INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees of
Madison/Standard Electric 401(k) Plan
Warren, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the financial statements of Madison/Standard Electric 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Madison/Standard Electric 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Madison/Standard Electric 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Madison/Standard Electric 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Madison/Standard Electric 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Madison/Standard Electric 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – December 31, 2022 and Schedule H line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Madison/Standard Electric 401(k) Plan
Notes to the Financial Statements
For the Years Ended December 31, 2022 and 2021

NOTE:

1. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of Madison/Standard Electric 401(k) Plan (the "Plan") are prepared under the accrual method of accounting.

Investments – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses – Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses in the amount of $115,351 were shown on the Statement of Changes in Net Assets Available for Benefits. This amount represents administrative costs paid to Prudential Retirement Services, investment advisors, and other service providers. The employer absorbs all other costs of the Plan. Expenses that are paid by the employer are excluded from these financial statements.

Risk and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Uncertainty from Pandemic – There has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Subsequent Events – The Plan has evaluated events and transactions that occurred through October 9, 2023, which is the date the financial statements were available for issue.

2. Plan Description

The following description of the Madison/Standard Electric 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

NOTE:

2. Plan Description (Continued)

General – The Plan is a defined contribution plan established by Madison Electric Company, Standard Electric Company and M & S Data Service Corporation (collectively, the "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility – Employees of the Employer who have completed one year of service and are 21 years of age or older are eligible to participate in the Plan.

Contributions – Contributions to participants' accounts may be made through voluntary reductions in their compensation, rollover contributions from other qualified plans, as well as discretionary employer matching contributions. Employees participating in the Plan may contribute up to 20% of their before-tax compensation up to the limit in effect for the year ($20,500 in 2022). During 2022, the Employer matched 20% of the participant's contribution up to 20% of eligible participant wages. Participants aged fifty or older may make an additional "catch-up" contribution ($6,500 for 2022). All employer and employee contributions are invested in the investment options as directed by the participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the (a) Employer's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions are invested based on participant-directed investment programs.

Investment Options – Participants' accounts are self-directed within a limited number of mutual funds. Each active participant's account is credited with the participant's elective wage deferral, an allocation of the employer's contributions and plan earnings.

Vesting – Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the portion of their accounts funded by employer's matching contributions plus earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures – As of December 31, 2022 and 2021 forfeited non-vested amounts totaled $10,413 and $2,185, respectively. These amounts will be used to offset future administrative expenses or Employer contributions. For the year ended December 31, 2022, eligible Employer contributions were reduced by $0 from forfeited accounts.

Payment of Benefits – Participants or their beneficiaries may receive distributions of their vested account balances in a lump sum upon the earlier of reaching age 59 1/2, disability, death, or termination of service, as defined in the Plan. Further, the Trustee may permit a participant who experiences a qualified financial hardship, as defined by the Plan, to receive a distribution of all or a portion of the participant's elective account balance.

Included in the net assets available for benefits at December 31, 2022 and 2021 are balances due to participants who had terminated employment with the employer, as such they are no longer participating. These accounts are payable on request.

NOTE:

2. Plan Description (Continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

3. Related Party and Party-In-Interest Transactions

Certain Plan investments are held in shares of funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions are considered to be party-in-interest transactions. Fees are paid to the asset custodian and the Plan uses the staff, resources, and facilities of the Plan Sponsor to perform certain administrative activities related to the Plan. These transactions qualify as party-in-interest transactions. Participant notes receivable are also classified as party-in-interest transactions.

4. Tax Status

The Plan adopted a prototype defined contribution plan and trust. The prototype plan received a favorable opinion letter from the IRS dated June 30, 2020, in which the Internal Revenue Service stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator believes that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the plan was qualified, and the related trust was tax-exempt at the financial statement date.

5. Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Certification of Financial Information

The following information included in the accompanying financial statements and supplementary schedules as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company and Prudential Trust Company, the trustees of the Plan: investments at fair value, notes receivable from participants, interest and dividends, and net appreciation/depreciation in fair value of investments. Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from July 1, 2022, to December 31, 2022, and Prudential Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2021, and for the period January 1, 2021, to June 30, 2022.

7. Nonparticipating Participant Account Balances

Included in the net assets available for benefits at December 31, 2022 and 2021 are balances due to participants who had terminated employment with the employer, as such they are no longer participating. These accounts are payable on request.

