Independent Auditor's Report

To the Administrator
BrownGreer, PLC 401(k) Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of BrownGreer, PLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of BrownGreer, PLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BrownGreer, PLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BrownGreer, PLC 401(k) Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the BrownGreer, PLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BrownGreer, PLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BrownGreer, PLC 401(k) Plan

December 31, 2022 and 2021

Note A - Description of Plan

The following description of the BrownGreer, PLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a non-discriminatory defined contribution plan covering all employees of BrownGreer, PLC (Employer), who have completed 30 days of employment and are age twenty-one (21) or older. For discretionary profit-sharing contributions, participants must have completed one (1) year of service and have attained age twenty-one (21). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is intended to be a profit-sharing plan with a cash or deferred arrangement under Internal Revenue Code Sections 401(a) and 401(k). The Plan is also intended to qualify as a Section 404(c) plan for purposes of ERISA. In 2018, the Plan was restated to allow Safe Harbor matching contributions.

Contributions

Each participant may contribute to the Plan up to the maximum allowable by law. The Plan is a Safe Harbor 401(k) plan which provides for a matching contribution equal to 100% of each participant’s elective deferrals not exceeding 3% of the participant’s compensation, plus 50% of each participant’s elective deferrals in excess of 3%, but not in excess of 5% of the participant’s compensation. Also, the Employer has the ability to elect to contribute a discretionary nonelective amount to the Plan. The discretionary contribution is not required to be made in any plan year. In 2022, the Plan was restated to remove the discretionary contribution from the Plan.

Participant Accounts

Each participant’s account is credited with the employer contributions and the participant’s voluntary contribution, in addition to allocated shares of the Plan’s investment earnings, plan expenses and forfeitures, if any. The Plan allocates income and net depreciation in the current market value of the funds on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

The Plan permits every participant to direct the investment of his or her account balance under the Plan. The Plan is intended to comply with Section 401(k) of ERISA which requires that participants have an opportunity to choose from a broad range of investment options that have different risk and return characteristics.

Notes to Financial Statements

BrownGreer, PLC 401(k) Plan

December 31, 2022 and 2021

Note A - Description of Plan - Continued

Vesting

Participants are immediately 100% vested in their voluntary, rollover, and Safe Harbor contributions plus actual earnings thereon. Discretionary contributions plus actual earnings thereon are vested according to the vesting schedule as follows:

<u>Years of Service</u>	<u>Discretionary Percentage</u>
Less than 2 years	0%
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used by the Plan for several purposes such as the payment of Plan expenses. Any remaining forfeitures attributable to employer discretionary profit-sharing contributions will be used to reduce any employer contributions. Any remaining forfeitures attributable to employer matching contributions will be used to reduce any employer matching contributions. There were no forfeiture balances available at December 31, 2022 or 2021. There were no forfeitures applied to reduce current year employer matching contributions during the year ended December 31, 2022.

Payment of Benefits

Participants may withdraw from the Plan as a result of attaining the age of 59.5, completion of 10 years of participation of the Plan, total and permanent disability, death, separation from service, or termination of the Plan by the Employer. Also, the terms of the Plan permit hardship withdrawals for purposes of purchasing or preventing eviction from or foreclosure on the mortgage of a principal residence, post-secondary educational expenses or medical expenses resulting from accident or illness and certain other expenses as described by the Plan. All distributions will be made in one lump-sum payment in cash. If the vested benefit (excluding amounts attributable to rollovers) exceeds \$5,000, the participant must consent to the distribution before it may be made.

Notes to Financial Statements

BrownGreer, PLC 401(k) Plan

December 31, 2022 and 2021

Note A - Description of Plan - Continued

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. Note receivable terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 6.25% to 10.5% and 6.25% to 8.25% during 2022 and 2021, respectively. Loans mature at various dates through 2028.

