ROSS LANE & COMPANY, LLC
Certified Public Accountants and Consultants

October 5, 2023

To the Administrator & Fiduciary
Mobile Communications America, Inc. 401(k) Plan

We have audited the financial statements of the Mobile Communications America, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2022, and have issued our report thereon dated October 5, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the trustees, which are a bank or similar institution or insurance carrier that are regulated, supervised, and subject to periodic examination by a state or deferral agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520. 103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 13, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Your estimate of the investments is based on the fair value. We evaluated the key factors and assumptions used to develop the value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The fair value measurements in Note 8 to the financial statements were based on market valuations provided by and certified by the trustee.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

The completion of our audit was delayed due to waiting on the completion of compliance testing. Compliance testing was not received prior to the filing of Form 5500.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though, in our judgment, such uncorrected misstatements are immaterial to the financial statements under audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

- During our testing of participant deferrals, we found that the auto increases effective on 1/1/22 were not implemented. Because participants had a missed opportunity to defer into the Plan, a 25% QNEC is required to be paid by the Company into the affected participants' accounts.

Additionally, 100% of the missed match, plus earnings, are required to be deposited into the affected participants' accounts. We have attached a spreadsheet of the affected participants and recommend that these QNEC's and ER match amounts be paid as soon as administratively feasible. Management should also review the auto increases effective on 1/1/23 to ensure that those auto increases were implemented and if not, then corrective deferrals and match should be deposited by the Company into the affected participants' accounts prior to year end.

- During our testing of contributions, we noted that the March 25, 2022 employee and employer contributions totaling \$7,019.02 and \$3,727.01, respectively, were not drafted from the Company's bank account. We also noted that the June 17, 2022 employee and employer contributions totaling \$1,282.26 and \$1,113.25, respectively, were not drafted from the Company's bank account. These are receivables by the Plan as of December 31, 2022, and the employee contributions are considered late remittances to the Plan. These employee and employer contributions, along with lost earnings, should be remitted to the Plan and allocated to participant accounts as soon as possible. We also recommend that employee and employer contributions to the Plan are remitted consistently throughout the year so that no remittances are considered late.
- Standard audit procedures require us to review the compliance testing prior to releasing the 401k audit. However, we were unable to obtain the compliance testing from Empower prior to the Form 5500 due date. While we did get approval from our peer reviewers to release the audited financials so the Form 5500 can be timely filed, we do require that once the compliance testing is completed, you forward that to us so that we can review it to ensure no changes need to be made to the audited financials that might require them to be re-issued. While we feel that won't be the case, we still need to review the compliance testing.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audits.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

- During our testing of participant deferrals, we noted Jimmy Jones was eligible to enroll in the plan January 1, 2022, based upon his October 1, 2021 hire date and his completed election dated December 6, 2021. However, no deferrals were withheld until the February 25, 2022 payroll date. While no QNEC is needed for this error, he is due \$418 in employer match plus earnings. This amount should be deposited into his account as soon as administratively feasible.
- During our testing of participant deferrals, we noted Donald Moon elected to have 5% deferrals for 2022. However, deferrals of 4% were withheld the entire year of 2022. A 25% QNEC of \$188 is needed to correct this error, and he is due \$376 in employer match plus earnings. This amount should be deposited into his account as soon as administratively feasible.

- During our testing of participant deferrals, we noted Jonathan Ouzts elected to have 7% deferrals for 2022 but only 5% was withheld for the first three paychecks of the year. While no QNEC correction is needed since the error occurred less than three months and no match is needed since he received the maximum match, we recommend that you review all elections for participants and agree those elections to amounts withheld in payroll. Withholding different percentages than what is elected by the participants results in the Plan being noncompliant.
- The forfeiture account had a balance of \$57,168 and \$42,058 as of December 31, 2022 and 2021, respectively. No forfeitures were used during 2022. Per DOL regulations, forfeitures must be used for the payment of Plan expenses or to reduce employer matching contributions by the end of the following plan year in which the forfeitures arose. We recommend you use the forfeiture balance during 2023.
- During our testing of participant deferrals, we noted Jason Davenport deferred on bonus wages. Bonus wages are not plan compensation, and therefore should not have deferrals withheld on these wages. While others in our participant sample correctly had no deferrals withheld on bonuses, we recommend reviewing 401k deductions on bonus wages.
- During our testing of participant data, we noted that one employee had no written backup for his pay authorization. We recommend that personnel files be kept for all employees that detail date of hire, payroll changes, and terminations.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very yours truly.
