INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
H.E.P. Materials Corp. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of H.E.P. Materials Corp. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of H.E.P. Materials Corp. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of H.E.P. Materials Corp. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about H.E.P. Materials Corp. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

[illegible]

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of H.E.P. Materials Corp. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about H.E.P. Materials Corp. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the H.E.P. Materials Corp. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1989 and is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. It covers substantially all employees of H.E.P. Materials Corp. and Subsidiary ("the Company") who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

Employees of the Company are eligible to participate in the Plan if they have completed one month of service. Once eligibility requirements have been met, participants may enter the Plan on the first day of the month.

Contributions

The Company shall make deferred contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company. The maximum contribution each participant may make each year is subject to federal limits.

Participants may elect to defer a portion of their total annual compensation into the Plan as qualified pre-tax or elective after-tax Roth contributions. During 2022 and 2021, qualified pretax contributions totaled $154,333 and $137,957, respectively. During 2022 and 2021, elective after-tax Roth contributions totaled $21,066 and $15,766, respectively.

The Company may decide each plan year to make a discretionary matching contribution to the Plan. Such contributions will be based on a participant's eligible compensation deferred into the Plan during the year. To qualify to receive a discretionary matching contribution, a participant must work 1,000 or more hours and be employed on the last day of the plan year. The Company made no discretionary matching contributions to the Plan in 2022 or 2021.

1. **Description of Plan** (Continued)

Contributions (Continued)

The Company may also decide each plan year to make a discretionary profit sharing contribution to the Plan. Such contributions shall be allocated to participating employees in the ratio that each participating employee's compensation bears to the total compensation paid to participating employees. To qualify to receive a discretionary profit sharing contribution, a participant must work 1,000 or more hours and be employed on the last day of the plan year. The Company made no discretionary profit sharing contributions to the Plan in 2022 or 2021. Discretionary employer contributions may vary annually and are determined by the Board of Directors.

In addition, participants may transfer funds from other qualified plans, with the consent of the Plan administrator.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution and discretionary profit sharing contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals plus actual earnings thereon. Participants are vested in discretionary employer matching contributions and discretionary profit sharing contributions based on years of continuous service. A vested percentage is determined in accordance with the following schedule:

Years of Service For Vesting	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	100%

Forfeitures

Forfeitures arising under the Plan are used at the discretion of the Plan sponsor to reduce future plan administrative expenses and future employer contributions. Administrative expenses not offset through the application of forfeitures include audit fees paid by the Plan sponsor and transaction fees paid by the participants. There were no forfeitures for the years ended December 31, 2022 and 2021, nor were there any forfeitures available at December 31, 2022 and 2021 for future application.

1. **Description of Plan** (Continued)

Payment of benefits

Upon termination of service due to death, disability, termination, or retirement, the entire vested account balance, if $1,000 or less, will be distributed in the form of a lump-sum distribution. If the account balance is $5,000 or less, but greater than $1,000, the entire account balance will be distributed as a direct rollover into an individual retirement plan designated by the Plan administrator, unless the participant elects to receive a distribution or a direct rollover to an eligible retirement plan. If the account balance is greater than $5,000 and the participant has not reached age 59½, the participant must submit an application for distribution. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: separation from service and upon the hardship of a participant as provided for in the Plan and in government regulations. Hardship distributions can be distributed only from elective deferrals and are subject to a $500 minimum amount. Participants shall be entitled to receive a distribution of all or a portion of their account upon the attainment of age 59½.

Notes receivable from participants

The minimum principal amount of any loan is $1,000. There is a maximum of one loan outstanding per participant at any given time. Participant's loans are secured by their account balances. Loan setup fees shall be billed or charged in full on the first invoice date following the origination of the loan. Loans must generally be repaid within five years and repayment of principal and interest are made through payroll withholdings. Loans, however, taken for the purpose of purchasing a principal residence may be repaid up to a maximum of ten years. Each loan shall bear interest at a rate charged by commercial lenders for similar loans.

Administrative expenses

Investment commissions are paid from the Plan's assets and are charged directly to the related investment earnings in the year incurred. Record keeping, tax filing, audit fees and loan administration fees are paid by either the Plan or by the Sponsor.

	2022	2021
Total administrative expenses	$ 36,897	$ 38,023
Less: Expenses paid by plan sponsor	(6,450)	-
	$ 30,447	$ 38,023

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for plan benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Values are determined based on quoted market prices in active markets.

Common collective trust: Valued at the contract value of the underlying investments, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

2. **Summary of Significant Accounting Policies** (Continued)

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator had determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2019.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent plan year and October 9, 2023, the date the financial statements were available to be issued.

3. **Financial Information Certified by the Trustee**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable by participants reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes, and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. **Investments**

The fair value of investments determined to be level 1 assets as of December 31, 2022 and 2021 consisted of:

	2022	2021
Mutual funds	$ 3,215,920	$ 3,735,130

The value of other investments not included in the fair value hierarchy as of December 31, 2022 and 2021 consisted of:

	2022	2021
Common collective trust	$ 281,712	$ 243,201

5. Related Party Transactions

The Plan invests in mutual funds managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company that acts as a trustee for only those investments as defined by the plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Administrative fees paid to Fidelity Investments amounted to $7,423 for the year ended December 31, 2022.

During 2021, the Plan invested in shares of a guaranteed investment contract managed by an affiliate of the former custodian, Lincoln Life and Annuity Company of New York. Lincoln Life and Annuity Company of New York acted as custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Administrative fees paid to Lincoln Life and Annuity Company of New York amounted to $19,994 for the year ended December 31, 2021.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan obtained its latest determination letter dated June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.