The plan administrator does not believe that an allowance for potentially uncollectible accounts is required given the security provided by the respective participants' account balances.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and accounting records of the Plan are maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the management of the Plan to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for its fully-benefit responsive investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded at December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Note B - Summary of Significant Accounting Policies – Continued

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Significant expenses that are paid by the Company include, among other things, Plan audit fees and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note C - Tax Status

The Plan is an adoption of a Prototype Non-Standardized 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Services (IRS) on June 30, 2020, in which the IRS stated that the Prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself, and the Prototype Plan has been amended since receiving the determination letter. However, the Plan's management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and therefore, the Plan and related trust continue to be tax-exempt.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note D - Investment Contracts with Principal Life Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) totaling \$728,327 and \$406,835 at December 31, 2022 and 2021, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements

BrownGreer, PLC 401(k) Plan

December 31, 2022 and 2021

Note D - Investment Contracts with Principal Life Insurance Company - Continued

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. This contract is not a traditional guaranteed investment contract; therefore, there are not any known cash flows that could be discounted. As a result, the fair value amount is equal to the contract value. The contract does have surrender charges if it is terminated by the contract holder or a plan terminates its interest in such contract within certain time periods. If a contract is terminating and a surrender charge applies, the plan may no longer be deemed benefit-responsive.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of the issuer.

Note E - Risk and Uncertainties

The Plan's assets are invested in various financial instruments including mutual funds, common/collective trusts, pooled separate accounts and a guaranteed investment contract. Investments are exposed to various risks, such as changes in interest rates, market conditions and credit assessments. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and amounts reported in the financial statements.

Note F - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Notes to Financial Statements

BrownGreer, PLC 401(k) Plan

December 31, 2022 and 2021

Note F - Fair Value Measurements - Continued

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Unit value calculated based on the net assets or observable net asset value (NAV) of the underlying pool of securities or investments. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note F - Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022:

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
Assets				
Mutual funds	<u>\$ 3,940,911</u>	<u>\$</u>	<u>\$</u>	\$ 3,940,911
Investments measured at net asset value				<u>14,345,657</u>
Total assets at fair value				<u>\$ 18,286,568</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021:

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
Assets				
Mutual funds	<u>\$ 4,215,438</u>	<u>\$</u>	<u>\$</u>	\$ 4,215,438
Investments measured at net asset value				<u>16,369,544</u>
Total assets at fair value				<u>\$ 20,584,982</u>

Certain investments that were measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During the years ended December 31, 2022 and 2021, the Plan did not have any significant transfers between Level 1, 2, or 3. The Plan's policy is to recognize transfers in and transfers out of all levels as of the end of the period.

Note G - Party-in-Interest Transactions

The Plan invests in a number of the Principal Life Insurance Company's pooled separate accounts, common/collective trusts and a guaranteed investment contract. These are related-party transactions and are identified as parties-in-interest in the accompanying schedule of assets (held at end of year). Additionally, the Plan issues loans to participants which are considered party-in-interest transactions.

The Plan also has agreements with service providers for investment advisory, trust and administrative services. These services providers are parties-in-interest.

Note H - Financial Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Life Insurance Company (the Custodian of the Plan). The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information, except for comparing it to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year). The following was certified to the completeness and accuracy by the Custodian:

	December 31,	
	2022	2021
Investments, at fair value	\$ 18,286,568	\$ 20,584,982
Investments, at contract value	728,327	406,835
	<u>\$ 19,014,895</u>	<u>\$ 20,991,817</u>

The Custodian also certified to the completeness and accuracy of the following for the year ended December 31, 2022:

Dividends and interest	\$ 53,505
Net depreciation in fair value of investments	<u>(3,729,639)</u>
	<u>\$ (3,676,134)</u>

Note I - Plan Termination

Although it has not expressed any intent to do so, and intends to continue the Plan indefinitely for the benefit of its employees, the Employer has the right under the Plan, to discontinue contributions and terminate the Plan at any time. In the event of termination, each participant will receive a lump-sum distribution of his or her total account, subject to the provisions of ERISA.

Note J - Subsequent Events

The Plan was restated effective January 1, 2022, with certain changes effective January 1, 2023. Effective January 1, 2023, the Plan removed the service required for eligibility, changed the entry date to the first day of the month following date requirements met, and changed the Safe Harbor match to 100% of the first 6% of pay contributed by each participant each pay period. The Plan management has evaluated all subsequent events through August 31, 2023, which is the date these financial statements were available to be issued.
