REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Level Access, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of the Level Access, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) and supplemental schedule of delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

General

The Level Access, Inc. 401(k) Plan (the Plan), formed January 1, 2001, and amended most recently on March 1, 2018, is a defined contribution plan established by Level Access, Inc. (Level Access or the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of Level Access. All employees of Level Access are immediately eligible to participate upon hire, with the exception of non-resident aliens who do not receive any earned income from the Company which constitutes United States source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, not to exceed the Internal Revenue Service (IRS) limitation, which was \$ 20,500 for plan years 2022 and \$19,500 for plan year 2021. Participants who have reached the age of 50 by the end of the Plan year may make additional pre-tax "catch-up" contributions up to \$6,500 for plan years 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective April 1, 2018, unless affirmatively elected otherwise, eligible employees are automatically enrolled at a 3% deferral rate on the 1st of the month following hire.

Level Access' matching contribution formula provides a matching contribution on behalf of each participant who has made salary deferrals in the Plan year. This contribution is equal to 100% of the first 3% of a participant's elective deferrals (not to exceed 3% of eligible compensation). The matching contribution shall be determined on an annual basis and shall be adjusted to the extent necessary after the end of each plan year.

Participant Accounts

Each participant account is credited with the participant's contributions, rollovers and the participant's portion of the Plan sponsor's contributions and plan earnings (losses). A participant may direct the investment of his or her employee and company contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis. Earnings, expenses, and gains and losses on investments are allocated based on participant account balances, as defined in the Plan document.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested increasingly by 25% per year for four years following hire in company contributions to the Plan plus actual earnings thereon.

Payment of Benefits

Withdrawals from participant accounts may be made for the following reasons: hardship, attainment of age 59½, normal retirement at age 65, death or totally disabled or termination of employment.

Hardship withdrawals are permitted from the participant's elective deferral and vested matching company contributions if certain criteria are met, as defined by the Plan document, and are subject to taxes in the year received.

Level Access, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year the participant retires. Upon reaching the age of 59½, a participant is eligible to receive distributions without termination of employment without penalty.

Upon termination of service due to death, disability, or retirement, participants with vested account balances greater than \$5,000 generally receive payments in the form of a lump sum or installment payments. Participants with vested account balances of \$5,000 or less may receive a single lump-sum payment.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest rate based on the prevailing rates as determined quarterly by the Plan administrator, which is the Prime interest rates plus 1%. A participant may only have one note receivable outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures are the portion of participants' account balances that are not vested upon termination of employment. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$73,505 and \$101,877, respectively. Forfeitures are retained in the Plan and may first be used to pay administrative expenses, then to reduce future company contributions. The Plan utilized forfeitures of \$73,305 and \$146,390 to offset employer contributions during the Plan years ended December 31, 2022 and 2021, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Level Access, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. The investment management fees and operating expenses charged to the Plan were deducted from investment income earned on a daily basis and were included in net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform any auditing procedures with respect to information certified by the trustee, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices.

Money market fund: Valued at NAV of shares held by the Plan at year end based upon quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

NOTE E - TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated, in all material respects, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's trustee performs services for, sells products to, and maintains certain investments for the Plan for which fees were charged to the Plan. Party-in-interest transactions also include participant notes receivable. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their company contributions.

NOTE I - PROHIBITED TRANSACTIONS

During the Plan year ended December 31, 2021, participant contributions of \$113,569 and were not remitted to the trust on a timely basis as required by the United States DOL regulations. There are no non timely contributions in the 2022 plan year. As such, the late deposit is considered a prohibited transaction. These delinquent contributions have been deposited into the Plan. Management is in the process of correcting the affected participants' accounts with lost earnings, however, as of the report date this correction has not been made for any impacted plan year.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through October 6, 2023 which represents when the financial statements were available for issuance, to ensure that the Plan's financial statements include appropriate disclosure of events both recognized in the financial statements as of December 31, 2022, and events which occurred subsequent to December 31, 2022, but were not recognized in the financial statements.

The Plan Sponsor merged with eSSENTIAL Accessibility Inc. during the 2022 Plan Year. eSSENTIAL Accessibility Inc. sponsored the TriNet 401k Plan. During the 2022 Plan year, the Level Access 401k Plan and TriNet 401k Plan continued to operate separately. Effective January 1, 2023, the Level Access 401k Plan and the TriNet 401k plans were merged with Level Access Inc 401k Plan being the surviving plan. TriNet participants were migrated to the Level Access 401k Plan. There was no impact to the Level Access 401k Plan or these statements during the 2022 plan year.

During 2023 there have been two amendments relating to the merger to the two plans and well as additional investment options. All contribution, vesting, and other key plan features related to Level Access remained the same. Subsequent to the Plan Merger, the Plan is still the Level Access, Inc. 401k Plan.

