Muenster, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Superior Machining & Fabrication, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Superior Machining & Fabrication, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Superior Machining & Fabrication, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Superior Machining & Fabrication, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Superior Machining & Fabrication, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets Held for Investment Purposes as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The management of Superior Machining & Fabrication, Inc. is responsible for the accuracy and internal consistency of the preparation of the financial statements and notes contained in this annual report.

The Superior Machining & Fabrication, Inc. 401(k) Plan (the Plan), established January 1, 2010, is a defined contribution plan covering employees of Superior Tooling Products, Inc., Superior Machining & Fabrication, Inc., National Tooling Products, Inc., National Aluminum & Alloy, Inc., HWH Drilling, LLC, North Texas Machining, Inc. and Lube Plus, Inc. referred to collectively as “the Company.” It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and as more fully described in the Plan agreement. The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Participation – An employee is eligible to become a participant in the Plan if the employee is 18 years of age and has completed two calendar months of service in which the participant is credited with 1 hour of service in each month.

Participant Contributions – Participants self-direct their contributions and account balances among the investment options provided by the Plan. Participants may contribute from 1% to 100% of their annual compensation for each plan year (pre-tax contributions), up to the maximum of \$20,500 as permitted by the Internal Revenue Code (IRC). In addition, participants who have attained the age of 50 are eligible to make catch-up contributions up to the maximum of \$6,500 in accordance with IRC 414(v). Participants immediately vest in their contributions and the associated investment results, none of which are federally taxable to the Participants as current income.

Company Contributions – The Company may make non-elective contributions or discretionary matching contributions. Allocation of employer non-elective contributions is based upon participant compensation in proportion to the compensation of all participants. There were no non-elective contributions made for the year ended December 31, 2022 and 2021.

The Company may make matching contributions equal to a discretionary amount or percentage of the participant’s 401(k) elective deferrals, to be determined by the employer. For the plan year ended December 31, 2022, the Company made matching contributions of \$219,645.

Distributions – Participants are entitled to receive a lump-sum distribution of their vested accounts upon termination of employment, disability, or death. Distributions are federally taxable to Participants when received and may result in a 10% penalty if distributions are received prior to age 59 ½.

Investment Options – Each participant may direct the investment of their contributions, the Company’s matching contribution, and the Company’s non-elective contributions.

Participants may change their investment options daily and may choose among Mutual of America Life Insurance Company’s Interest Accumulation Account, which is guaranteed as to principal and

accumulated earnings, or one or more pooled funds which are not guaranteed as to principal and earnings. A detailed listing of investments held by Mutual of America Life Insurance Company is provided on the Schedule H, 4i – Schedule of Assets Held at End of Year, of this report.

Additional information regarding the Plan may be obtained from the Superior Machining & Fabrication, Inc., P.O. Box 66, Muenster, TX 76252-0066, (940) 759-4928.

Participant Notes Receivable – Participants may not borrow from their fund accounts.

Participant Accounts – Each Participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, the Company's non-elective contribution, the Plan earnings, and the allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is always fully vested with respect to his own contributions. The employer's non-elective contributions and discretionary matching contributions vest according to the following schedule. Employees are, however, 100% vested if they are still an employee and suffer a death or disability.

Years of Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures – Forfeitures of terminated participants' non-vested interest are used to reduce future Company contributions and to pay for plan expenses. During the year ended December 31, 2022, there were \$6,207 of forfeitures used to reduce the Company's contributions.

As of December 31, 2022 and 2021, there were forfeited non-vested accounts totaling \$0 and \$0, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Company may terminate the Plan for any reason at any time. If the Plan were terminated, all participants affected would be fully vested in their benefits as of the date of termination.

Administration – Administrative and record keeping services, including maintaining participant records and allocating the Plan's income and contributions were provided by Mutual of America Life Insurance Company. Administrative fees paid by the Plan to Mutual of America for the year ended December 31, 2022 totaled \$1,199.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting as required by accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with the accrual basis of accounting in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Value of Investments – The Plan’s investments are reported at fair value, except as explained below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the investment advisor and custodian. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of fully benefit – responsive investment contracts.

Investment Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Gain and Loss Recognition – Net gains or losses on investments sold represent the difference between proceeds from sales and the fair value of assets at the beginning of the year or historical cost if the investment was acquired during the year. The net appreciation or depreciation of fair value of investment held at year-end is reflected in the statements of changes in net assets available for plan benefits and includes the net gains or losses on investments sold.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3 - INCOME TAXES

The Plan is a prototype plan and relies upon a favorable letter of determination from the Internal Revenue Service dated November 30, 2020. Generally, contributions to a qualified plan are deductible by the Company when made or accrued, earnings of the Plan are tax-exempt, and participants are not taxed on their benefits until withdrawn from the Plan. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

The Plan applies the provisions of FASB ASC 740-10-50, *Income Taxes* related to the accounting for uncertainty in income taxes (previously known as FIN 48), which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This standard also provides guidance on derecognition,

classification, interest and penalties, accounting in interim periods, disclosure, and transition. For the year ended December 31, 2022, the Plan does not believe it currently holds any uncertain tax positions, therefore no recognition of uncertain tax positions is reflected in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2019.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held at December 31, 2022 and 2021, and investment income for the year ended December 31, 2022, was obtained or derived from information provided to Plan management and certified as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1971 by Mutual of America Life Insurance Company, the Plan's custodian.

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

On September 1, 2014, the Plan entered into a benefit responsive investment contract with Mutual of America Life Insurance Company. The general account portion of this contract, or the Interest Accumulation Account, represents a deposit administration contract, and the assets in this account are commingled with other assets of the insurance company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, which is deemed to be fair value for the insurance companies. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1% for the years ended December 31, 2022 and 2021. The crediting interest rate is based on a formula agreed upon with the issuer and there is no minimum interest rate. Such interest rates are compounded daily.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, spin-offs, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of Plan withdrawal transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. Superior Machining & Fabrication, Inc. does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – FAIR VALUE MEASUREMENTS

The Company applies FASB ASC 820, *Fair Value Measurements and Disclosures*, formerly known as SFAS 157, which provides a framework for measuring fair value under generally accepted accounting principles. FASB ASC 820 applies to all financial instruments that are being measured and reported at fair value on a recurring basis.

As defined in FASB ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company uses various methods including market, income, and cost approaches. Based on these approaches, the Company often utilizes certain assumptions about risk and the risk inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Company utilized valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques the Company is required to provide the following information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The fair value of investment securities is the market value based on quoted marked prices, when available or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs to the limited market activity of the instrument.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2022 and 2021:

- *Pooled separate accounts* - are valued at net asset value as determined by the issuer based on the fair value of the underlying assets as determined by quoted market prices.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value

- (a) Participant directed redemptions have no restrictions; however, should the Plan discontinue its contract with Mutual of America, the date of discontinuance shall be the first day of the calendar month that is at least 30 days after the date notice is received by Mutual of America.

NOTE 7 – CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Plan to credit risk are investments. Investments are maintained with Mutual of America Life Insurance which is generally considered a high quality third party administrator.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of guaranteed interest accounts and pooled separate accounts managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Administrative fees paid to Mutual of America Life Insurance Company for these services totaled \$1,199 for the year ended December 31, 2022.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated the impact of all subsequent events on the Company through financial statement issuance, and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.
