Southern Pines, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Trident Management, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trident Management, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trident Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of Trident Management, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trident Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN:

The following describes the Trident Management, Inc. 401(k) Profit Sharing Plan (the Plan). This description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is sponsored by Trident Management, Inc. (the Employer).

General - The Plan is a defined contribution retirement savings plan under Section 401(k) of the Internal Revenue Code and covers all employees who have at least six months of service. Employees are eligible for Employer contributions upon completion of one year of service. Entry dates for both participant and employer contributions is either January 1 or July 1 upon completion of above tenure. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is not covered by the Pension Benefit Guarantee Corporation. Additionally, the Plan's assets have no other form of insurance. The Plan provides several investment options, all of which are participant directed.

Contributions - Salary deferral contributions may be made by all eligible employees. Salary deferral contributions shall not exceed the amounts prescribed by the Secretary of the Treasury. Contributions in excess of allowable amounts are refunded to the participant. The Employer matches contributions under a safe harbor percentage which is 100 percent of the participant's elective deferrals up to the first 3 percent of the participant's compensation, plus 50 percent of the participant's elective deferrals up to the next 2 percent of the participant's compensation. The Employer may also make an additional discretionary profit-sharing contribution determined at the end of year plan year. No additional discretionary contributions were made during the years ended December 31, 2022 and 2021.

Participant accounts - Each participant's account is credited with the participant's contributions, the Employer's contributions, and the net earnings or losses of the participant's investment account. Allocated earnings are based on participant account balances as defined in the Plan. The benefits to which a participant is entitled are the benefits that can be provided from the participant's account. Changes in the underlying value of investments selected by participants will affect the benefits to which a participant is entitled.

Vesting - Each participant is immediately 100 percent vested in his or her salary deferred contribution, Employer safe harbor contributions, and related earnings.

A participant is 100 percent vested in Employer's matching and nonelective contributions upon attaining normal retirement age, or if employment terminates as a result of death or disability. If a participant's employment terminates prior to retirement for any reason other than death or

disability, then vesting is based on a service-year schedule, with vesting in increments of 20 percent per year, until the participant is fully vested in the sixth year.

Payment of benefits - Participants are eligible for the payment of benefits in the event of separation of service, death or disability, retirement and severe financial hardship, as well as for in-service disbursements once the participant has achieved the age of 59 and 1/2 and is fully vested. Upon termination of employment with the Employer, any participant account with a vested account balance that is less than \$5,000 will automatically be paid to the participant as a lump sum distribution unless otherwise directed by the terminated employee/participant.

Forfeitures - All participant non-vested forfeitures are used to reduce future Employer matching contributions.

Administrative expenses - Administrative expenses of the Plan are paid by the Plan and the Employer.

Notes receivable from participants - The Plan allows for loans to participants which would be secured by the balance in the participant's account and bear interest at market rates. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or fifty percent of their account balance. The loans would be repaid ratably through weekly or bi-weekly payroll deductions over the terms of the loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments - The Plan's investment securities are stated at fair value, based on quoted market prices. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31,	
	2022	2021
Assets:		
Pooled separate accounts	\$3,295,704	\$4,126,637
Notes receivable from participants	\$71,443	\$75,042
	Year ended December 31,	
	2022	2021
Investment income/ (loss):		
Net gains on pooled separate accounts	\$ -	\$354,444
Interest and dividends on pooled separate accounts	2,488	-
	<u>\$2,488</u>	<u>\$354,444</u>
Interest on notes receivable from participants	<u>\$5,336</u>	<u>\$4,777</u>
Investment loss:		
Net losses on pooled separate accounts	\$659,515	\$ -
Other loss	7	-
	<u>\$659,522</u>	<u>\$ -</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS:

The Fair Value Measurements Topic of the Financial Accounting Standards Board ("FASB") Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liabilities have a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following summarizes investments measured at fair value based on NAV share as of December 31:

5. INCOME TAX STATUS:

The Plan is adopted from a Prototype Plan. An opinion letter was issued by the National Office of the Internal Revenue Service as evidence of the acceptability of the form of the Prototype Plan under Code Section 401. An employer who accepts the Prototype Plan will be considered to have qualified plan only if the conditions of the Prototype opinion letter are satisfied. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more than likely would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for tax returns filed for years prior to 2019.

The following were the differences between the 2022 financial statements and the 2022 Form 5500:

	Statement of Changes in Net Assets Available For Plan Benefits	Form 5500	Difference

The following were the differences between the 2021 financial statements and the 2021 Form 5500:

	Statement of Changes in Net Assets Available For Plan Benefits	Form 5500	Difference
Net gains on pooled separate accounts	<u>\$354,444</u>	<u>\$350,776</u>	\$3,668
Notes receivable from participants	<u>\$ -</u>	<u>\$3,668</u>	(\$3,668)
			<u>\$ -</u>

6. PLAN TERMINATION:

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. FORFEITURES:

As of December 31, 2022 and 2021 the Plan did not have any forfeiture amounts available. During the year ended December 31, 2022 and 2021, no forfeitures were used.

8. PARTIES-IN-INTEREST:

Party-in-interest transactions occurred with the Plan's auditors. The Employer pays the auditor's fees.

9. RISKS AND UNCERTAINTIES:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS:

Events and transactions occurring after December 31, 2021 have been evaluated to determine proper recognition and disclosure in the financial statements. Subsequent events and transactions were evaluated through October 5, 2023, which represents the date the financial statements were available to be issued.