NOTE:

8. Guaranteed Income Fund

A portion of the Plan's investments are maintained in Prudential Guaranteed Income Fund (GIF), a group annuity product issued by Evergreen Group Annuity totaling $0 and $9,208,470 at December 31, 2022 and 2021, respectively. Evergreen Group Annuity maintains the contributions in a general account. Guarantees are based on the claims-paying ability of the issuing company.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at Contract Value within reasonable timeframes. Contract Value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract Value is also often referred to as "Book Value". The contract is affected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, Prudential considers this contract to be benefit responsive.

Generally, there are not any events that could limit the ability of the plan to transact at Contract Value paid within 90 days or Contract Value paid over time. There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than Contract Value paid either within 90 days or over time.

9. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable input (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds: Valued at the closing price reported in the active market in which the mutual fund is traded.

Pooled separate accounts: Valued at the sum of the net asset value of all the fund's underlying investments.

Madison/Standard Electric 401(k) Plan
Notes to the Financial Statements (Continued)
For the Years Ended December 31, 2022 and 2021

NOTE:

9. Fair Value Measurements (Continued)

Common/Collective Trusts: The fair value of participation units held in common/collective trust funds are based upon their net asset values as reported by the managers of the common/collective trust funds and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the balances of the assets and liabilities measured at fair value on a recurring basis as of December 31, 2022 and 2021:

		Fair Value Measurements For the Year Ended December 31, 2022		
	Amount	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	$ 31,036,138	$ 31,036,138	$ 0	$ 0
Investments measured at Net asset value – Common/collective trusts (a)	3,577,108			
Total investments at fair value	$ 34,613,246			

		Fair Value Measurements For the Year Ended December 31, 2021		
	Amount	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	$ 16,329,919	$ 16,329,919	$ 0	$ 0
Pooled separate accounts	23,099,451	23,099,451	0	0
Total investments at fair value	$ 39,429,370	$ 39,429,370	$ 0	$ 0

(a) In accordance with ASC 820-10, these investments are measured at fair value using the NAV per share practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented on the Statements of Net Assets Available for Plan Benefits. There are no unfunded commitments with respect to these investments as of December 31, 2022 and 2021. Also, these investments have daily investment frequency and a one-day redemption notice period.

INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees of
Madison/Standard Electric 401(k) Plan
Warren, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the financial statements of Madison/Standard Electric 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Madison/Standard Electric 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Madison/Standard Electric 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Madison/Standard Electric 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Madison/Standard Electric 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Madison/Standard Electric 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – December 31, 2022 and Schedule H line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Madison/Standard Electric 401(k) Plan
Notes to the Financial Statements
For the Years Ended December 31, 2022 and 2021

NOTE:

1. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of Madison/Standard Electric 401(k) Plan (the "Plan") are prepared under the accrual method of accounting.

Investments – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses – Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses in the amount of $115,351 were shown on the Statement of Changes in Net Assets Available for Benefits. This amount represents administrative costs paid to Prudential Retirement Services, investment advisors, and other service providers. The employer absorbs all other costs of the Plan. Expenses that are paid by the employer are excluded from these financial statements.

Risk and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Uncertainty from Pandemic – There has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Subsequent Events – The Plan has evaluated events and transactions that occurred through October 9, 2023, which is the date the financial statements were available for issue.

2. Plan Description

The following description of the Madison/Standard Electric 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Madison/Standard Electric 401(k) Plan
Notes to the Financial Statements (Continued)
For the Years Ended December 31, 2022 and 2021

NOTE:

2. Plan Description (Continued)

General – The Plan is a defined contribution plan established by Madison Electric Company, Standard Electric Company and M & S Data Service Corporation (collectively, the "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility – Employees of the Employer who have completed one year of service and are 21 years of age or older are eligible to participate in the Plan.

Contributions – Contributions to participants' accounts may be made through voluntary reductions in their compensation, rollover contributions from other qualified plans, as well as discretionary employer matching contributions. Employees participating in the Plan may contribute up to 20% of their before-tax compensation up to the limit in effect for the year ($20,500 in 2022). During 2022, the Employer matched 20% of the participant's contribution up to 20% of eligible participant wages. Participants aged fifty or older may make an additional "catch-up" contribution ($6,500 for 2022). All employer and employee contributions are invested in the investment options as directed by the participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the (a) Employer's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions are invested based on participant-directed investment programs.

Investment Options – Participants' accounts are self-directed within a limited number of mutual funds. Each active participant's account is credited with the participant's elective wage deferral, an allocation of the employer's contributions and plan earnings.

