INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of Nebraskaland Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Nebraskaland Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Nebraskaland Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements of information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated April 21, 2023 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Nebraskaland Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

Note 1 - Description of the Plan

The following description of the Nebraskaland Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was adopted and established effective January 1, 1991, is a defined contribution plan which covers substantially all eligible employees of Nebraskaland, Inc (the "Sponsor" or "Company") and Omni Food Sales Inc., who have completed three months of service, and provides for a deferred compensation arrangement as described in Section 401(k) of the Internal Revenue Code (the "Code"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 29, 2022, the *Consolidated Appropriations Act of 2023* was signed into law, which includes the package of retirement provisions referred to as "*SECURE 2.0*". These provisions continue the themes and reforms that began with the *2019 SECURE Act*, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.

Contributions

Upon meeting eligibility requirements, participants may contribute up to 90% of their plan compensation on a pre-tax or after-tax ("Roth") basis, subject to Internal Revenue Code, ("IRC") limitations. Participants who are at least age 50 may make additional pre-tax "catch-up" contributions subject to IRC limitations. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements. Effective January 1, 2021, all new participants are automatically enrolled at a contribution rate of 3% of plan compensation, unless they opt out.

Participants who are non-union employees and have completed 1,000 hours of service and are employed on the last day of the year are eligible for Company matching and non-elective contributions. Participants who are union employees are not subject to a continuing eligibility requirement for purposes of company matching contributions but are subject to the same requirement as non-union employees for company non-elective contributions. During 2022, the Company matched 100% of employees' contributions up to a maximum of 3% of compensation. Additional non-elective contributions may be made at the discretion of the Company. No non-elective contributions were made for the year ended December 31, 2022.

Investment Options

The Plan offers its participants various investment options. Upon enrollment in the Plan, each participant may direct employee contributions in 1% increments in any of the investment options. Participants may change their investment options daily.

Note 1 - Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations of the Plan's earnings are based on individual participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

<u>After Years of Service</u>	<u>Percent Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce Company contributions. At December 31, 2022 and 2021, non-vested forfeited accounts had a balance of \$17,655 and \$8,676, respectively. During 2022, \$19,037 of forfeitures were used to pay plan expenses.

Payment of Benefits

Benefits may be distributed to participants upon termination of service by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in a lump sum.

A participant may elect to request a withdrawal upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. Participants may withdraw from their rollover accounts at any time.

Note 1 - Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Notes must bear a reasonable rate of return, which range from 4.25% to 7.25%. Principal and interest is paid ratably through payroll deductions each pay period.

Plan Termination

Although the participating employers have not expressed any intention to terminate the Plan, they may do so at any time subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100 percent vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Purchases and sales of investments are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Nebraskaland Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review

In preparing these financial statements, the Company has evaluated events and transactions through October 11, 2023, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Common Collective Trust - Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.
- Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy presents the plan's assets at fair value as of December 31, 2022 and 2021:

		2022		
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 7,884,769	\$ 7,884,769	\$ -	\$ -
Total investments in the fair value hierarchy	7,884,769	<u>\$ 7,884,769</u>	<u>\$ -</u>	<u>\$ -</u>

Common collective trust	<u>1,886,007</u>			
Total investments at fair value	<u>\$ 9,770,776</u>

Years Ended December 31, 2022 and 2021

Note 3 - Fair Value Measurements (continued)

		2021		
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 9,283,315	\$ 9,283,315	\$ -	\$ -
Total investments in the fair value hierarchy	9,283,315	<u>\$ 9,283,315</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*				
Common collective trust	<u>1,489,866</u>			
Total investments at fair value	<u>\$ 10,773,181</u>			

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Redemptions of the common collective trust is allowed daily for participants; however the Plan may be subject to a twelve month redemption notice period. There are no unfunded commitments.

Note 4 – Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("FMTC"), a qualified institution, and the trustee of the plan, has certified the following information provided in the reports are complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available as of December 31, 2022 and 2021.
- Net appreciation in fair value of investments and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022.

Nebraskaland Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

Note 5 - Tax Status

The Plan has adopted a prototype standardized plan pre-approved by the Internal Revenue Service ("IRS"). The IRS issued an opinion letter dated June 30, 2020, that the prototype standardized plan is acceptable with the applicable section of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however the Plan administrator and tax counsel believe that the plan is correctly designed and is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Parties-in-Interest

Certain plan investments are managed by Fidelity Management Trust Company, which qualify as party-in-interest transactions. The Plan issues loans to participants which are secured by the vested balances of the participants' account, which qualify as party-interest transactions. Fees paid by the Plan for investment management services are included as a reduction in the net appreciation/depreciation in fair value of investments.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Non-discrimination Testing

The Plan is subject to certain IRS non-discrimination testing requirements each Plan Year. The Plan failed the Actual Deferral Percentage (ADP) test for the 2022 plan year, and failed both the Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) tests for the 2021 plan year.

Accordingly, the Plan has recorded a liability of \$268,990 for excess contributions payable, of which \$196,083 is for 2021 and \$72,907 is for 2022. Benefits paid to participants of \$708,017 for the year ended December 31, 2022 includes the 2022 excess contributions payable of \$72,907. Excess participant contributions were refunded by the plan in 2023.

