INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Dymax Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dymax Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dymax Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dymax Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dymax Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dymax Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Dymax Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DYMAX CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS **For the Years Ended December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Dymax Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan covering all full-time employees of Dymax Corporation (the “Company”) who are age twenty-one or older. Employees become eligible to participate in the Plan after two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan has a qualified automatic contribution arrangement (“QACA”) for the Plan’s automatic enrollment for participant contributions and follows certain provisions to maintain “QACA safe harbor” status. Under a QACA plan, the Company makes a QACA safe harbor matching contribution equal to 100 percent of the first 1 percent of base compensation that a participant contributes to the Plan plus 50 percent of the participant contributions that represent between 2 percent and 6 percent of base compensation.

Contributions

Each year, participants may make voluntary contributions through payroll deductions on a pre-tax basis, an after tax-basis (Roth), or a combination of both, up to the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollover contributions”). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The auto-escalation provision calls for participants’ contributions to be increased by 1 percent each year for participants that contribute more than 0 percent and less than 6 percent of base compensation up to a maximum of 6 percent of base compensation unless the participant elects out of escalation or elects a fixed percentage.

For the year ended December 31, 2022, the QACA safe harbor matching contribution made by the Company was \$756,529. The Company may make an additional discretionary matching contribution and or a profit-sharing contribution; however, no such contributions were made by the Company for the plan year ended December 31, 2022. After the end of each plan year, the Plan Sponsor calculates the QACA safe harbor matching contribution for each participant based on their annual eligible wages and compares it to contributions made during that year and will provide true-up contributions to applicable participants.

DYMAX CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

At December 31, 2022 and 2021, the Plan Sponsor owed \$35,047 and \$27,894, respectively, in true-up contributions which are required to be contributed to the Plan in the next Plan year. The true-up contributions required to be funded to the Plan by the Company are off-set by forfeiture funds expected to be applied against the receivables in the following year. Employer contributions receivable of \$31,107 and \$16,788, are net of forfeitures of \$3,940 and \$11,106, respectively, on the accompanying statements of net assets available for benefits at December 31, 2022 and 2021, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and profit-sharing contributions, plus any earnings thereon is based on years of continuous service. A participant becomes 30 percent vested after one year of credited service, 60 percent vested after two years of credited service and 100 percent vested after three years of credited service. A participant becomes 100 percent vested in the QACA safe harbor contributions after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their vested account balance. Generally, these loans are limited to the lesser of \$50,000 or 50 percent of the participant's vested account balance with a minimum loan of \$1,000. A participant can only have two loans currently outstanding from the Plan. Loans must be fully repaid within five years unless the proceeds are used to acquire a principal residence, in which case a loan must be repaid within twenty years. The loans are secured by the balance in the participant's account. The loan interest rate is 1 percent over the prime rate, which is commensurate with local prevailing rates as determined quarterly by the Plan Sponsor. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or the participant's designated beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum or installments if the participant was subject to lifetime required minimum distributions. Terminated participants receive lump sum benefits in accordance with Plan provisions. The Plan also provides for in-service withdrawals by participants who have a proven hardship or have attained the age of 59 ½. If a participant terminates employment for any reason and their vested account balance does not exceed \$5,000, the Plan distributes such amount in a lump-sum payment to the participant without the consent of the participant.

DYMAX CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

Administration of Plan Assets

The Plan's assets are held by the custodian and trustee of the Plan, Empower Annuity Insurance Company of America (formally known as Great-West Life & Annuity Insurance Company) and Empower Trust Company, LLC (formally known as Great-West Trust Company, LLC), respectively. The custodian and trustee manage the contributions received and administer distributions to the participants. Certain administrative functions are also performed by officers and employees of the Plan Sponsor. None of the officers or employees receives compensation from the Plan for these services.

Forfeited Accounts

If a participant terminates employment before becoming 100% vested, the non-vested portion of their account is forfeited upon the participant incurring five consecutive one-year breaks in service. At December 31, 2022 and 2021, forfeited non-vested balances totaled \$86,327 and \$55,497, respectively. Forfeitures are retained in the Plan and will first be used to pay administrative expenses under the Plan, as directed by the Company, and then will be used to reduce future employer contributions. Any remaining amounts will be allocated to the accounts of eligible participants in the same proportion that their compensation bears to the total compensation of all participants. For the year ended December 31, 2022, no forfeited amounts were used to pay administrative expenses.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions to age 72. Written amendments to the Plan to reflect these operational changes will be adopted by December 31, 2025 in accordance with applicable law and IRS guidance.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DYMAX CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS **For the Years Ended December 31, 2022 and 2021**

Investment Valuation and Income Recognition

Investments are reported at fair value (except for approximately 5% and 3% of the investments which represent a fully benefit-responsive contract reported at contract value at December 31, 2022 and 2021, respectively). Key Guaranteed Portfolio Fund, the fully benefit-responsive contract, is carried at contract value which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian and trustee. See Note 3 for discussion of fair value measurements. Contract value is explained at Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

DYMAX CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

<i>Investments at Fair Value as of December 31, 2022</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 15,717,788	\$ -	\$ -	\$ 15,717,788
Investments, at fair value	<u>\$ 15,717,788</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,717,788</u>

DYMAX CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

<i>Investments at Fair Value as of December 31, 2021</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 18,847,371	\$ -	\$ -	\$ 18,847,371
Investments, at fair value	\$ 18,847,371	\$ -	\$ -	\$ 18,847,371

NOTE 4 - INFORMATION CERTIFIED BY THE ASSET CUSTODIAN AND TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America (formally known as Great-West Life & Annuity Insurance Company) and Empower Trust Company, LLC (formally known as Great-West Trust Company, LLC), the custodian and trustee, respectively, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the schedule of assets (held at end of year), as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule.

NOTE 5 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive group annuity contract with Empower Annuity Insurance Company of America (formally known as Great-West Life & Annuity Insurance Company). Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the accompanying financial statements at contract value as reported by Empower Annuity Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The group contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for the credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but the effective annual interest rate will never be less than 1.00%. Interest crediting rate is reset quarterly.

DYMAX CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS **For the Years Ended December 31, 2022 and 2021**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the premature termination of the contract by the Plan. The Plan administrator believes that no events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Annuity Insurance Company. Empower Annuity Insurance Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$26,440 for the year ended December 31, 2022.

The Plan has agreements with Securities America (Plan Investment Advisor), PASI, LLC (Third Party Administrator) and Patriot Financial Group (Plan Advisor) to provide services to the Plan, all of which qualify as parties-in-interest. Fees paid by the Plan for these services were \$13,096, \$12,720, and \$2,123, respectively, for the year ended December 31, 2022. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100 percent vested in their employer contributions.

NOTE 8 - TAX STATUS

The IRS has informed PASI, LLC, the prototype Plan Sponsor, by a letter dated June 30, 2020, that the prototype plan adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits at December 31, 2022.
