FINANCIAL STATEMENTS

Years Ended December 31, 2022 and 2021

INDEPENDENT AUDITORS' REPORT

To the Trustees
AVM, L.P. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the AVM, L.P. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of plan

The following description of the AVM, L.P. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by AVM, L.P. (the "Company") for the benefit of the Company's employees who are at least 20 ½ years of age, have at least one year of service if a full time employee, and have at least 1,000 hours of service if a part-time, temporary, or seasonal employee as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance. AVM Associates, LLC, an affiliate of the Company, is also a participating employer in the Plan.

Plan administration - The Plan is administered by the Profit Sharing Plan Committee (the "Committee"), which is a committee made up of certain principals and management of the Company. The Committee has overall responsibility for the operation and administration of the Plan.

Charles Schwab Bank ("Charles Schwab") served as the custodian of the Plan's investment assets through October 31, 2022. In November 2022, the Plan changed custodians to Fidelity Management Trust Company ("Fidelity"). As of December 31, 2022, all investments have transferred to Fidelity from Chales Schwab except for one self-directed brokerage account holding with a fair market value of $28,700 as of December 31, 2022.

Plan amendments - Effective November 1, 2022, the Plan was amended and restated through the adoption of the Fidelity Pre-Approved Defined Contribution Profit Sharing 401(k) Plan. Participant benefits were not significantly changed.

Effective January 1, 2021, the Plan was amended and restated to exclude differential military pay as defined in the Internal Revenue Code (the "Code") section 3401(h)(2), post severance compensation, and disability pay as Plan compensation. Additionally, the dollar amount under the force-out provision of a terminated employee was increased to $5,000.

Contributions - Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans excluding Roth rollovers. Other than rollover contributions from other plans, participants do not make contributions to the Plan. The Company may make discretionary profit sharing contributions to the Plan for eligible participants. Discretionary profit sharing contributions, if any, are allocated to each eligible participant and based on the participant's eligible compensation, as defined in the plan document. Discretionary profit sharing contributions made by the Company are invested in accordance to each participant's investment elections and are subject to limitations prescribed by the Code. The Company made discretionary profit sharing contributions aggregating $3,746,189 and $3,780,999 for the years ended December 31, 2022 and 2021, respectively.

(1) Description of plan (continued)

Participant investment account options - The Plan currently offers various mutual funds, a collective investment trust fund and self-directed brokerage accounts. It previously offered private investment fund, III Credit Opportunities Fund Ltd. ("III COP"), to which an entity affiliated with the Company serves as an investment advisor (the "Investment Advisor"). Effective January 1, 2021, the Plan no longer allowed additional contributions to III COP, and effective January 1, 2022, III COP was removed as an investment option in the Plan. The resulting proceeds were transferred to a default investment option, or an investment option selected by the participant. Participants may change their investment options at their discretion.

Participant accounts - Each participant's account is credited with the participant's rollover contributions, if any, and allocations of (a) the Company's discretionary profit sharing contributions, if any, and (b) Plan earnings, and is charged transaction expenses specific to a participant, such as loan fees or distribution fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their own rollover contributions and the Company's discretionary profit sharing contributions, plus actual earnings thereon.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance on the date of the note. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. All notes have a definite repayment period not to exceed five years, unless used for the purchase of a primary residence. Participants may not have more than two notes outstanding at any time.

Payment of benefits - On termination of service due to death, disability, normal or early retirement as defined by the plan document, or other reasons, a participant may elect to receive distributions from the Plan. Participants may also receive in-service distributions after five years of participation in the Plan. Distributions may be made in the form of a lump sum payment or in installments. Participants may make a partial distribution of at least $1,000 of their account balance. Hardship distributions are not permitted by the Plan.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

(2) Summary of significant accounting policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Substantially all expenses of the Plan are paid by the Company and are not included on the statements of changes in net assets available for benefits. Certain transaction related fees (such as for loans or distributions) that are charged to participants as applicable are included in administrative expenses on the statements of changes in net assets available for benefits. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information prepared and certified by the custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab and Fidelity, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

	December 31,	
	2022	2021
Investments		
Mutual funds	$ 14,737,279	$ 17,749,838
Collective investment trust fund	2,960,330	3,300,717
Self-directed brokerage accounts	37,032,957	41,400,402

	Years Ended December 31,	
	2022	2021
Net appreciation (depreciation) in fair value of investments	$ (10,697,415)	$ 4,799,389
Interest	23,307	17,163
Dividends	919,751	1,285,304

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(4) Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds (including those within the self-directed brokerage accounts): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust fund (and the unit investment trusts within the self-directed brokerage accounts): Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Private investment fund: Valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common stock and exchange traded funds (ETF's) (included within the self-directed brokerage accounts): Valued at the closing price reported on the active market on which the individual securities are traded.