Management is not aware of any subsequent events which would require recognition or disclosure in the accompanying financial statements.

Grant Thornton LLP
2001 Market Street, Suite 700
Philadelphia, PA 19103

We are providing this letter in connection with your audits of the financial statements of Level Access, Inc. 401(K) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

We elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). We acknowledge that your audits did not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution") that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that our election for an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described in 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

We understand that your audits were made for the purpose of expressing an opinion as to whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with US GAAP and that the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We are also providing this letter in connection with the ERISA-required supplemental schedules as of December 31, 2022 for the purpose of the expression of your opinion as to whether the ERISA-required supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

We have fulfilled our responsibility, as set out in the terms of the Engagement Letter, for the preparation and fair presentation of the financial statements in accordance with US GAAP and for the preparation and presentation of the ERISA-required supplemental schedules in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud, including programs and controls to prevent and detect fraud.

We also acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of the surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, as of October 5, 2023, the following representations made to you during your audits.

1. The financial statements referred to above, which include the related notes, have been prepared and are fairly presented in accordance with US GAAP, and the notes include all disclosures required by laws and regulations to which the Plan is subject.
2. All information required by DOL rules and regulations to be presented in ERISA-required supplemental schedules has been included.
2. The ERISA-required supplemental schedule, and their form and content, are presented in conformity with DOL Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the ERISA-required supplemental schedule is consistent with those used in the prior period. We have disclosed to you the significant assumptions and interpretations underlying the measurement and presentation of the ERISA-required supplemental schedule.
3. We have provided you with:
 - a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements, including all financial records, documentation of internal control over financial reporting, and related information
 - b. The names of all related parties and parties in interest and all relationships and transactions with related parties and parties in interest
 - c. Additional information that you have requested for audit purposes
 - d. Unrestricted access to persons within the Plan, including persons at the Plan sponsor from whom you determined it necessary to obtain audit evidence
 - e. The most current Plan instrument and all Plan amendments thereto for the audit period, including amendments to comply with applicable laws and any trust agreements or insurance contracts. The last amendment to the Plan instrument was as of April 20, 2022.
 - f. Minutes of the meetings of trustees and Plan sponsor's board of directors and committees of directors, or summaries of actions of recent meetings for which minutes have not yet been prepared. All significant trustee, board, and committee actions are included in the summaries.
 - g. A draft of the Form 5500 that is substantially complete.
4. There have been no communications, written or oral, from regulatory agencies or others concerning operations of the Plan or noncompliance with, or deficiencies in, financial reporting practices.
5. Except for late remittances, there are no known violations or possible violations of, or no known instances of noncompliance or suspected noncompliance with, laws and regulations whose effects should be considered by management when preparing the financial statements, as a basis for recording a loss contingency or for disclosure. We are aware there are late remittances which relate to plan years 2021, 2019, and 2018. It is our plan to remediate the lost earnings before the end of the 2023 plan year. There were no lost errors in contributions which would result in earnings for plan year 2022.
6. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments whose effects should be considered by management when preparing the financial statements and that should be accounted for and disclosed in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 450, *Contingencies*), and we have not consulted legal counsel concerning such litigation, claims, or assessments.
7. There are no other liabilities or gain or loss contingencies that are required to be accounted for or disclosed in accordance with US GAAP (ASC 450).
8. There are no other matters (for example, breach of fiduciary responsibilities, nonexempt transactions, loans or loans in default, events that may jeopardize the tax status, or events reportable to the Pension Benefit Guaranty Corporation) that legal counsel has advised us must be disclosed.

9. All transactions have been recorded in the Plan's accounting records and are reflected in the financial statements.
10. We are unaware of any uncorrected financial statement misstatements, including omitted, inaccurate, or incomplete disclosures, in the accompanying financial statements or related schedules.
11. We have obtained and reviewed the service organization control (SOC) 1 report for Fidelity Management Trust Company and have designed, implemented, and maintained the applicable complementary user entity controls.
12. There are no significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting of which we are aware.
13. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud. We have no knowledge of fraud or suspected fraud affecting the Plan involving:
 - a. Management
 - b. Employees who have significant roles in internal control, or
 - c. Others where the fraud could have a material effect on the financial statements.
14. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements received in communications from employees, former employees, participants, beneficiaries, regulators, service providers, third-party administrators, or others.
15. The Plan has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
16. Related party relationships and transactions and related amounts receivable from or payable to related parties (including sales, purchases, loans, transfers, leasing arrangements, and guarantees) have been properly accounted for and disclosed in the financial statements in accordance with US GAAP and DOL rules and regulations.
17. Transactions with "parties in interest," as defined in Section 3(14) of ERISA and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from, or payable to, parties in interest have been appropriately disclosed in the financial statements and ERISA-required supplemental schedules in accordance with DOL rules and regulations.
18. There are no:
 - a. Non-exempt party-in-interest transactions (as defined in ERISA Section 406-408 and regulations thereunder) that were not disclosed in the financial statements or ERISA-required supplemental schedules
 - b. Investments in default or considered to be uncollectible or loans or fixed income obligations in default or classified as uncollectible that were not disclosed in the ERISA-required supplemental schedules
 - c. Reportable transactions (as defined in ERISA Section 103(b)(3)(H) and regulations under that section) that were not disclosed in the ERISA-required supplemental schedules.
19. There are no guarantees, whether written or oral, under which the Plan is contingently liable.
20. Amendments to the Plan instrument have been properly disclosed in the financial statements.
21. Significant estimates and material concentrations known to management that are required to be disclosed in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 275, *Risks and Uncertainties*) are properly disclosed in the financial statements.

