INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Club One Casino, Inc. 401(k) Plan
Fresno, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Club One Casino, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Club One Casino, Inc. 401 (k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Club One Casino, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Club One Casino, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Club One Casino, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Club One Casino, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions, as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following brief description of the Plan provides only general information. Participants should refer to the Plan document for complete information.

General

The Club One Casino Inc. 401(k) Plan (the Plan) is a defined contribution plan and was adopted effective January 1, 2022, for all eligible full-time employees (participants) of Club One Casino, Inc. (the Company). The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Management has evaluated subsequent events through September 1, 2023, the date at which the financial statements were available to be issued. No significant subsequent events were discovered by management.

Eligibility and Vesting

An employee who is not a member of an excluded class becomes eligible for participation in the Plan upon attainment of his twenty-first birthday, and after completing three months of service. Upon satisfying the eligibility requirements, employees may participate in the Plan immediately upon eligibility. Participants are immediately 100 percent vested in their voluntary contributions including catch-up contributions, rollover contributions, plus actual earnings thereon. Vesting in the Company's nonelective contributions is based on years of service. Participants are credited with a period of service for 1,000 hours earned. A participant is 100 percent vested after six years of credited service for discretionary contributions.

Notes Receivable from Participants

Participants who are active employees may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at rates as reflected in the Wall Street Journal on date of loan plus 1% per year. Principal and interest is paid ratably through monthly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of 2022. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the entire principal balance and interest will become immediately due and payable. The amount of the outstanding loan is treated as a taxable distribution to the participant. There were no loans taken in 2022.

1. DESCRIPTION OF PLAN (CONTINUED):

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation/depreciation of fair value of investments. Plan administrative expenses typically include items such as recordkeeping, accounting, and compliance and consulting services.

Certified Investments

The Plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the Custodian, which included total investments as of December 31, 2022, the total investment income for the year ended December 31, 2022, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year), which was certified as complete and accurate by Matrix Trust Company (the custodian of the Plan).

Contributions

Each year, participants may elect to contribute up to 90% of pretax annual compensation up to the dollar limit for the current year ($20,500), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. At the discretion of the plan administrator, participants may be permitted to deposit or "rollover" into the Plan, distributions they have received from other plans and certain IRAs. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary nonelective contributions which will be allocated in accordance with the plan document provisions. Participants must be employed on the last day of the plan year to be eligible to receive discretionary nonelective contributions. The Company contributes Safe Harbor matching amounts equal to 100% of the employee's elective deferral which is not over 4% of the employee's pay. The Plan currently offers various mutual funds. Contributions are subject to certain statutory limitations.

1. DESCRIPTION OF PLAN (CONTINUED):

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on either the size of the participant's account balance or equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeitures represent the unvested portion of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used in the following ways: reduce Company contributions, pay administrative expenses, reallocated as Company contributions, and supplement Company contributions. At December 31, 2022, there was $0 of forfeited non-vested accounts. During 2022, $7,406 in forfeitures were used.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Benefits are recorded when paid. On termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Federal law requires the Plan to automatically roll vested account balances of $1,000 up to $5,000 into an IRA if the participant has not reached age 65 and has not elected to have the amount paid in a single sum or rolled into another retirement plan of their choice. Distribution of a deceased participant's account will be made to the designated beneficiary. Both hardship and in-service distributions are allowed by the Plan. At December 31, 2022, amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment, but not yet paid is $0. There were no distributions paid in 2022.

Termination

Although termination of the Plan is not presently contemplated, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their respective accounts. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Accounting Method

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. (GAAP).

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

Investment Valuation and Income Recognition

As of December 31, 2022, investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Matrix Trust Company determines the Plan's valuation policies. Purchases and sales of investments are accounted for as of the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and are presented in the statement of changes in net assets available for benefits.

3. INVESTMENTS:

The Plan's investments held by Matrix Trust Company, a party-in-interest, (including investments bought, sold and held during the year) are stated at fair value. Fair values and appreciation (depreciation) in value are summarized as follows:

	Net Increase (Decrease) In Value	Fair Value
December 31, 2022		
Investments consisted of:		
Mutual funds	$ 1,971	$ 163,615
	$ 1,971	$ 163,615

3. INVESTMENTS (CONTINUED):

The fair value of investments that represent 5% or more of the Plan's net assets available for benefits is as follows:

Vanguard Real Estate Index Admiral	$	12,810
Vanguard Total Bond Market Index		21,174
Vanguard Total Intl Bd Idx Admiral		8,696
Vanguard Total Intl Stock Index		47,234
Vanguard Total Stock Mkt Idx		66,915
	$	156,829

4. FAIR VALUE MEASUREMENTS:

Certain provisions of Accounting Standards Codification (ASC) 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:

    1. Quoted prices for similar assets or liabilities in active markets
    2. Quoted prices for identical or similar assets or liabilities in inactive markets
    3. Inputs other than quoted market prices that are observable for the asset or liability
    4. Inputs that are derived principally from or corroborated by observable market data, by correlation or other means
    5. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (CONTINUED):

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

	Fair Value	Quoted Prices in Active Markets (Level 1)
Mutual funds	$ 163,615	$ 163,615

Gains and losses realized and unrealized, for the year ended December 31, 2022, are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

There have been no changes in the methodologies used at December 31, 2022.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H, FORM 5500:

At December 31, 2022, there were no differences between assets available for benefits per the financial statements and the assets available per Schedule H, Form 5500. Also, there were no differences in benefits paid to participants per the financial statements and Schedule H, Form 5500.

6. INCOME TAXES:

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the federal and state to assess taxes on a plan expires three and four years from the due date of the return or the date on which it was filed, whichever is later.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The ultimate effect of the current economic conditions cannot be determined at this time.

8. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Plan investments in the self-directed brokerage fund are managed by the Custodian; therefore, these transactions qualify as party-in-interest transactions. Transactions with parties-in-interest also include fees paid during the year for trustee, accounting, and other services, as well as contributions paid to the Plan by the Company and loans made to participants. All of these transactions are exempted from prohibited transaction rules under ERISA.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid through revenue sharing rather than a direct payment. During 2022, the Plan made direct payments of $106 for administration and advisory fees. The Plan sponsor pays directly any other fees related to the operation of the Plan.

9. PROHIBITED TRANSACTIONS:

As required by ERISA Section 2510.3-102, the Plan sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. Total contributions for the affected pay periods were $559, all of which represented employee salary deferrals. These contributions are considered prohibited transactions.

The Company has calculated lost investment earnings related to the affected pay periods and has compensated the Plan for the lost earnings in December 2022.
