INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Connection Employee 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Connection Employee 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Connection Employee 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of PC Connection, Inc. (the Company), its subsidiaries, and En Technology Corporation.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An officer of the Company is the administrator of the Plan. Fidelity Management Trust Company (the Trustee or Fidelity) is the recordkeeper and trustee of the Plan.

Eligibility

All employees, including temporary employees, become eligible to participate in the Plan once they have attained age 18. Eligible employees may enter the Plan on the first day of each month.

Contributions

Each year, eligible employees who elect to become participants may make contributions to the Plan through salary deferrals on a pre-tax basis up to 60% of eligible earnings, as defined by the Plan. The maximum amount that a participant may contribute on a pre-tax basis is limited by provisions of the Internal Revenue Code (the Code).

The Company provides for a discretionary matching contribution based on a percentage of the participants' eligible compensation. The matching contribution is 50% of the participants' contributions up to 6% of eligible earnings.

The Company, as approved by the Board of Directors, may also make certain discretionary nonelective contributions to the Plan. No discretionary contributions were made during 2022.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and allocations of the Company's discretionary nonelective contribution and investment earnings and charged with an allocation of investment losses and certain investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions, Company matching contributions, and Company discretionary contributions into various investment options offered by the Plan. At December 31, 2022 and 2021, the Plan offered several mutual funds, a common collective trust, and a brokerage-link account for participant investment allocations.

Vesting

Participants are fully vested with respect to the portion of their accounts that relates to their contributions. Employees become fully vested in the Company's contributions after three years of service. Participants also become fully vested in the Company's contributions at death, permanent disability, or the normal retirement age (62).

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled $43,331 and $57,454, respectively. These accounts are used to reduce Company contributions. Company contributions were reduced by $396,949 from forfeited nonvested accounts during the year ended December 31, 2022.

Payment of Benefits

Participants shall become eligible to receive their vested account balances upon retirement (normal retirement age is 62 and early retirement age is the first day of the month after the participant attains age 55 and completes five years of service), death, disability, or termination in a lump-sum payment. Participants may withdraw their vested balance upon attaining age 59½. In addition, participants may withdraw their pre-tax contributions upon demonstration to the trustee that they are suffering a hardship, as defined in Section 401(k) of the Code.

Notes Receivable from Participants

Participants may borrow from their vested accounts amounts not to exceed the lesser of one-half of their vested account balance reduced by the highest outstanding loan balance during the previous twelve-month period or $50,000. Only one loan may be outstanding at any time. The minimum loan amount is $1,000. Loan terms generally are not to exceed five years, unless the loan is used to acquire a principal residence, in which case the period for which the loan may remain outstanding may not exceed ten years. Loans are secured by the balance in the participant's account. Loans to participants bear interest as determined by the plan administrator based on the prevailing interest rates. The plan administrator reserves the right to withhold approval of such loan applications. Loan principal and interest is normally paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and are presented in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurement.

Net depreciation in the fair value of investments includes realized and unrealized gains and losses on fair value of investments held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Investment management, recordkeeping, and certain administrative fees relating to the operation of the Plan's investments are paid from Plan assets. Other administrative expenses are paid by the Company.

Subsequent Events

Management has considered transactions or events occurring through October 9, 2023, the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued using market quotations.

Common and preferred stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market, interest-bearing and non-interest bearing accounts: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust: Valued at the NAV of shares held by the Plan at year-end. NAV is used as a practical expedient, therefore, the common collective trust is excluded from the fair value hierarchy table below.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	**$286,417,814**	**$ -**	**$ -**	**$286,417,814**

Common collective trust measured at NAV as a practical expedient				**14,213,940**
Total assets, at fair value				**$307,255,688**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$339,861,363	$ -	$ -	$339,861,363
Common stocks	7,811,243	-	-	7,811,243
Money market	322,945	-	-	322,945
Interest-bearing account	1,186,275	-	-	1,186,275
Preferred stock	1,069	-	-	1,069
Total assets in the fair value hierarchy	$349,182,895	$ -	$ -	349,182,895
Common collective trust measured at NAV as a practical expedient				11,279,342
Total assets, at fair value				$360,462,237

4. Investment in Common Collective Trust

The Plan has an investment in the Fidelity Managed Income Portfolio, a common collective trust, with a contract value based on the quoted market prices of the underlying assets in the common collective trust. The investment objective of the Fidelity Managed Income Portfolio is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Withdrawals from the Fidelity Managed Income Portfolio are permitted at any time by participants.

The common collective trust contract is not considered a fully benefit-responsive contract because the contract is with a trust and not directly with the Plan. There are no redemption restrictions for this investment.

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the prototype plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

6. Information Prepared and Certified by Trustee

The investments, investment transactions, net depreciation in fair value of investments, notes receivable from participants, and interest and dividends were obtained by management and agreed to or derived from information certified by the Trustee as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits;
- Statement of Changes in Net Assets Available for Benefits; and
- Schedule H, line 4i - Schedule of Assets (Held at End of Year).

7. Party-In-Interest

Certain Plan investments are shares of registered mutual funds managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management, recordkeeping, and certain administrative fees amounted to $108,338 for the year ended December 31, 2022.