Significant estimates are estimates at the date of the financial statements that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.

22. The Plan has satisfactory title to all owned assets. There are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
23. The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance
24. In connection with the preparation of the financial statements we evaluated, in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 205, *Presentation of Financial Statements*), whether there were conditions or events that, when considered in the aggregate, raised substantial doubt about the Plan's ability to continue as a going concern for a period not less than one year from the date the financial statements are issued or available to be issued. Our evaluation was based on relevant conditions and events known and reasonably knowable at that date.
25. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities, including those reported or disclosed at fair value, as well as information obtained from brokers, pricing services, or other third parties. The methods, significant assumptions, and data used in making accounting estimates and the related disclosures, including those measured at fair value, are reasonable, are consistently applied, and result in a measurement appropriate to achieve recognition, measurement, or disclosure for financial statement and disclosure purposes in accordance with the financial reporting framework. In addition, the data used in making accounting estimates is accurate and complete. No events have occurred subsequent to the date of the financial statements through the date of this letter that would require adjustment to these estimates and fair value measurements, or the related disclosures included in the financial statements.
26. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 820, *Fair Value Measurements and Disclosures*). In addition, in accordance with US GAAP, the Plan has categorized its financial instruments, based on the priority of inputs to the valuation technique, into a three-level fair value hierarchy. The fair value gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs that are used to measure the securities fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.
27. There are no financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk.
28. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code and intend to continue as a qualified plan and trust. The Plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status, including complying with laws and regulations and preventing violations that may cause disqualification. We are not aware of any matters that would affect the continued qualified status of the Plan.
29. We are responsible for the preparation of Plan amendments necessitated by changes in law or regulation or required by changes in the operation of the Plan. All amendments required by such changes have been adopted by the Plan.
30. The Plan has complied with DOL regulations concerning the timely remittance of participants' contributions and loan repayments to the trusts containing assets for the Plan, except as disclosed in the related ERISA-required supplemental schedule.
31. All required filings with the appropriate regulatory agencies have been made.
32. The Plan has complied with the fidelity bonding requirements of ERISA.
33. We acknowledge our responsibility for the preparation and presentation of the Schedule H, line 4a- schedule of delinquent participant contributions and Schedule H, Line 4i – schedule of assets (held at end of year) and the form and content of such supplemental information, in accordance with DOL's Rule and Regulations for Reporting and Disclosure under ERISA. Such supplementary information, including its form and

content, is fairly presented in accordance therewith. The methods of measurement and presentation of the supplementary information are consistent with those used in the prior period. There are no significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.

34. We have no intentions to terminate the Plan.
35. You provided a nonattest service by assisting us with drafting the financial statements and ERISA-required supplemental schedules. In connection with this nonattest service, we confirm that:
- a. We made all management decisions and performed all management functions
 - b. We have suitable skill, knowledge, and experience to evaluate the accuracy and completeness of the financial statements and ERISA-required supplemental schedules
 - c. We accept responsibility for such financial statements and ERISA-required supplemental schedules.
36. The merger of the eESSENTIAL Accesibility Plan into the Level Access Plan occurred subsequent to the end of the 2022 plan year (effective January 1, 2023) and therefore has no impact on the plan or its operations during plan year 2022.
37. All events subsequent to the date of the financial statements through the date of this letter and for which US GAAP requires recognition or disclosure have been recognized or disclosed.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Level Access, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of the Level Access, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) and supplemental schedule of delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

General

The Level Access, Inc. 401(k) Plan (the Plan), formed January 1, 2001, and amended most recently on March 1, 2018, is a defined contribution plan established by Level Access, Inc. (Level Access or the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of Level Access. All employees of Level Access are immediately eligible to participate upon hire, with the exception of non-resident aliens who do not receive any earned income from the Company which constitutes United States source income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following brief description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, not to exceed the Internal Revenue Service (IRS) limitation, which was \$ 20,500 for plan years 2022 and \$19,500 for plan year 2021. Participants who have reached the age of 50 by the end of the Plan year may make additional pre-tax "catch-up" contributions up to \$6,500 for plan years 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective April 1, 2018, unless affirmatively elected otherwise, eligible employees are automatically enrolled at a 3% deferral rate on the 1st of the month following hire.

