the agreements without the consent of the issuer.

NOTE F - TAX STATUS

The Plan received a determination letter from the Internal Revenue Service dated November 7, 2014, stating that the Plan was qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the opinion letter. However, the Company and the Plan Administrator believe the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax exempt. As a result, no provision for income taxes has been included in the Plan's financial statements.

The Plan evaluates uncertain tax positions for recognition and measurement in the financial statements. To recognize a tax position, the Plan determines whether it is more likely than not that the tax positions will be sustained upon examination, including resolution of any related appeals or litigation, based on the technical merits of the position. A tax position that meets the more-likely-than-not threshold is measured to determine the amount of benefit to be recognized in the financial statements. The Plan had no uncertain tax positions that required recognition in the financial statements at December 31, 2022 or 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by the Trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are considered party-in-interest transactions because they are transacted with Plan participants. These transactions are exempt from the prohibited transaction rules.

NOTE H - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued. No subsequent events were identified requiring additional recognition or disclosures in the accompanying financial statements.
