INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
ARServices 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ARServices 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ARServices 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ARServices 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ARServices 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ARServices 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ARServices 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**AR SERVICES 401(K) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

NOTE A – DESCRIPTION OF PLAN

The following description of the AR Services 401(k) Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement and the amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by AR Services, Limited ("the Company") under a bulk submitter prototype plan. The Plan generally covers all employees of the Company, effective May 1, 1986.

The Plan provides for employee contributions and participant-directed investments. The Plan qualifies under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective as of May 3, 2022, the Plan amended its service agreement with Fidelity Management Trust Company which assigns its rights, duties, and obligations under the Plan agreement to Fidelity Workplace Services LLC; see the Plan agreement for full details.

Contributions

Each year, participants may contribute up to 100 percent of eligible salary on a pretax basis, with a maximum contribution for 2022 of \$20,500. However, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 for the year ended December 31, 2022.

Additional profit-sharing amounts may be contributed at the discretion of management. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan currently offers various mutual funds as investment options for participants.

The Plan Sponsor makes a Safe Harbor matching contribution and contributes 100% of the first 4% of the compensation that each participant contributes to the Plan. Matching contributions in 2022 totaled \$501,495.

Discretionary employer non-elective contributions are allocable to those participants who were employed during the Plan year and are employed on the last day of the Plan year. There were no discretionary non-elective contributions for the year ended December 31, 2022.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, employer matching contributions and employer non-elective contributions, as well as actual earnings thereon.

Investment Options

Contributions to the Plan are invested by the Trustee in various investment funds, according to participant instructions. The Plan Administrator provides participants with current copies of the prospectus describing each investment option.

Notes Receivable from Participants

Participants may borrow from their fund accounts from a minimum of \$500 up to maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate available for similar loans as determined by the Plan Administrator (prime plus 1% at December 31, 2022). Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

After a participant leaves the Company due to any reason (death, disability, termination, or retirement), the participant may elect to receive his or her vested benefit in a single lump sum or have the payment paid as a "direct rollover" to an individual retirement account (IRA) or to another employer's tax qualified plan.

Participants may elect to withdraw from their vested account balance in the event of proven financial hardships.

NOTE A – DESCRIPTION OF PLAN

Payment of Benefits (continued)

Generally, on termination of service and at any point in time thereafter, an employee may elect to receive a lump sum equal to his or her vested account balance. However, if the employee's vested balance is less than \$1,000, he or she must receive a lump-sum distribution.

Forfeitures

Forfeitures resulting from terminated non-vested participants are used by the employer to pay plan administrative expenses or to reduce contributions made by the Company. During 2022, there were no forfeitures.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents represent monies deposited with the Plan custodian which, at year end, were unallocated to investments accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account. As of December 31, 2022, no allowance for credit losses have been recorded. If a participant does not make loan payments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

As of December 31, 2022 and 2021, notes receivable from participants was \$67,786 and \$31,573, respectively. Management believes the notes receivable from participants are fully collectible.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Investment Management Services

Certain expenses of maintaining the Plan are paid by the Plan sponsor and are therefore excluded from these financial statements. Investment management services are paid for by the Plan participants. The Plan sponsor, at its discretion, may pay such expenses.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act became law. The CARES Act provided the authority to implement 4 provisions to assist participants that were affected by COVID 19. The CARES Act suspended required minimum distributions (RMDs) for calendar year 2020, implemented the option to allow participants to take loans up to \$100,000, allowed participants to suspend loan payments for calendar year 2020 for one year, and allowed participants to take a withdrawal of up to \$100,000 which can then be repaid over three years, or the participant can elect to have the taxes spread over 3 years. The provisions allowing new loans and new withdrawals ended in December 2020.

Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019

The Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was signed into law on December 20, 2019, as part of the Further Consolidated Appropriations Act, 2020. The SECURE Act changed the age of initiation for required minimum distributions (RMDs) from 70.5 to age 72 for all retirement accounts subject to RMDs. This change for taking a participant's first RMD from age 70.5 to age 72 affects participants who had not attained age 70.5 by December 31, 2019.

NOTE D – TAX STATUS

The Plan is part of a prototype plan provided by Fidelity Management and Trust Company. No determination letter is provided to the Company, but the Internal Revenue Service has determined and informed Fidelity Management and Trust Company, by a letter dated May 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their entire account.

NOTE H – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

NOTE H – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

This fair value measurement is inputs other than quoted price included in Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. These inputs may also include insignificant adjustments to market observable inputs.

Level 3 Fair Value Measurements

The fair value of general insurance contracts is based on unobservable inputs used for valuing the assets. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

ASC 820 establishes a principle-based framework for measuring the fair value of both assets and liabilities. ASC 820 gives priority to market observable data (Level 1), when available. For investments that do not have readily available pricing measurements, ASC 820 allows valuation to be measured on an investment-by-investment basis, consistently applied to a specific investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Level 1 Input</u>
Mutual funds	\$ 9,020,112	\$ 9,020,112
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Level 1 Input</u>
Mutual funds	\$ 7,551,514	\$ 7,551,514

Gains and losses (realized and unrealized) included in the net assets available for the year ended December 31, 2022, is reported in the net depreciation in fair value of investments.

NOTE I – RELATED PARTIES AND PARTIES IN INTEREST

All funds are managed by Fidelity Workplace Services LLC. Therefore, Fidelity Workplace Services LLC qualifies as a party-in-interest to the Plan with respect to transactions related to these funds. The fair value of the funds managed by Fidelity Workplace Services LLC totaled \$9,020,112 for the year ended December 31, 2022.

Fees paid by the Plan for the investment management services amounted to \$2,454 for the year ended December 31, 2022.

NOTE J – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 10, 2023, which is the date the financial statements were available to be issued.