In addition, the Plan recorded a corrective qualified non-elective employer contribution receivable of \$198,222 for the 2021 plan year, which is expected to be paid during 2023.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of Nebraskaland Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Nebraskaland Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Nebraskaland Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements of information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated April 21, 2023 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Nebraskaland Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

Note 1 - Description of the Plan

The following description of the Nebraskaland Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was adopted and established effective January 1, 1991, is a defined contribution plan which covers substantially all eligible employees of Nebraskaland, Inc (the "Sponsor" or "Company") and Omni Food Sales Inc., who have completed three months of service, and provides for a deferred compensation arrangement as described in Section 401(k) of the Internal Revenue Code (the "Code"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 29, 2022, the *Consolidated Appropriations Act of 2023* was signed into law, which includes the package of retirement provisions referred to as "*SECURE 2.0*". These provisions continue the themes and reforms that began with the *2019 SECURE Act*, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect.

Contributions

Upon meeting eligibility requirements, participants may contribute up to 90% of their plan compensation on a pre-tax or after-tax ("Roth") basis, subject to Internal Revenue Code, ("IRC") limitations. Participants who are at least age 50 may make additional pre-tax "catch-up" contributions subject to IRC limitations. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements. Effective January 1, 2021, all new participants are automatically enrolled at a contribution rate of 3% of plan compensation, unless they opt out.

Participants who are non-union employees and have completed 1,000 hours of service and are employed on the last day of the year are eligible for Company matching and non-elective contributions. Participants who are union employees are not subject to a continuing eligibility requirement for purposes of company matching contributions but are subject to the same requirement as non-union employees for company non-elective contributions. During 2022, the Company matched 100% of employees' contributions up to a maximum of 3% of compensation. Additional non-elective contributions may be made at the discretion of the Company. No non-elective contributions were made for the year ended December 31, 2022.

Investment Options

The Plan offers its participants various investment options. Upon enrollment in the Plan, each participant may direct employee contributions in 1% increments in any of the investment options. Participants may change their investment options daily.

Note 1 - Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations of the Plan's earnings are based on individual participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions and earnings thereon vests according to the following schedule:

<u>After Years of Service</u>	<u>Percent Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce Company contributions. At December 31, 2022 and 2021, non-vested forfeited accounts had a balance of \$17,655 and \$8,676, respectively. During 2022, \$19,037 of forfeitures were used to pay plan expenses.

Payment of Benefits

Benefits may be distributed to participants upon termination of service by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in a lump sum.

A participant may elect to request a withdrawal upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. Participants may withdraw from their rollover accounts at any time.

Note 1 - Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Notes must bear a reasonable rate of return, which range from 4.25% to 7.25%. Principal and interest is paid ratably through payroll deductions each pay period.

Plan Termination

Although the participating employers have not expressed any intention to terminate the Plan, they may do so at any time subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100 percent vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Purchases and sales of investments are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Years Ended December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review

In preparing these financial statements, the Company has evaluated events and transactions through October 11, 2023, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Common Collective Trust - Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.
- Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy presents the plan's assets at fair value as of December 31, 2022 and 2021:

		2022		
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 7,884,769	\$ 7,884,769	\$ -	\$ -
Total investments in the fair value hierarchy	7,884,769	<u>\$ 7,884,769</u>	<u>\$ -</u>	<u>\$ -</u>

		2021

Mutual funds	\$ 9,283,315	\$ 9,283,315	\$ -	\$ -

Investments measured at net asset value*				
Common collective trust	<u>1,489,866</u>			
Total investments at fair value	<u>\$ 10,773,181</u>			

** In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.*

Redemptions of the common collective trust is allowed daily for participants; however the Plan may be subject to a twelve month redemption notice period. There are no unfunded commitments.

Note 4 – Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("FMTC"), a qualified institution, and the trustee of the plan, has certified the following information provided in the reports are complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available as of December 31, 2022 and 2021.
- Net appreciation in fair value of investments and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022.

Nebraskaland Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

Note 5 - Tax Status

The Plan has adopted a prototype standardized plan pre-approved by the Internal Revenue Service ("IRS"). The IRS issued an opinion letter dated June 30, 2020, that the prototype standardized plan is acceptable with the applicable section of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however the Plan administrator and tax counsel believe that the plan is correctly designed and is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Parties-in-Interest

Certain plan investments are managed by Fidelity Management Trust Company, which qualify as party-in-interest transactions. The Plan issues loans to participants which are secured by the vested balances of the participants' account, which qualify as party-interest transactions. Fees paid by the Plan for investment management services are included as a reduction in the net appreciation/depreciation in fair value of investments.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Non-discrimination Testing

The Plan is subject to certain IRS non-discrimination testing requirements each Plan Year. The Plan failed the Actual Deferral Percentage (ADP) test for the 2022 plan year, and failed both the Actual Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) tests for the 2021 plan year.

Accordingly, the Plan has recorded a liability of \$268,990 for excess contributions payable, of which \$196,083 is for 2021 and \$72,907 is for 2022. Benefits paid to participants of \$708,017 for the year ended December 31, 2022 includes the 2022 excess contributions payable of \$72,907. Excess participant contributions were refunded by the plan in 2023.

In addition, the Plan recorded a corrective qualified non-elective employer contribution receivable of \$198,222 for the 2021 plan year, which is expected to be paid during 2023.
