INDEPENDENT AUDITORS' REPORT

To the Benefit Administrative Committee of
the Conduent Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Conduent Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Conduent Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Bank of New York Mellon, N.A, as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note D, Note E and Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by Bank of New York Mellon, N.A, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Conduent Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Conduent Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Conduent Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Conduent Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONDUENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A – PLAN DESCRIPTION

The following description of the Conduent Savings Plan (the “Plan”) provides only general information. Conduent Business Services, LLC (the “Company” or “CBS”) is the sponsor and administrator of the Plan. The Bank of New York Mellon, N.A is the Plan trustee and custodian. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Company maintains the Plan for the benefit of its eligible employees and eligible employees of subsidiaries, divisions and affiliated companies that have adopted the Plan. The Plan is a defined contribution plan. The Plan as amended and restated was established January 1, 1989, upon conversion of an existing employee contribution savings plan. The Plan is subject to the provisions of ERISA.

401(k) Provisions

Contributions are by salary reduction and are at the employee’s discretion within limits imposed by the 401(k) provisions of the Plan and the applicable Internal Revenue Code sections. Participant accounts are invested in the list of funds made available by the Plan.

Plan Amendments

There were no amendments for the year ended December 31, 2022.

The Plan was amended during the year ended December 31, 2021, as follow:

Effective January 1, 2021, the discretionary Employer Matching Contribution changed from 3% to 4%, depending on the plan sponsor’s performance.

Effective January 1, 2021, Section 7.02 is replaced with new clauses spelling out the conditions for withdrawing accounts based on the seriousness and urgency of their hardships, including medical expenses, repairs to the residence, funeral expenses, or damage to the primary residence due to a disaster. Fees for withdrawals will apply. In addition, specify the conditions for exit difficulties. And to assist those severely affected by COVID-19 between April 1, 2020, and December 31, 2020. Moreover, Conduent Savings Plan added section 13.12 to provide material and shelter assistance to those affected by various hurricanes.

Salary Deferral Contributions

The Plan is a defined contribution plan wherein participants elect to reduce their compensation and have such reductions contributed to the Plan on their behalf. Generally, the Plan covers all eligible employees of the Company who elect to participate except those who are leased; or are independent contractors or consultants; or are nonresident aliens not receiving United States source income. Employees are eligible to contribute on their date of hire or as soon as administratively feasible.

Employees can elect to contribute to the Plan in a multiple of 1% and the maximum percentage is 75% of eligible compensation on a pre-tax basis, after-tax basis or a combination of both. The maximum contributions allowed by the Internal Revenue Service were \$20,500 and \$19,500 for years 2022 and 2021, respectively. If a participant made both pre-tax and Roth contributions for the applicable calendar year, excess contributions shall be attributed first to the participant’s pre-tax contributions and second to the participant’s Roth contributions. The term “compensation” for calculation of deferral shall be base pay, overtime and commissions.

CONDUENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A – PLAN DESCRIPTION (CONTINUED)

Salary Deferral Contributions (continued)

Participating employees are eligible to make catch-up contributions under the Plan provided the participating employees have attained or will attain the age of 50 before the close of the year. The amount of catch-up contributions allowed by the Internal Revenue Services was \$6,500 for years 2022 and 2021. The catch-up contributions are excluded in calculating any matching compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Discretionary Matching Contribution

Participating employees are eligible for discretionary matching contributions immediately following completion of a one-year of service or 1,000 hours.

For 2021, the discretionary employer match percentage was 1.5% and the first 4% of compensation. For 2022 the discretionary employer match was 0 – 4% and the designated amount was 1%. The Company made discretionary matching contributions of \$5,552,198 and \$16,548,546 for the years ended December 31, 2022 and 2021, respectively.

The discretionary matching contribution shall be designated as of the last day of the Plan Year, on behalf of each eligible participant who made a deferral contribution on any pay date during the Plan Year and who is employed on the last business day of the Plan Year. Participants who made deferral contributions during the Plan Year but who is not employed on the last day of the Plan Year due to death, disability, retirement, or involuntary termination of employment by the Employer as a result of a corporate disposition or a reduction in force shall be entitled to a discretionary matching contribution for such year.

All discretionary matching contributions have been allocated in accordance with participant's investment elections.

Allocation

Each participant's account is credited with the participant's salary deferral. Investment income or loss is allocated daily based on the ratio of each participant's account balance at the end of each day.