(4) Fair value measurements (continued)

Corporate obligations (included within the self-directed brokerage accounts): Valued using pricing models maximizing the use of observable inputs for similar securities which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Government and agency obligations (included within the self-directed brokerage accounts): Valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,737,279	$ -	$ -	$ 14,737,279
Self-directed brokerage accounts	35,652,225	1,380,732	-	37,032,957
Total assets in the fair value hierarchy	$ 50,389,504	$ 1,380,732	$ -	51,770,236
Investment measured at NAV practical expedient*				2,960,330
				$ 54,730,566

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,749,838	$ -	$ -	$ 17,749,838
Self-directed brokerage accounts	41,065,570	334,832	-	41,400,402
Total assets in the fair value hierarchy	$ 58,815,408	$ 334,832	$ -	59,150,240
Investments measured at NAV practical expedient*				7,350,616
				$ 66,500,856

* In accordance with Subtopic 820-10, the collective investment trust fund and private investment funds, which are valued at NAV, have not been classified in the fair value hierarchy as of December 31, 2022 and 2021. The fair value amounts presented in the tables above are intended to permit a reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

(4) Fair value measurements (continued)

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes the investments for which fair value is based on the NAV per share as of December 31, 2022 and 2021:

Investments	Fair Value* 12/31/2022	Fair Value* 12/31/2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trust fund	$ 2,960,330	$ 3,300,717	$ -	**	**
Private investment fund	-	4,049,899	-	***	***
	$ 2,960,330	$ 7,350,616	$ -		

* The fair value of these investments have been estimated using the NAV of the investment or the underlying investments.

** Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of these assets, the investment advisor reserves the right to temporarily delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly business manner.

*** For III COP, participant redemptions are permitted on the last day of each month with 30 days' notice (15 days' notice for up to 50% of a participant's NAV). As described in Note 1 to these financial statements, effective January 1, 2022, III COP was removed as an investment option in the Plan.

(5) Related party transactions and party-in-interest transactions

Certain of the Plan's investment assets are managed by Fidelity. Additionally, for the period January 1, 2021 through October 31, 2022, certain of the Plan's investment assets were managed by Charles Schwab. Fidelity and Charles Schwab are the Plan's custodians; therefore, these transactions qualify as party-in-interest. Additionally, the Plan's private investment funds were managed by the Investment Advisor, an entity affiliated with the Company; therefore, these transactions also qualify as party-in-interest. The fair value at December 31, 2022 and 2021 of these private investment funds was $0 and $4,049,899, respectively. Investment income associated with these private investment funds for the years ended December 31, 2022 and 2021 amounted to $0 and $888,685, respectively.

Certain investment related fees incurred by the Plan during the years ended December 31, 2022 and 2021 are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than as a direct payment. Additionally, during the years ended December 31, 2022 and 2021, the Company paid all of the Plan's administrative expenses with the exception of certain participant transaction fees.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(7) Tax status

The Internal Revenue Service ("IRS") has determined and issued an opinion letter dated June 30, 2020, stating that the non-standardized pre-approved profit sharing plan, which has been adopted by the Plan, is designed in accordance with the applicable sections of the Code. Although the Plan has been amended and restated since the date of this letter, the Plan's management believes that the Plan has remained in compliance with all applicable sections of the Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

(8) Risks, uncertainties, and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Approximately 18% of the Plan's investment assets as of December 31, 2022, were invested in one investment within the self-directed brokerage account.

(9) Reconciliation of financial statements to Schedule H of Form 5500

Certain differences between the information reported in the financial statements and the information reported on Schedule H of Form 5500 arise due to classification differences regarding various line items reported on both documents. These classification differences had no effect on the Plan's net assets available for benefits as reported in the financial statements or Schedule H of Form 5500 as of December 31, 2022 and 2021, or the changes in net assets available for benefits for the years ended December 31, 2022 and 2021.

(10) Subsequent events

The Plan has evaluated subsequent events through October 12, 2023, which is the date the financial statements were available to be issued. Effective June 12, 2023, the Plan was amended to allow participants to receive a distribution of all or any portion of their vested sub-account balances upon attainment of age 59 ½ irrespective of whether the five year participation timeline has been reached. Additionally, all participants may now receive in-service withdrawals of vested amounts attributable to employer contributions maintained in a participant's account for at least 24 months. Effective September 18, 2023, the Plan was further amended to include additional related employers as participating employers in the Plan. Other than as noted above, no significant matters were identified for disclosure during this evaluation.