Vesting – Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the portion of their accounts funded by employer's matching contributions plus earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures – As of December 31, 2022 and 2021 forfeited non-vested amounts totaled $10,413 and $2,185, respectively. These amounts will be used to offset future administrative expenses or Employer contributions. For the year ended December 31, 2022, eligible Employer contributions were reduced by $0 from forfeited accounts.

Payment of Benefits – Participants or their beneficiaries may receive distributions of their vested account balances in a lump sum upon the earlier of reaching age 59 1/2, disability, death, or termination of service, as defined in the Plan. Further, the Trustee may permit a participant who experiences a qualified financial hardship, as defined by the Plan, to receive a distribution of all or a portion of the participant's elective account balance.

Included in the net assets available for benefits at December 31, 2022 and 2021 are balances due to participants who had terminated employment with the employer, as such they are no longer participating. These accounts are payable on request.

NOTE:

2. Plan Description (Continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

3. Related Party and Party-In-Interest Transactions

Certain Plan investments are held in shares of funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions are considered to be party-in-interest transactions. Fees are paid to the asset custodian and the Plan uses the staff, resources, and facilities of the Plan Sponsor to perform certain administrative activities related to the Plan. These transactions qualify as party-in-interest transactions. Participant notes receivable are also classified as party-in-interest transactions.

4. Tax Status

The Plan adopted a prototype defined contribution plan and trust. The prototype plan received a favorable opinion letter from the IRS dated June 30, 2020, in which the Internal Revenue Service stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator believes that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the plan was qualified, and the related trust was tax-exempt at the financial statement date.

5. Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Certification of Financial Information

The following information included in the accompanying financial statements and supplementary schedules as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company and Prudential Trust Company, the trustees of the Plan: investments at fair value, notes receivable from participants, interest and dividends, and net appreciation/depreciation in fair value of investments. Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from July 1, 2022, to December 31, 2022, and Prudential Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2021, and for the period January 1, 2021, to June 30, 2022.

7. Nonparticipating Participant Account Balances

Included in the net assets available for benefits at December 31, 2022 and 2021 are balances due to participants who had terminated employment with the employer, as such they are no longer participating. These accounts are payable on request.

NOTE:

8. Guaranteed Income Fund

A portion of the Plan's investments are maintained in Prudential Guaranteed Income Fund (GIF), a group annuity product issued by Evergreen Group Annuity totaling $0 and $9,208,470 at December 31, 2022 and 2021, respectively. Evergreen Group Annuity maintains the contributions in a general account. Guarantees are based on the claims-paying ability of the issuing company.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at Contract Value within reasonable timeframes. Contract Value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Contract Value is also often referred to as "Book Value". The contract is affected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, Prudential considers this contract to be benefit responsive.

Generally, there are not any events that could limit the ability of the plan to transact at Contract Value paid within 90 days or Contract Value paid over time. There are not any events that allow the issuer to terminate the contract, and which require the plan sponsor to settle at an amount different than Contract Value paid either within 90 days or over time.

9. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable input (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds: Valued at the closing price reported in the active market in which the mutual fund is traded.

Pooled separate accounts: Valued at the sum of the net asset value of all the fund's underlying investments.

NOTE:

9. Fair Value Measurements (Continued)

Common/Collective Trusts: The fair value of participation units held in common/collective trust funds are based upon their net asset values as reported by the managers of the common/collective trust funds and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the balances of the assets and liabilities measured at fair value on a recurring basis as of December 31, 2022 and 2021:

		Fair Value Measurements For the Year Ended December 31, 2022		
	Amount	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	$ 31,036,138	$ 31,036,138	$ 0	$ 0
Investments measured at Net asset value – Common/collective trusts (a)	3,577,108			
Total investments at fair value	$ 34,613,246			

		Fair Value Measurements For the Year Ended December 31, 2021		
	Amount	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:				
Mutual funds	$ 16,329,919	$ 16,329,919	$ 0	$ 0
Pooled separate accounts	23,099,451	23,099,451	0	0
Total investments at fair value	$ 39,429,370	$ 39,429,370	$ 0	$ 0

(a) In accordance with ASC 820-10, these investments are measured at fair value using the NAV per share practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented on the Statements of Net Assets Available for Plan Benefits. There are no unfunded commitments with respect to these investments as of December 31, 2022 and 2021. Also, these investments have daily investment frequency and a one-day redemption notice period.
