REPORT OF INDEPENDENT AUDITORS

Plan Sponsor
First Sonora Bancshares, Inc. 401(k) Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of First Sonora Bancshares, Inc. 401(k) Employee Stock Ownership Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (“GAAP”); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with U.S. generally accepted auditing standards (“GAAS”). Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Information Required by ERISA

The Supplementary Information is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplementary Information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Supplementary Information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplementary Information, we evaluated whether the Supplementary Information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the Supplementary Information, other than the information in the Supplementary Information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the Supplementary Information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of First Sonora Bancshares, Inc. 401(k) Employee Stock Ownership Plan (the “Plan”) provides general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – First Sonora Bancshares, Inc. (the “Plan Sponsor” or “Employer”) established the Plan effective November 1, 1981, and was amended and restated with the current provisions effective January 1, 2010. The Plan is a defined contribution plan covering all employees who are at least 21 years of age and have completed at least 30 days service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Plan assets are held in trust by Reliance Trust Company (the “Trustee”). Effective January 1, 2021, during the annual election period, qualified participants may elect to sell up to 25 percent of the fair market value of their ESOP account and transfer such amount to other available investment types within their account.

Participant Contributions – An eligible Participant may authorize the Company to withhold one percent up to one hundred percent of eligible compensation not to exceed the annual limits established by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant. However, participants shall not be permitted to direct the investment of their elective deferral contributions or rollover contributions into the Employer’s common stock except for a one time election granted on the effective date of the Plan.

Employer Contributions – The Plan Sponsor makes a safe harbor match up to 4% of compensation for all eligible employees. In addition, the Plan Sponsor, at its discretion, may make qualified non-elective contributions to eligible participants, allocated in proportion to their respective compensation. During the year ended December 31, 2022, the Plan Sponsor made discretionary contributions of **\$306,151**. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Plan Sponsor’s safe harbor and profit sharing contribution and, (b) Plan earnings, and charged with certain administrative expenses, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participant accounts are invested in accordance with investment directions provided to the Recordkeeper by each participant.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and a participant may only have two receivables outstanding at any point in time. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through regular payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Vesting – Participants are immediately vested in their contributions and their safe harbor Employer contributions plus actual earnings thereon. Vesting in the Plan Sponsor's profit sharing contributions plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or by payment in a series of substantially equal installments over the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Absent election, participant balances less than \$1,000 as of the date of termination are distributed in accordance with the Plan provisions. If a distribution is to be made whose balance is their ESOP stock account and ESOP dividend account, the Plan Administrator may require that such distribution be made in annual installments over a five year period, plus one additional year (but not more than five additional years) for each \$195,000 by which the value of the account exceeds the foregoing threshold.

Under the provisions of the Plan, the Plan Sponsor may be obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During 2022 and 2021, the Plan Sponsor did not repurchase any shares from participants.

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved. A hardship withdrawal is available under limited circumstances, which the participant must document.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts are used to first reduce future Employer contributions and then administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled **\$63,472** and **\$26,696**, respectively. During 2022, **\$61,470** was forfeited by participants who withdrew from the Plan and **\$26,023** was used to reduce employer contributions and **\$153** was used to pay administrative expenses. The account earned **\$1,482** in interest during 2022.

1. DESCRIPTION OF THE PLAN (continued)

Administrative Expenses – Plan expenses are charged to the Plan and paid using forfeited funds, if applicable. Fees associated with specific transactions (loans, distributions, etc.) and quarterly administrative fees are charged to the participant as incurred. All fees are deducted from the participant's account as those fees are assessed.

Put Option – Under Federal income tax regulations, the Employer common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Plan Sponsor can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting Rights on Employer Common Stock – The Plan Sponsor shall direct the Trustee as to the manner in which voting, dissenter's or other rights of securities held by the Trust are to be exercised, except that each Participant may direct the vote of shares of the Employer common stock allocated to his ESOP Accounts if such shares are to be voted with respect to any merger, consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all of the assets of any trade or business of the Plan Sponsor, and such other issues as may be required by regulations adopted by the Secretary of the Treasury. In the event that a Participant fails to exercise such voting rights in accordance with the rules adopted by the Plan Sponsor under this section, the Plan Sponsor may direct the vote of such shares. The Plan Sponsor may adopt rules and procedures to facilitate the exercise of such voting rights. If a Participant fails to exercise such voting rights in accordance with the rules adopted by the Plan Sponsor under this section, the Plan Sponsor shall not direct the vote of such shares.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Employer common stock into investments which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any share previously diversified. In the 6th year, the percentage changes to 50%. Participants who elect to diversify have the option to receive a cash distribution or transfer to another investment offered in the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer profit sharing contributions.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan’s financial statements are reported on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers, appraisers and custodians. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – The Plan investments consist primarily of the Employer common stock and mutual funds, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investments and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the mutual funds and common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Funding Policy – It is the policy of the Plan Sponsor to deposit the participants’ withheld contributions within the ERISA required time limit which is the earliest date you can segregate deferrals from general assets.

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2022 and 2021.

3. PARTY-IN- INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Accordingly, transactions conducted by the trustee and custodian, Reliance Trust Company; the recordkeeper, Pentegra Services, Inc.; and the Plan Sponsor, qualify as party-in-interest transactions. The Plan invests in the Plan Sponsor's Company common stock. This is a related party and party-in interest transaction. Notes receivable from participants also qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transactions rules under ERISA.

For the year ended December 31, 2022, the Plan paid fees to Pentegra Services, Inc. for services in the amount of **\$38,355**. Various indirect investment expenses were paid from the participant investment earnings as described in Form 5500 Schedule C. In 2022, all other plan administrative fees were paid directly by the Plan Sponsor.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. 6. INCOME TAX STATUS

The IRS has determined and informed the Plan Administrator by a letter dated August 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Trustee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

6. INCOME TAX STATUS (continued)

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. FIDELITY COVERAGE

The Plan Administrator is exempt from the bonding requirements of ERISA for the years ended December 31, 2022 and 2021, as they meet the applicable exemption requirements.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification 820 ("FASB ASC 820"), "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

FIRST SONORA BANCSHARES, INC. 401(K) EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The Plan Administrator determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Plan Administrator uses unobservable inputs when observable inputs are not available. Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Employer Common Stock – The fair value of the Employer’s common stock is based upon an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. Ultimately, the discounted cash flow analysis by application of the dividend discount model provided the best basis for establishing the fair market value. The analysis was grounded in the guidelines presented in Internal Revenue Ruling 59-60, which provides guidance on how to value stock of corporations where market quotations are not available. The appraiser took into account the nature and history of the business, historical and projected cash flow and net earnings, profitability and market value ratios, market comparability, dividend paying capacity, and applicable discounts and premiums.

The valuation process involves Plan management selecting an independent appraisal firm that has sufficient Bank valuation experience. The Plan Sponsor’s management accumulates the data for the appraisal from the Plan Sponsor’s financial statements that are subsequently subjected to a financial statement audit. The appraiser prepares a valuation report, the Board of Directors discusses it in detail and approves. The results of this process are documented in Board of Director minutes.

Interest Bearing Money Market Funds – The money market funds represent interest-bearing cash and is therefore categorized in Level 1 of the fair value hierarchy.

Common Collective Trusts – Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and there are no unfunded commitments. If the Plan were to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
December 31, 2022

For the years ended December 31, 2022 and 2021, there were no transfers into or out of Level 3.