Vesting

Vesting of all employer contributions occurs at the following rates for employees enrolled in the Plan. Employee contributions, Roth contributions and rollover contributions are 100% vested. The vesting schedule applicable to discretionary matching contributions in 2022 and 2021 are:

<u>Years in Vesting Service</u>	<u>Vested Interest</u>
Less than two years	0%
Two to three years	50%
Three or more years	100%

Participant Loans

Participants may borrow from their fund accounts, through a loan transaction, a minimum of \$1,000 or up to a maximum of \$50,000 not to exceed 50% of their vested account balance. The balance in the participant's account is used to secure the loans. These loan transactions are treated as a transfer between the investment fund and the participant notes fund. Loans used for the purchase of a primary residence have a maximum term of fifteen years. All other loans have a maximum term of five years. The interest rate on loan transactions is commensurate with current rates. As of December 31, 2022 and 2021, the interest rate on outstanding loan balances ranged from 4.25% to 9.25%. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

CONDUENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A – PLAN DESCRIPTION (CONTINUED)

Participant Loans (continued)

Principal and interest is paid ratably through payroll deductions. Participant notes receivable are valued at their unpaid principal balances, plus accrued but unpaid interest thereon. Interest income on notes receivable from participants is recognized when earned. A participant may not have more than two loans outstanding at the same time.

If a participant ceases to make loan repayments and the plan administrator, based upon the terms of the plan document, deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time. Upon termination, the Company may elect to distribute to each participant, or his or her beneficiary, his or her account balance to the extent permitted by the Internal Revenue Code, or transfer such balance to a successor plan. In addition, upon termination of the Plan, the participants' vested interest in employer contributions shall be 100%. Should the Plan be terminated, the trust will continue until all participant accounts have been completely distributed.

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account.

Forfeitures

Forfeitures may occur when participants terminate employment before becoming 100% vested in all their accounts in the Plan. Forfeitures are used to reduce employer discretionary matching or profit-sharing contributions or plan administrative expenses. At December 31, 2022 and 2021, the Plan maintained a forfeited balance in its forfeiture account of \$223,553 and \$180,752, respectively. In 2022, the Plan utilized \$130,000 from its forfeiture account. No forfeited non-vested amounts were utilized in 2021 plan year.

Plan Administrative Costs

Plan administrative costs include the costs of recordkeeping, account setup and maintenance, Plan communications, quarterly statements, legal fees, advisory fees and other expenses. These fees are subtracted from each participant's account on a quarterly basis throughout the year.

In 2022, the Plan charged a quarterly per-participant fee if the account balance is \$1,000 or greater with a minimum of \$1.25 per quarter and a maximum of \$18.75 per quarter. Account balances under \$1,000 are not charged a fee.

In 2021, the Plan calculated the per-participant fee rate by projecting the Plan expenses for plan year 2022 and dividing the total expenses by the total Plan assets as of December 31, 2021. The resulting percentage of 5.0 basis points was applied to each participant's account balance as of January 01, 2021.

Funding Policy

It is the policy of the Plan sponsor to remit the employee contribution three business days after the date of payroll. This is the earliest date in which the Company can reasonably segregate these amounts from general assets.

Benefits

Generally, on termination of service due to death, disability, or retirement, benefits are paid in a lump sum to a terminating participant or participant's beneficiary. Participants are also eligible for hardship withdrawals in accordance with Plan documents.

CONDUENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Current year contributions, investment income and expenses, the annual employer match, which were not received or paid until the subsequent year were accrued.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as fair value. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bank of New York Mellon, N.A holds the Plan investments. The fair value per unit/share is stated at quoted market prices as determined by the Bank of New York Mellon, N.A. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefit payments are recorded when paid.

CONDUENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain expenses incurred for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in appreciation (depreciation) of fair value of investments.

Revenue Share

Revenue sharing amounts for investments that generate such amounts for BNY Mellon is credited to a fee account. Certain expenses are paid using a revenue sharing arrangement and are included in administrative expenses on the statements of changes in net assets available for benefits.

Total investment advisory and other fees paid out of this revenue sharing arrangement were \$29,764 and \$7,962 for the years ended December 31, 2022 and 2021, respectively.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that is observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common stocks, corporate bonds, partnerships/joint venture interests and registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

U.S. government securities, Preferred stock and interest bearing cash: Valued at prices for similar assets or liabilities in active or inactive markets. These funds are classified as level 2 of the fair value hierarchy.

CONDUENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that is registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Unobservable inputs valued at contract price and net asset value (NAV). These values are classified within level 3 of the fair value hierarchy. See Note E, “Guaranteed Investment Contract With Galliard”, for discussion on fully benefit-responsive investment contract.

Master trusts: Unobservable inputs valued at fair value based on units of participation from independent pricing services. These values are classified within level 3 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Reclassifications

Certain accounts in prior year financial statements and notes to the financial statements have been reclassified to conform to the current year presentation. Such reclassifications had no effect on prior year net assets available for benefits.

NOTE C – INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated November 3, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there is no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Total change in net assets	<u>\$ (41,976,473)</u>	<u>\$ 29,482,408</u>

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Bank of New York Mellon, N.A, the trustee.