8. Plan Termination

The Company has the right, under the Plan, to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. The Company has not expressed any intention to terminate the Plan. In the event of termination of the Plan, each participant or former participant with an account in the Plan or beneficiary receiving or entitled to receive a distribution from the Plan will receive a benefit equal to 100% of his or her account balance, as determined in accordance with the plan document.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Connection Employee 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Connection Employee 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Connection Employee 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of PC Connection, Inc. (the Company), its subsidiaries, and En Technology Corporation.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An officer of the Company is the administrator of the Plan. Fidelity Management Trust Company (the Trustee or Fidelity) is the recordkeeper and trustee of the Plan.

Eligibility

All employees, including temporary employees, become eligible to participate in the Plan once they have attained age 18. Eligible employees may enter the Plan on the first day of each month.

Contributions

Each year, eligible employees who elect to become participants may make contributions to the Plan through salary deferrals on a pre-tax basis up to 60% of eligible earnings, as defined by the Plan. The maximum amount that a participant may contribute on a pre-tax basis is limited by provisions of the Internal Revenue Code (the Code).

The Company provides for a discretionary matching contribution based on a percentage of the participants' eligible compensation. The matching contribution is 50% of the participants' contributions up to 6% of eligible earnings.

The Company, as approved by the Board of Directors, may also make certain discretionary nonelective contributions to the Plan. No discretionary contributions were made during 2022.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and allocations of the Company's discretionary nonelective contribution and investment earnings and charged with an allocation of investment losses and certain investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions, Company matching contributions, and Company discretionary contributions into various investment options offered by the Plan. At December 31, 2022 and 2021, the Plan offered several mutual funds, a common collective trust, and a brokerage-link account for participant investment allocations.

Vesting

Participants are fully vested with respect to the portion of their accounts that relates to their contributions. Employees become fully vested in the Company's contributions after three years of service. Participants also become fully vested in the Company's contributions at death, permanent disability, or the normal retirement age (62).

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled $43,331 and $57,454, respectively. These accounts are used to reduce Company contributions. Company contributions were reduced by $396,949 from forfeited nonvested accounts during the year ended December 31, 2022.

Payment of Benefits

Participants shall become eligible to receive their vested account balances upon retirement (normal retirement age is 62 and early retirement age is the first day of the month after the participant attains age 55 and completes five years of service), death, disability, or termination in a lump-sum payment. Participants may withdraw their vested balance upon attaining age 59½. In addition, participants may withdraw their pre-tax contributions upon demonstration to the trustee that they are suffering a hardship, as defined in Section 401(k) of the Code.

Notes Receivable from Participants

Participants may borrow from their vested accounts amounts not to exceed the lesser of one-half of their vested account balance reduced by the highest outstanding loan balance during the previous twelve-month period or $50,000. Only one loan may be outstanding at any time. The minimum loan amount is $1,000. Loan terms generally are not to exceed five years, unless the loan is used to acquire a principal residence, in which case the period for which the loan may remain outstanding may not exceed ten years. Loans are secured by the balance in the participant's account. Loans to participants bear interest as determined by the plan administrator based on the prevailing interest rates. The plan administrator reserves the right to withhold approval of such loan applications. Loan principal and interest is normally paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and are presented in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for the discussion of fair value measurement.

Net depreciation in the fair value of investments includes realized and unrealized gains and losses on fair value of investments held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Investment management, recordkeeping, and certain administrative fees relating to the operation of the Plan's investments are paid from Plan assets. Other administrative expenses are paid by the Company.

Subsequent Events

Management has considered transactions or events occurring through October 9, 2023, the date that the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued using market quotations.

Common and preferred stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market, interest-bearing and non-interest bearing accounts: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust: Valued at the NAV of shares held by the Plan at year-end. NAV is used as a practical expedient, therefore, the common collective trust is excluded from the fair value hierarchy table below.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	**$286,417,814**	**$ -**	**$ -**	**$286,417,814**

Common collective trust measured at NAV as a practical expedient				**14,213,940**
Total assets, at fair value				**$307,255,688**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$339,861,363	$ -	$ -	$339,861,363

Total assets in the fair value hierarchy	$349,182,895	$ -	$ -	349,182,895
Common collective trust measured at NAV as a practical expedient				11,279,342
Total assets, at fair value				$360,462,237

4. Investment in Common Collective Trust

The Plan has an investment in the Fidelity Managed Income Portfolio, a common collective trust, with a contract value based on the quoted market prices of the underlying assets in the common collective trust. The investment objective of the Fidelity Managed Income Portfolio is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Withdrawals from the Fidelity Managed Income Portfolio are permitted at any time by participants.

The common collective trust contract is not considered a fully benefit-responsive contract because the contract is with a trust and not directly with the Plan. There are no redemption restrictions for this investment.

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the prototype plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

6. Information Prepared and Certified by Trustee

The investments, investment transactions, net depreciation in fair value of investments, notes receivable from participants, and interest and dividends were obtained by management and agreed to or derived from information certified by the Trustee as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits;
- Statement of Changes in Net Assets Available for Benefits; and
- Schedule H, line 4i - Schedule of Assets (Held at End of Year).

7. Party-In-Interest

Certain Plan investments are shares of registered mutual funds managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management, recordkeeping, and certain administrative fees amounted to $108,338 for the year ended December 31, 2022.

8. Plan Termination

The Company has the right, under the Plan, to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. The Company has not expressed any intention to terminate the Plan. In the event of termination of the Plan, each participant or former participant with an account in the Plan or beneficiary receiving or entitled to receive a distribution from the Plan will receive a benefit equal to 100% of his or her account balance, as determined in accordance with the plan document.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