Level Access' matching contribution formula provides a matching contribution on behalf of each participant who has made salary deferrals in the Plan year. This contribution is equal to 100% of the first 3% of a participant's elective deferrals (not to exceed 3% of eligible compensation). The matching contribution shall be determined on an annual basis and shall be adjusted to the extent necessary after the end of each plan year.

Participant Accounts

Each participant account is credited with the participant's contributions, rollovers and the participant's portion of the Plan sponsor's contributions and plan earnings (losses). A participant may direct the investment of his or her employee and company contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis. Earnings, expenses, and gains and losses on investments are allocated based on participant account balances, as defined in the Plan document.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested increasingly by 25% per year for four years following hire in company contributions to the Plan plus actual earnings thereon.

Payment of Benefits

Withdrawals from participant accounts may be made for the following reasons: hardship, attainment of age 59½, normal retirement at age 65, death or totally disabled or termination of employment.

Hardship withdrawals are permitted from the participant's elective deferral and vested matching company contributions if certain criteria are met, as defined by the Plan document, and are subject to taxes in the year received.

Level Access, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year the participant retires. Upon reaching the age of 59½, a participant is eligible to receive distributions without termination of employment without penalty.

Upon termination of service due to death, disability, or retirement, participants with vested account balances greater than \$5,000 generally receive payments in the form of a lump sum or installment payments. Participants with vested account balances of \$5,000 or less may receive a single lump-sum payment.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest rate based on the prevailing rates as determined quarterly by the Plan administrator, which is the Prime interest rates plus 1%. A participant may only have one note receivable outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures are the portion of participants' account balances that are not vested upon termination of employment. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$73,505 and \$101,877, respectively. Forfeitures are retained in the Plan and may first be used to pay administrative expenses, then to reduce future company contributions. The Plan utilized forfeitures of \$73,305 and \$146,390 to offset employer contributions during the Plan years ended December 31, 2022 and 2021, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Level Access, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. The investment management fees and operating expenses charged to the Plan were deducted from investment income earned on a daily basis and were included in net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform any auditing procedures with respect to information certified by the trustee, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;

Level Access, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices.

Money market fund: Valued at NAV of shares held by the Plan at year end based upon quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	\$ 12,569,520	\$ -	\$ -	\$ 12,569,520

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE E - TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated, in all material respects, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's trustee performs services for, sells products to, and maintains certain investments for the Plan for which fees were charged to the Plan. Party-in-interest transactions also include participant notes receivable. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their company contributions.

NOTE I - PROHIBITED TRANSACTIONS

During the Plan year ended December 31, 2021, participant contributions of \$113,569 and were not remitted to the trust on a timely basis as required by the United States DOL regulations. There are no non timely contributions in the 2022 plan year. As such, the late deposit is considered a prohibited transaction. These delinquent contributions have been deposited into the Plan. Management is in the process of correcting the affected participants' accounts with lost earnings, however, as of the report date this correction has not been made for any impacted plan year.

Level Access, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through October 6, 2023 which represents when the financial statements were available for issuance, to ensure that the Plan's financial statements include appropriate disclosure of events both recognized in the financial statements as of December 31, 2022, and events which occurred subsequent to December 31, 2022, but were not recognized in the financial statements.

The Plan Sponsor merged with eSSENTIAL Accessibility Inc. during the 2022 Plan Year. eSSENTIAL Accessibility Inc. sponsored the TriNet 401k Plan. During the 2022 Plan year, the Level Access 401k Plan and TriNet 401k Plan continued to operate separately. Effective January 1, 2023, the Level Access 401k Plan and the TriNet 401k plans were merged with Level Access Inc 401k Plan being the surviving plan. TriNet participants were migrated to the Level Access 401k Plan. There was no impact to the Level Access 401k Plan or these statements during the 2022 plan year.

During 2023 there have been two amendments relating to the merger to the two plans and well as additional investment options. All contribution, vesting, and other key plan features related to Level Access remained the same. Subsequent to the Plan Merger, the Plan is still the Level Access, Inc. 401k Plan.

Management is not aware of any subsequent events which would require recognition or disclosure in the accompanying financial statements.