The Net Assets of the Master Trust Investment at December 31, 2022 and 2021, were equal to the aggregate value of the assets of the Master Trust Investment less the value of the accrued liabilities of the Master Trust Investment. The assets of the Master Trust Investment were determined in accordance with generally recognized valuation procedures based upon prices and quotes from independent pricing services.

The closing prices reported in the active markets in which the securities are traded were used to value the investments in the Master Trust.

NOTE D – INVESTMENTS (UNAUDITED) (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2022 and 2021:

**Master Trust Assets at Fair Value
As of December 31, 2022 (Unaudited)**

	Level 1	Level 2	Level 3	Total	Plan's %
Other level 3 investments	\$ -	\$ -	\$ 141,962,546	\$ 141,962,546	100%

During the years ended December 31, 2022 and 2021, respectively, the Master Trust's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

	2022 (Unaudited)	2021 (Unaudited)
Net appreciation (depreciation):		
Other level 3 investments	\$ (34,853,240)	\$ 26,716,441
Total net appreciation (depreciation)	<u>\$ (34,853,240)</u>	<u>\$ 26,716,441</u>

The December 31, 2022 and 2021 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The qualified institution's certification applies to investment assets, transactions, and income, and the schedules of investment and reportable transactions.

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH GALLIARD (UNAUDITED)

The Plan holds a fully benefit-responsive investment contract with Galliard Managed Income Fund Core ("Galliard"). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Galliard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Discontinuance of the contract would result in certain surrender charges and market value adjustments as defined by the contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Galliard maintains the contributions in a general account. The account is credited with earnings on the investments and is charged for participant withdrawals and administrative expenses charged by Galliard. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE E – GUARANTEED INVESTMENT CONTRACT WITH GALLIARD (UNAUDITED)
(CONTINUED)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Principal and interest at crediting rates, which is announced in advance on an annual basis, is guaranteed; however, there is no stated maturity date.

During 2022 and 2021, the average yields for the Stable Value Fund were as follows:

	<u>2022</u>	<u>2021</u>
Based on actual earnings	5.00%	1.29%
Based on interest rate credited to participants	2.32%	1.69%

Benefit-responsive investment contracts are designed to preserve capital and provide a stable crediting rate. Such contracts provide that withdrawals associated with certain events not in the ordinary course of fund operations may be paid at market rather than contract value. Examples of such circumstances may include significant plan design changes, complete or partial plan terminations, severance programs, early retirement programs, the closing or sale of a subsidiary, bankruptcy of the plan sponsor or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of the above events that would limit the Plan's ability to conduct transactions with participants at contract value is probable.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-part issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The guaranteed investment contract does not permit Galliard to terminate the agreement prior to the scheduled maturity date.

NOTE F – FAIR VALUE MEASUREMENTS

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2022, is reported in net appreciation (depreciation) in fair value of investments.

The Vanguard Target Retirement Trusts are classified as common/collective trusts. Vanguard Target Retirement Trusts use an asset allocation glide path to offer an appropriate level of exposure to risk and return as investors progress along the path to retirement. The year in the trust name refers to the approximate year (the target date) when an investor in the fund would retire and leave the workforce. The fund will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date. The trusts use a simple fund of funds structure which seeks to build appropriate asset allocation from preselected stock, bond, and money market portfolios.

NOTE G – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invested in investments managed by the Bank of New York Mellon, N.A., the custodian and trustee of the Plan's assets, as defined by the Plan. These transactions qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules. Fees paid by the Plan for the investment management services were \$65,233 and \$147,311 for the years ended December 31, 2022 and 2021, respectively.

Conduent HR Solutions, LLC (a division of Conduent) provides certain accounting, administrative, and investment management services to the Plan. The Plan paid \$758,632 and \$561,331 for the services rendered by Conduent HR Solutions, LLC for 2022 and 2021, respectively. These transactions are considered exempt party-in-interest transactions.

The Plan allows for loans to participants based on their vested balances. These transactions are considered exempt party-in-interest transactions. As of December 31, 2022 and 2021, the participant loan balances were \$13,825,201 and 15,209,146, respectively.

Hext & Associates, P.C. provides audit services to the Plan. These services qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules.

There are no open investigations with the Department of Labor as of December 31, 2022 and 2021.

NOTE H – PLAN MERGERS

There were no Plan mergers for 2022 and 2021.

CONDUENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE I – DERIVATIVES

The Plan has no instruments that, in whole or part, are accounted for as a derivative instrument under current authoritative guidance in *Accounting for Derivative Instruments and Hedging Activities*, during the Plan years 2022 and 2021.

NOTE J – RISKS AND UNCERTAINTIES

Investment Risks

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Further, due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE K – SEPARATED PARTICIPANTS WITH VESTED BENEFITS

There were 11,363 and 11,079 terminated participants with vested benefits of \$463,430,887 and \$552,176,372 as of December 31, 2022 and 2021, respectively.
