Independent Auditor's Report

Plan Administrator and Participants
Care Solutions, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Care Solutions, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the 2022 accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 28, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Care Solutions, LLC 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Care Solutions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering substantially all employees of facilities managed by Care Solutions, LLC and certain affiliates (collectively, the "Company" or "Plan Sponsor"). The Plan excludes employees classified as per-diem and pay-in-lieu of employees, leased employees, non-resident aliens and employees covered by a collective bargaining agreement. All other employees are eligible to participate in the Plan upon the first day of the month after completing one hour of service and the attainment of age 21. The employees are generally eligible for a discretionary match and profit-sharing employer contribution upon the first day of the month after completing 180 days of service and attainment of age 21. Employees must also be employed on the last day of the Plan year to receive either a discretionary match or profit-sharing employer contribution unless they have become disabled, obtained normal retirement age or have died. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During the year ended December 31, 2021 transfers of assets into the Plan of \$24,324 and out of the Plan of \$43,826 are the result of participants changing employment positions between the Plan Sponsor and one of the Plan Sponsor's affiliated entities. These affiliated entities of the Plan Sponsor manage separate defined contribution plans.

At December 31, 2022 Plan assets are held by Empower Annuity Insurance Company of America, the trustee and custodian. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively "Great-West") were previously the trustees and custodians of the Plan.

b. Contributions

Eligible employees may pay into the Plan as a salary reduction contribution up to the annual maximum allowed by the Internal Revenue Code (\$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively). Individuals aged 50 or older are eligible to make additional annual catch-up contributions to a maximum of \$6,500 for the years ended 2022 and 2021. Roth and rollover contributions are also permitted.

Employees who attain eligibility status will be automatically enrolled with a 3% pre-tax contribution unless they elect otherwise. Automatically enrolled participants have their contributions invested in a designated balanced fund until changed by the participant. On the first day of the plan year, their contributions will increase by 1% each year up to a maximum of 10%.

The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participants' election deferrals. The Company elected to make matching contributions of \$382,018 and \$402,556 for the years ended December 31, 2022 and 2021, respectively. The Company can make a discretionary profit-sharing contribution. For the years ended December 31, 2022 and 2021, the Company did not make discretionary profit-sharing contributions.

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 1 - Description of Plan - Continued

c. Vesting

Participants are immediately 100% vested in their own contributions to the Plan and earnings thereon.

Vesting in the Company contributions, if any, is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

d. Administrative Costs

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of loans to participants are charged directly to the participant's account. Investment related expenses are included in net investment appreciation.

e. Forfeitures

A forfeiture is the non-vested portion of a participant's account which the participant loses upon termination of employment. Forfeitures are used to reduce employer contributions to the Plan or pay Plan expenses. Forfeitures totaling \$25,338 and \$53,103 were used to reduce administrative expenses or employer contributions to the Plan during the years ended December 31, 2022 and 2021, respectively. Net assets available for benefits include \$109,854 and \$101,017 of forfeitures at December 31, 2022 and 2021, respectively.

f. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000. The largest amount that may be borrowed is 50% of the participant's vested account balance to a maximum of \$50,000. However, the \$50,000 maximum will be reduced by the highest outstanding loan balance the participant had during the previous 12-month period. The loan interest rate shall be the current prime rate in effect the month in which the loan is originated. Loan terms range up to five years or longer if used for the purchase of a principal residence. Loan repayments are made in equal installments through payroll deductions. At December 31, 2022, the interest rate on outstanding loans ranged from 3.25% to 7%.

g. Payment of Benefits

Upon termination of service, the participant is entitled to the value of their vested account balance in the form of a lump sum distribution. The Plan allows for in-service distributions if a participant reached age 59 ½ and hardship distributions subject to Plan provisions. If a participant terminated employment and the participant's account balance does not exceed \$5,000, the plan administrator will authorize the benefit payment without the participant's consent.

h. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of; (a) the Company's contribution, and (b) investment earnings, and charged with allocations of; (a) investment losses, and (b) expenses. Allocations are based on participant compensation, account

balances, or account activity, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan - Continued

i. Excess Contributions Payable

The Plan selected the refund method to satisfy the compliance test for the years ended December 31, 2022 and 2021. For the Plan years ended December 31, 2022 and 2021, \$13,575 and \$0 of excess contributions and attributable earnings were refunded to participants, respectively.

j. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The Plan maintains its accounting records on the accrual basis of accounting.

b. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c. Payments of benefits

Benefits are recorded when paid.

d. Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts which are stated at contract value - see Note 4). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and trustees.

Purchases and sale of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value (net investment gain or loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Notes Receivable from Participants

Notes receivable from participants ("notes") are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has

been recorded as of December 31, 2022 and 2021. Delinquent notes are recorded as distributions on the basis of the terms of the Plan agreement.

Note 2 - Summary of Significant Accounting Policies - Continued

f. Subsequent Events

Subsequent events have been evaluated through October 12, 2023 the date the financial statements were approved and authorized for issue by the Plan Administrator.

Note 3 - Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Reliance Trust Company, Great-West, and the Empower Annuity Insurance Company of America, the trustees of the Plan. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following investments and income, gains, and losses:

	Years Ended December 31,	
	2022	2021
Investments, at fair value	\$ 28,667,701	\$ 35,286,711
Investments, at contract value	\$ 4,759,448	\$ 4,443,845
Investment income (loss)		
Interest and dividends on investments	\$ 1,465,282	\$ 1,599,517
Interest on notes receivable from participants	\$ 26,074	\$ 23,844
Net appreciation (depreciation)	\$ (6,890,723)	\$ 2,216,818

Note 4 - Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements)

The three levels of the fair value hierarchy under the Topic are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Care Solutions, LLC 401(k) Plan

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note 4 - Fair Value Measurements - Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Care Solutions, LLC 401(k) Plan

Total investments measured at fair value	\$ 35,286,711	\$ -	\$ -	\$ 35,286,711

Note 5 - Group Annuity Contract

The Plan invests in the MassMutual Separate Account Guaranteed Interest Contract ("SAGIC") Diversified Bond I account which is a fully benefit-responsive investment contract with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at Contract Value.

The average yield earned is calculated by dividing the annual interest credited to the Plan during the plan year by the average annual fair value. The average yield earned by the Plan and average interest rate credited to the participants for the year ended December 31, 2022 and 2021 was 3.78% and 3.10%, respectively.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; and (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

Note 6 - Related Party and Party-In-Interest Transactions

Certain administrative functions are performed by employees of the Plan sponsor who do not receive compensation for such functions.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. Their loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Note 7 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the prototype document preparer by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the IRS letter, however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be realized. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.
